

# The Problem of Winter Feeding

You are now facing the problem of Winter feeding, and it is one worthy of great consideration if you value the health of your stock and hope to keep them in proper condition until the Spring.

Once the animals are tied up for the winter they are immediately deprived of exercise, green grass and various herbs, which they have been accustomed to during the Spring, Summer and Fall, while on the free range—and which acts as natural tonics to the digestive organs, thus helping the animals to assimilate the food they eat. Stall feeding is entirely different and if not properly carried out will uncondition any stock. Dry or Winter feed, even of the best, if not mixed with ingredients to promote digestion soon causes stomach troubles, and your animals cease to thrive, with the result that Spring finds your herds and your profits in grave danger of being depleted.

Don't risk having unfit stock.

# INTERNATIONAL STOCK FOOD TONIC

TO ALL YOUR ANIMALS DURING THE WINTER

### FOR YOUR HORSES

Keeps horses thrifty and healthy, with nice glossy coats. If you have a horse that is hide-bound, rough, off its feed, or in a run-down condition, use **International Stock Food Tonic**. The remarkably quick results obtained will be evident in the improved all-round condition and appearance of the animal.

### FOR YOUR COWS

**International Stock Food Tonic** tones up the sluggish digestive organs of your milk cows, assisting them to extract all the milk-producing substances from the food. The cows thus give a larger flow of richer milk.

**International Stock Food Tonic** increases your hog profits by giving quick growth and by keeping hogs healthy. It is not what a hog eats but what is digested and assimilated that means rapid growth and profitable feeding.

**International Stock Food Tonic** is just the thing for young stock. It helps to promote rapid growth and makes all stock more productive. The best recommendation for **International Stock Food Tonic** is the number of farmers, ranchers and stockmen who use it. I must say this: "There is no better  
animal tonic than your **International

I have used **International Stock Food  
Tonic** for five years now and it is a  
fine preparation for all animals, espe-  
cially for over-worked horses to build  
them up again, besides, which, it is  
reasonable to purchase.

Waterville, Que.  
I have always found your **Stock Food  
Tonic** to be a valuable Tonic on my farm,  
and I have now used it for the past  
five years and have not had a sick  
horse or cow for one single day in that  
time. My six cows are as fat and  
healthy now as at any time in the sum-  
mer and are always ready for their  
feed, and am certain they are giving  
more milk than other folks' cows who  
don't feed **International Stock Food  
Tonic**, as it keeps the animals healthy  
and in good shape, whether horses or  
cows or pigs.
