

SAWYER-MASSEY 11-22 GAS-OIL TRACTOR

THE SAWYER-MASSEY eighty-year reputation for quality is behind this machine. The Sawyer-Massey intimate knowledge of the Canadian farmer's need is in it.

It has a vertical 4-cylinder valve-in-head motor, equipped with air cleaner, high tension magnets and one adjustment carbureter.

The radiator is of unusually large capacity. Water circulation is positive.

Power is delivered to both traction wheels and 75% of the tractor weight rests on the rear wheels.

Owners have found that these features have a direct bearing on the simple operation and long, reliable service given by the machine.

Our Bulletin No. 321 describes this Tractor. Bulletins describing our 17-34, 20-40 and 27-50 Tractors are also available.
