We wish to call attention to ONION SEED. It has ever been our prac-tice, owing to the force of cli-matic influences, to raise full

sized On. o from Sets, e-diing, or Buttons, as they are indifferently called, the growth of the proceeding year, and not direct from the seed proper; as a result in a long series of years, generating generations of Onions, a habit has been conand established of precocious bulbing; consequently (black) seed raised here in Southwestern corner of Pennsylvania, when transported northward car-ries with it, it is believed, the fixed habit of early ripening, and crops of large onions, it is confidently predicted may be produced at the north, from such seed in advance of the season, and free from the "stiff-necks" so abundantly produced by seed

An experiment the present season, made with the Bleomsdale strain of Early Reds in Wisconsin, in latitude 48° (north of lat. of Toronto, Canada), gave the most surprizing results; another with the same variety in Nebraska, latitude 45° excited the highest admiration-not a single stiff-neck was ob

These facts are at least highly suggestive and merit the examination of NORTHERN and NORTHmerit the examination of NORTHERN and NORTH-WESTERN onion growers and dealers in seed.

We especially commend the EARLY RED—it is incomparably superior to the "Wethersfield" or "New England Red" Two other good sorts are the Yellow Strasburg or Dutch, and the pure White or Silver Skin. Prices (unprecedently low) on application. 1500 Acres in Seeds. Send for catologue.

FIRST VOLUME.

Being a History of the Rise and Progress of Methodism in Nova Scotia, New Brunswick, Prince Edward Island, Newfoundland, and the Bermudas, with collateral facts and characters in these Provinces, down to the year 1813. The second volume, now being prepared by the author, will bring the History down to the period of Union-the year 1874.

Impartial readers, not members of the Methodist Church-men of high literary standing-have pronounced this the best History Nova Scotia has ever produced.

The Book has been put in the Market at a price which covers but little more than the actual expense incurred by the author in its publication.

The style is clear, methodical and often eloquent. As an accurate epitome of dates and circumstances, it has been verified by competent judges.

NOTICES OF THE PRESS. The Churches in Nova Scotia, New Brunswick, Prince Edward Island, and the Bermudas have found a painstaking historian in Mr. Watson Smith, who traces their rise and progress, and chronicles the names and doings of the pioneer missionaries with loving care.—Recorder, London.

If our readers want to possess a history of heroic struggles and glorious triumphs let them procure this book. We trust that it will have a wide circulation, especially

among those for whom it is chiefly written.—Argus, Charlottetown As Methodism in the East and West is now consolidated into one organization, this history of Mr Smith's is well adapted to make the Methodists of the West better acquainted with the origin and history of Methodism in the East, and thus bring them into closer sympathy with the work of our brethren in the East. A fuller knowledge of that work will be a bond of fraternity and unity. The volume is highly creditable to both the author and the publisher. It is got up in good style. We bespeak for it the late Rev, John Lomas. By Thomas | a wide circulation among the readers of the "Guardian" - Guardian, Toronto.

> Is invaluable as a repository of the annals of Methodism in this country. It opens with a judicious chapter on the Origin and Characteristics of Methodism, and then, chapter after chapter gives the history of the evangelistic efforts and operations of the Methodists, from 1769 to 1813. Mr Smith has evidently bestowed great pains on this work It is minute and comprehensive and appears to do ample justice to the subject. We trust his services will be heartily appreciated and that he will thus be encouraged to prosecute a task for which he seems peculiarly well qualified. - Presbyterian

> It is needless to say that the book is interesting, especially so to our Methodist friends While the main object kept in view by the author has been to present an authentic and reliable history of Wesleyan Methodism, he has necessarily embodied in his narrative many historical facts of a general character, bearing upon the condition of the country socially, morally and religiously, which are calculated to render it valuable as a history to people generally as well as to Methodists. The book is deserted ing of a wide circulation and careful perusal.—Chronicle, Halifax.

Its typographical appearance reflects credit upon the establishment from which it emanates. The work is ably written, and the information to be derived from it is invaluable.—Reporter, Fredericton.

This work will be found a most interesting volume, especially to Methodists. The time for its appearance had fully come. Such works as Mr. Smith's, connect them selves with general literature, and they become of interest, not merely to the denomi nations whose careers they describe but to every one interested in traing the rise and progress of a people.—Reporter, Halifax.

We recommend our readers to procure it for themselves. It will do good both to their heads and their hearts - Canada Methodist Magazine. It would be a means of grace, as well as a source of valuable information to our cople; and ought to be in every Methodist family.—Rev. C. Stewart, D. D. Prof. of

Theology, Mt. Allison. This book ought to be in every Methodist Sabbath School, side by side with the first books in real merit.—Rev. D. D. Currie.

Be sure to order by the above full title, and do not accept instead of this, the MODERN SCHOOL, which is an older book, by the same author. Mr. Richardson's opinion of the merits of this first effort may be gathered from the following, taking from the Preface of the NEW METHOD :-

" Becoming at length satisfied of the truth of these criticisms (by many eminent composers and professors), and convinced that great improvements were obviously needed, I determined, if possible, to remedy the defects. Profiting by the experience and advice of the best practical teachers, I commended a thorough and critical examination of my first method, and concluded that the only remedy would be to bring out a new work on an improved

This new work, substituted for the defective Modern School was Richardson's. NEW METHOD FOR THE PIANOFORTE which has been revised and re-revised, until it is the most perfect of music books, is a great favorite with the prefession, and is the only true " Richard-
