

HURONIC IS SAFE, WIRELESS FAILED

No Occasion for Worry at All Said Captain of Big Boat.

A special despatch last night from Sault Ste. Marie, said:—

The steamer *Huronic*, Capt. Campbell, arrived at the Soo at 10 o'clock last night, 36 hours late, owing to a terrific gale which raged on Lake Superior Saturday night and all day Sunday. When out from Port Arthur about fifteen miles, the vessel encountered the worst gale of the season, but there was no occasion for the alarm caused by false reports of the wrecking of the steamer. For some reason or other the wireless apparatus on board failed to work satisfactorily, and this communication with the Soo was cut off. Later communication was picked up with the Lakeland, as she was near Port Arthur. Owing to a snowstorm accompanying the gale it was thought wise to seek shelter rather than take the ordinary course in mid-lake, consequently, Capt. "Andy" Campbell took the north shore course, sailing under the lee of the shore by Thunder Cape, via Lamb Island, Battle Island and the States.

This course is usually taken during a severe storm, and it was thought better to seek shelter in the bay off Jackfish Point rather than run any risks in an endeavor to reach the Soo and remain here for an equal length of time. The *Huronic* is considered one of the most seaworthy boats of the Northern Navigation Company's fleet, and might have made better time, only that the boat was very light. Ten other boats took the same course and are also delayed on the trip. Among these are the *Pan A.*, the *Sahara*, John Stanton, Fairmount, W. D. Matthews, the *Bayfield*, *Lambton* and *Van Allan*.

Apart from the inconvenience of the delay on the trip, the passengers on the *Huronic* were unconcerned, and were quite surprised and not a little annoyed, at reports that had been spread broadcast. During the short stay here nearly every passenger on board took time to wire relatives that everything was all right. One hundred passengers in all were on board.

MAUDE ADAMS MAKING PLANS

Maude Adams, who was on a Grand Theatre last Friday, it is understood, preparing to wind up her stage career. She has unannounced plans that will cover practically the remainder of her stage life. No actress has probably been so dearly loved on the American stage. She has lived closer to the heart of America than any of her rivals.

For the next three seasons Miss Adams will devote herself to plays by J. M. Barrie that are now in hand. After that she will appear in repertoire and we shall once more have the opportunity to see her as Lady Rabbie in "The Little Minister" as well as in a number of other roles. It is understood that the remainder of her career will be devoted exclusively to the plays of Mr. Barrie—ones which, "The Legend of Leonora," will be played in rehearsal in December when she plays her annual New York engagement.

SHE WAS HELPLESS FOR TWO YEARS

Why Mrs. Baldwin Recommends Dodd's Kidney Pills.

She Could Find Nothing to Cure Her Rheumatism Till on a Neighbor's Advice She Tried Dodd's Kidney Pills.

ST. WALBURG, Sask., Sept. 22.—(Special)—"I can truly recommend Dodd's Kidney Pills for any one suffering from rheumatism." These are the words of Mrs. W. A. Baldwin, a highly respected resident of this place. And Mrs. Baldwin gives her reasons.

"I was nearly helpless with rheumatism for two years," she states, "I got medicine from the doctor and tried several other remedies, but nothing helped me. Then one of my neighbors advised me to try Dodd's Kidney Pills. I bought four boxes and they helped almost from the first. I have used nearly two dozen boxes and am nearly cured."

"That rheumatism is one of the results of diseased kidneys is again shown in Mrs. Baldwin's case. She had headaches, stiffness of the joints, and backache, her sleep was broken and unrefreshing, and she was always tired and nervous. Her limbs swelled and she was always thirsty. These are all symptoms of diseased kidneys. When she cured her kidneys with Dodd's Kidney Pills, the symptoms vanished—and so did the rheumatism."

CITY HOCKEY WILL BE A HUMMER THIS YEAR

Eagle Place Stars Getting Ready to Place Strong Team on the Ice.

In about two weeks a meeting will be called to organize the City Hockey League for the winter, and there is every prospect that the season will be a banner one. In fact it may be necessary this year to form the league into two sections, and there will likely be a junior series as well. The committee of the Eagle Place Stars met last night and decided to enter the city league. They are already securing players. The team will practice at Tutela Park, which will be fitted up better than ever this year for skating. The Stars will clear officers at a meeting in the near future.

Berlin Has Gone Tango Mad

BERLIN, Sept. 23.—Berlin has gone "tango mad." In cabarets, cafes, dance halls, casinos and the "high-toned" resorts of the capital, the gay night life, one hears nothing but the "tango" and rag-time strains and dances. With a police proclamation interdicting the "Wackel" and "Shicbe" dances—a Germanized form of "bunny" or "Turkey" trot—and a "grizzly bear" everybody is throwing themselves into the tango. Much to the dismay not to say disgust, of the "cultured," the dance tunes are crowding out the more classical music and grand opera airs even in drawing rooms and musical teas, where it would hardly be expected.

Brahms, Beethoven, Liszt and Wagner stand no chance against "tango." Learned professors rave about the "froth" that America is introducing and musical critics may tear their long hair and wail about the "degeneration of the public's musical taste," the "peepal" continue to cry for tango and get it.

