

As Well as Ever
After Taking Hood's Sarsaparilla

HOOD'S Sarsaparilla CURES

Cured of a Serious Disease.
"I was suffering from what is known as Bright's disease for five years, and for days at a time I have been unable to straighten myself up. I was in bed for three weeks; during that time I had heepest aches and pains, and I was unable to move. I had no appetite, and I lost weight. I had no energy, and I was a miserable creature. I tried many remedies, but they all failed. At last I decided to try Hood's Sarsaparilla. I bought a bottle, and I took it as directed. In a few days I began to feel better. In a week I was able to get up. In a few more days I was able to walk. In a few more days I was able to do my work. I am now as well as ever, and I credit my recovery to Hood's Sarsaparilla. I would advise every sufferer from Bright's disease to try Hood's Sarsaparilla. It is the best medicine for this disease. It is sold by all druggists.

PORTLAND.
MONDAY, April 8.—The show is fast disappearing and every person well comes the warm breezes of the south. Sugar-making is on hand and the farmers are seen treading and fro. from their sugar woods with their sap tubs full of the sweet fluid, and at last everything is under a fair blast. I presume the Newboro and Smith's Falls sale, will get more to do now, as the smiling countenance of the stage driver attracts the attention of the fair sex.
Mr. Willie Myers has returned home after spending several months in Prescott and its surrounding country, peddling medicines for T. K. Scovell.
Last Wednesday morning one of the Portland boys in the person of Mr. E. D. Payman was seen vending his way towards Cranworth, and took from there one of its fairest sex. They, hardly and were united in the bonds of holy matrimony by Mr. French. The happy couple thence proceeded to Smith's Falls, where a sumptuous repast was served, and left on the 4 o'clock train to spend their honeymoon in the "Queen City of the West."
Mr. and Mrs. Adams of Ogdenburgh are the guests of Mrs. Geo. Rogers.

FRANKVILLE.
SATURDAY, April 13.—At the closing session of the Frankville Epworth League, Mr. Jos. Jones, the president, was presented with an address and a handsome bamboo table, as a slight token of esteem and a souvenir of his official term. Although the membership of the League is less numerous than last year, owing to the strict enforcement of the law respecting the pledge, the interest has been well maintained, with unbroken harmony and increasing spiritual life. The Sabbath evening prayer and praise meetings, under the auspices of the League, will go on as usual during the summer.
FRIDAY, April 12.—Mr. H. K. Webster has made an assignment to Mr. Omer Brown, of Delta.
Miss Birdie Vanlore of Delta, is the guest of her brother, Mr. Wm. Vanlorne.
Mr. T. Dowley, we are sorry to report, is very ill with pneumonia. Miss Maud Ducon of Silver Brook is the guest of Mrs. H. K. Webster.
Mr. H. H. Elliot of Queen's College is home for the summer holidays.
Miss Louisa Edger of Toledo was the guest of the post master on Wednesday last.
The public school scholars gave a concert in the school house on Thursday afternoon last. Quite a number of visitors were present and report having an enjoyable time.
The Methodist church was nicely decorated for the Easter service. The choir rendered some suitable selections for the occasion.

DELTA.
MONDAY, April 15.—It has been a long time since our worthy little hamlet has had the pleasure of seeing itself represented in your paper, and therefore I improve this opportunity of giving one part of the news of what the other part is doing.

A Kind Farewell.
We announce with regret this week the departure from Athens of two families, well known and highly esteemed in every walk of village life, viz.: Rev. John Ferguson and family, and Mr. and Mrs. Taylor and family. They have gone to East Hampton, Mass., about ninety miles from Boston. On Friday evening a number of friends met at the home of Mr. and Mrs. Taylor and presented the Mrs. W. H. Tarkin.
DEAR MADAM.—We, the officers and teachers of the Methodist Sunday school, Athens, cannot allow you to depart from our midst without expressing another farewell, and our highest regard and appreciation of your labors as a teacher in our school for so many years. Coming amongst us as you did, a little angel, an entire stranger, you have by your social qualities, your honesty, your faithfulness to your church and school and to your family, gained our deepest love and highest esteem. And now that God, in His all-wise providence, has called you to another field, another country, we pray that His richest blessings may continue to flow out to you and the dear ones under your care, so that they may grow up to fill high and sacred places in that great nation. Our family to God in your behalf is that He may keep you and yours and make your lives increasingly useful in your new field, and that your labors may be as abundant in the future as they have been in the past in the Master's vineyard, and when life's great work is done that we may meet on the shores of immortality and there blend our voices in triumphant songs forever and forever.

