A NALYSIS OF MINERAL WATER OF A POINT DU JOUR.—From Mr. Hunt's Analysus of the Water of the Mineral Spring at Point du Jour, near L'Assomption, i infer that it will prove a valuable addition to those already discovered in Canada.

It appears to be well adapted to cases of scrofula, diseases of the akin, gout, rheumatism, and dyspeptic complaints generally.

Mineral Water to be useful should be taken for some time, and when it seems to lose its effect, that from another apring should be substituted; and one not agreeing with an individual, another may act kindly and effectually. Weak and delicate persons should seek the advice of a physician with regard to the employment of these waters.—It would be a great blessing to society if these productions from the laboratory of nature were to supersede the vile and heterogenous compounds, with which the world is cursed, under the name of "Patent Medicines." GLISH, AMERICAN and GERMAN FABRICS, for Sale by the Package, and to from the different Manufacturers.
