Milk For Under Nourished Children

An average gain in weight of three pounds in forty days, as a result of milk feeding, was recorded in the Jesse Ketchum School, Toronto, where 48 under-nourished children were given half a pint of milk a day. The greatest individual gain was 8½ pounds. A marked improvement in appearance, disposition, interest and ability was noticed as a result of the milk diet.

"A pint of Ayrshire milk a day,  
For every child they say,  
Builds bone, tooth and muscle,  
Gives strength for a tussle—  
Of course such food will pay."

A very pretty wedding was solemnized in St. Luke's Church, Burlington, Wednesday afternoon at three o'clock, when Miss Gladys Bertha, daughter of Mr. Robert C. and the late Mrs. Fowler, and Mr. Oliver M. Horning of Waterdown, were united in the bonds of matrimony by the Rev. G. W. Tebbs, rector of St. Luke's Church. To the strains of Lohengrin's wedding march, played by Mrs. L. Sykes, organist of the church, the bride entered the church on the arm of her father. She was becomingly attired in a navy blue tailored travelling suit with mohair hat to match, wore a corsage bouquet of sunset roses and lily-of-the-valley, and carried an ivory bound prayer book, the gift of the Rector. She also wore a set of Isabel fox furs, the gift of the groom. The couple were unattended. The ushers were Harry Horning and Stanley Sawell. During the signing of the register, Miss Ada Aspinall, of Toronto, sang a solo very acceptably. The choir also assisted in the service. The church was beautifully decorated with smilax, palms and flowers for the occasion.

After the ceremony the guests returned to "Apple Grove," the home of the bride's father where a dainty buffet luncheon was served. The bride was the recipient of many useful and costly gifts, showing the high esteem in which she is held by her host of friends in the district.