In order to get "tango" on to some of the dancing programmes in places where they would like to dance it, but fear the "high society" Mother Grundys, the report is being spread that the Crown Prince is learning tango. But so far the music and dances continue to be tabooed from all official and high social functions.

GRIFITH TACKLED WRONG UMPIRE IN BILLY EVANS

Clark Griffith got after the wrong umpire a few days ago and as a result he and Billy Evans are not in "speaking terms" these days. Billy Evans was umpiring the Washington-Philadelphia series. He rendered a close decision at second in favor of the Athletics and when the inning ended, Griffith remarked to him: "Well, I suppose you are assuring your job in the world's series by your decision here."

Quick as a flash, Evans turned and started toward the bench where Griffith was sitting. His face was flushed with anger, and his fists were clenched. "Get out of the grounds," he commanded, and Griffith got up and walked towards the gate which opens beyond the stand. Both were in angry conversation and decidedly excited. Griffith left the field and returned in about 20 minutes in citizen's clothes. Mr. Brice went over to consult him, but Evans stopped the game and ordered Mr. Brice to the bench.

NOTHING IN RUMOR, SAYS L. E. & N. OFFICIAL

Port Dover Maple Leaf Hears About Operations at Port.

(Port Dover Maple Leaf)

Anything about the railways is of interest just now, and we give the following for what it is worth. It has been a source of wonder why the L. E. and N. Ry. has not purchased the right of way in the town especially as their grading gangs are as close to it as they are now.

This rumor is to the effect that the Company are about to arrange for running powers over the G. T. R. tracks from the point where the two roads would meet if the present graded line of the Lake Erie road were continued on in a straight line to meet the G. T. R. just above the school house and then use the G. T. R. tracks to the station thus having the necessity of cutting up our streets and providing at the same time the great boon of a union station very conveniently situated.

If this rumor should prove true it should be quite satisfactory to our citizens, or at any rate the great majority of them.

The rumor comes up also more or less persistently that the Canadian Northern is quietly heading for Port Dover via the Danville, Wellandport and Beausville road. If it should turn out to be true there must be something good in store for us when the three greatest railroad corporations in Canada are heading for our town. If these astute and far-seeing men have sufficient faith in our town as to spend a lot of money to get here to do business surely we might feel justified in having more confidence in its future than some of us appear to have now. However, time will tell.

With regard to the above, Lake Erie and Northern promoters who have questioned the accuracy of the rumors.

Church News For the Sunday

The First Baptist Church

The pastor, Rev. Llewellyn Brown, preached at both services yesterday.

The morning theme was "The Growing Church" and was based on Ephesians 2, 21, "groweth into an holy temple in the Lord." There was a large attendance in the Sunday School. Next Sunday will be a rally day and an effort is being made to pass the 500 mark. At the evening service the church was crowded and a hearty service was enjoyed. The singing of a new hymn, "The Temple Hymn" was taken up heartily by the great audience and is sure to prove a favorite.

The choir sang, "The Radiant Morn," Miss E. Phipps sang, "O Lord, Direct Me," by Handel in splendid voice. This young singer is making great progress. Miss Rhea Hutchinson sang, "My Task" in a way that fitted in as excellent conclusion to the sermon which was based on the question, "What is religion?"

DUFFERINS HELD GOOD PARADE

Regiment is Getting Into Fine Shape—Parade Slate 375.

Now that autumn has made its appearance in the passing spell of enjoyable weather the military microbe is beginning to show signs of life again. In consequence, the armoured have forsaken their dreary appearance of summer quietness and are showing signs of great activity. For the past week, recruit classes have been hard at work in preparation for the Fall drill and Sergeant Major Oxtaby and his able assistants have worked hard to get the recruits in shape to appear on parade. The officers, non-coms and privates have been on the still hunt for recruits for the regiment, and their labors were not in vain, for the parade last night showed an attendance of 375. The Dufferin Rifles are making a great showing as will be seen by the number who were on parade last night.

The signal corps were given special instructions in the men's mess rooms. Before the march out, a number of the companies were marched out on the green near the armouries and were put through an hour's drill by their respective commanders.

The March Out.

Shortly after 9 o'clock the regiment formed up, headed by their brass and bugle bands and marched to the market square, where the regiment was put through manoeuvres, which lasted until 10 o'clock. They were again formed up, and marched back to the armouries, when they were dismissed. Both the bugle band under Sergeant Jas. Miller and the brass band under Bandmaster F. C. Johnson, played well on the line of march. The streets were thronged with people to see the regiment march past, which goes to show the interest the citizens are taking in the regiment.

The parade state was as follows:

A. Co. 53; B. Co. 31; C. Co. 19; D. Co. 34; E. Co. 47; F. Co. 24; G. Co. 14; H. Co. 28; Stretcher Bearers, 17; Signallers, 28; Staff Sergeants, 5; Recruits, 31; Bugle Band, 35; Brass Band, 38; Officers, 5; Total 375.
