this Con-

gress was conceived, organized and brought to a successful fruition by the Touring Club of France, a body having no direct interest in the promotion of Forestry. This club, composed of some of the most influential men in France, realized the esthetic value of the forest to the nation—a point which is almost entirely overlooked in Canada at present. If in Canada, as in Europe, our rail-ways and national highways were bordered by beautiful tracts of forest-land, instead of the bare, barren, fire-swept wastes so prevalent at present, the money value of such an influence on the mind of the tourists would not be the least advantage to be derived from such forests.

### Trade Topic.

This year the "Bissell" Exhibit of Disk Harrows and Steel Land Rollers will be grouped with the John Deere Plow Co. Farm Machinery, at the Toronto Ex-hibition. Friends of the Bissell Com-pany will remember the location. This will be the 25th annual exhibit at To-ronto Fair by T. E. Bissell without a break, which is a pretty good record for attendance.

### Sheep and Hogs at Brandon.

Eastern exhibitors won many prizes at Brandon's Dominion exhibition in the classes for sheep and hogs.

There were 240 entries in the sheep classes, and there were few entries but were of a fine type, making the best exhibit of sheep that will be seen in the West this year, and in but a couple of breeds was there a lack of competition. T. A. Cox was the only exhibitor of Hampshire Downs and Cotswolds, while in Shropshires he took all awards except fifth place in aged rams, which went to John Campbell, of Brandon.

Suffolks.—Awards:

Ram, aged—1. J. D. McGregor; 2 and 3. Jas. Bowman.

Ewe, shearling—1, T. A. Cox; 2 and 3, A. B. Potter.

Ewe lamb—1 and 3, A. B. Potter; 2 and 4, T. A. Cox.

Champion ewe—T. A. Cox.

Pen—1, T. A. Cox; 2, A. B. Potter.

Southdowns.—In Southdowns, Robt. McEwen, Byron, and T. A. Cox, Brantford, exhibited. The display was good.

# A Good Silo soon pays for itself whether you are keeping cows for dairy purposes or you are a stock raiser.

It has repeatedly been stated by some of the best posted authorities on farm economics that even if a dairyman or stock raiser had to buy a silo every year he would still be money ahead. There is absolutely no question about the advantage of erecting a silo. It insures for the dairyman a larger milk flow in the winter or during dry weather and takes the place of grass for steers or sheep during drought.

If you are considering the silo question, a little investigation must convince you that the IDEAL GREEN FEED SILO will give you the best service and keep your silage in the best condition.

All our silo staves are thoroughly air dried and then saturated with a solution which prevents rot and decay and adds many years to the life of the silo.

You will find our new silo book contains much information about the erection of silos and the many advantages of silage, and we will be very glad to send this book to any cow owner upon request.