SIR,—It is nearly half a century since I first saw this village. It was then called Farmersville. I thought it was a pretty place, but the disreputable part of the village, but the disreputable part of the house of God, where so much light had been thrown upon the glorious subject of the resurrection of our beloved Redeemer, we had to step out into darkness. There was this consoling thought to the believer, that this darkness was not eternal. While we kept upon the sidewalks it was not so bad, but when crossing a street, where a narrow plank could not be seen, but that it was narrow was proven by the fact that the first right foot was in the slush on one side and then the left foot followed on the other. I did get across, but there were others to follow. I heard a splash, and an exclamation; it was the voice of a lady, and had it been put into words it would have read as follows, "Oh, this is horrible!"
And now, Mr. Editor, kindly pardon me, a stranger to you, for suggesting that you take your editorial pen and just shove it at your "City Fathers" until they see the necessity of lighting the streets, so that pedestrians, especially old people, will not be in danger of having their legs, or it may be their necks, broken. Tell them it does not concern them so much that the ancient Athenians said, though, or suffered, but that modern Athens will not any longer submit to dwell in darkness now, when there are so many facilities for lighting streets. Tell them if they cannot afford to put in an electric plant, that even a tin lantern placed at a bad crossing would throw a gleam of light upon the narrow plank so that it might be seen sufficiently to enable old people and ladies to keep their necks and legs from being broken. Mr. Editor, do not let up on them until they have made this modern Athens somewhat worthy of the name it bears.

A Kind Farewell.
We announce with regret this week the departure from Athens of two families, well known and highly esteemed in every walk of village life, viz.: Rev. John Ferguson and family, and Mr. and Mrs. Taylor and family. They have gone to East Hampton, Mass., about ninety miles from Boston. On Friday evening a number of friends met at the home of Mr. and Mrs. Taylor and presented the Mrs. W. H. Tarkin.
DEAR MADAM.—We, the officers and teachers of the Methodist Sunday school, Athens, cannot allow you to depart from our midst without expressing another farewell, and our highest regard and appreciation of your labors as a teacher in our school for so many years. Coming amongst us as you did, a little angel, an entire stranger, you have by your social qualities, your honesty, your faithfulness to your church and school and to your family, gained our deepest love and highest esteem. And now that God, in His all-wise providence, has called you to another field, another country, we pray that His richest blessings may continue to flow out to you and the dear ones under your care, so that they may grow up to fill high and sacred places in that great nation. Our family to God in your behalf is that He may keep you and yours and make your lives increasingly useful in your new field, and that your labors may be as abundant in the future as they have been in the past in the Master's vineyard, and when life's great work is done that we may meet on the shores of immortality and there blend our voices in triumphant songs forever and forever.

SIR,—It is nearly half a century since I first saw this village. It was then called Farmersville. I thought it was a pretty place, but the disreputable part of the village, but the disreputable part of the house of God, where so much light had been thrown upon the glorious subject of the resurrection of our beloved Redeemer, we had to step out into darkness. There was this consoling thought to the believer, that this darkness was not eternal. While we kept upon the sidewalks it was not so bad, but when crossing a street, where a narrow plank could not be seen, but that it was narrow was proven by the fact that the first right foot was in the slush on one side and then the left foot followed on the other. I did get across, but there were others to follow. I heard a splash, and an exclamation; it was the voice of a lady, and had it been put into words it would have read as follows, "Oh, this is horrible!"
And now, Mr. Editor, kindly pardon me, a stranger to you, for suggesting that you take your editorial pen and just shove it at your "City Fathers" until they see the necessity of lighting the streets, so that pedestrians, especially old people, will not be in danger of having their legs, or it may be their necks, broken. Tell them it does not concern them so much that the ancient Athenians said, though, or suffered, but that modern Athens will not any longer submit to dwell in darkness now, when there are so many facilities for lighting streets. Tell them if they cannot afford to put in an electric plant, that even a tin lantern placed at a bad crossing would throw a gleam of light upon the narrow plank so that it might be seen sufficiently to enable old people and ladies to keep their necks and legs from being broken. Mr. Editor, do not let up on them until they have made this modern Athens somewhat worthy of the name it bears.
