# THE GRAND TRUNK RAILWAY

Manager Again.

REEVE WILL RETIRE. MR. Montreal, Nov. 25 .- A report from London that Chas. M. Hays had ac cepted the management of the Grand Trunk Railway System, with the title of Second Vice-President, was confirmed by General Manager Reeve, of the Grand Trunk, when the latter was seen to-night. Mr. Reeve stated that negotiations for Mr. Hays' return to the Grand Trunk had been proceeding with the President and directors in London since Mr. Hays left the Southern Pacific, and it could now be definitely stated that Mr. Hays would shortly return to Montreal as General Manager. Mr. Reeve said that he intended to return to his fruit ranch home in California, which he had left to take Mr. Hays' place when the latter resigned the general managership of the Granl Trunk to become President of the Southern Pacific. Mr. Reeve said he hoped to be able to clear up his business here 80 a8 Mr. Reeve said he hoped to be able to close up his business here so as to be able to eat his New Year's dinner at his Californian home. From this it is understood that Mr. Hays will assume the management of the Grand Trunk before the be-

Hays will assume the management of the Grand Trunk before the beginning of the new year.

Regarding the likelihood of other changes following upon Mr. Hays' return, Mr. Reeve said he was not in a position to speak definitely on that point, but he did not think that the change would affect Mr. Morse or the other officials. He did not think that General Superintendent McGulgan had any intention of going to the Great Northern road, as had been reported, and he could not say whether Mr. Fitzhugh would return to the Grand Trunk.

"As a matter of fact," said General Manager Reeve, "I believe that Mr. Hays' return will assure the continuance in office of all those who are now here."

The announcement of Mr. Hays' return to the Grand Trunk will no doubt be hailed with great satisfaction by the Canadian business community. Mr. Hays was appointed General Manager of the Grand Trunk in MRS. A. S. DALE.

In Hoboken from Saturday until Monday. It was impossible to examine her or to get any reasonable answer from her to questions that had to be asked, so it was deemed best to put the examination off until such time as she should recover sufficiently to face the charge which has been made against her.

Mrs. Dale's condition is attributed in part to excessive use of drugs. It is understood that she admits that since an accellent she met with in Chicage some months ago she has used drugs to a considerable extent. Strychaine apparently was the only poison that the woman had around with which she could have killed the little girl, but the child's end came without any of the symptoms of strychaine poisons.

Draga attracts more notice than it otherwise would owing to the belief which is based on information from sources that the crisis which has long existed in Servia has reached a climax. The root of this climax is the financial difficulty. The army of all ranks is receiving little or no pay, and its enthusiasm for the Obreno vitch dynasty, which King Milan kept alive by making the army the first consideration, has now vanished. The trouble was increased by King Alexander's marriage and the subsequent incidents in connection therewith, espacially Queen Draga's insistence that her brother, young Lieut. Immediately after Sir Patteson Nickalls, who is a Liberal, had commenced to speak he was interrupted by groans and songs. In the few intervals of silence Sir Patteson managed to say that great numbers of thoughtful Englishmen were seeking for means to stay the terrible waste of life in South Africa and the great peril now threatening the nation.
