

THE ACADIAN.

WOLFVILLE, N. S., JAN. 15, 1904.

Cleanings by Acadia News Gaborera.

The Provincial Legislature re-assembled on Thursday of last week.

The report of the meeting of the County Council will be given in full next week.

Our next Exhibition will open at Halifax, Sept. 7th, 1904, and close on Sept. 14th.

The work at the various educational institutions is now regularly going on, with a good attendance.

Skates sharpened at Borden's Carriage Shop. First-class job guaranteed. Hockey skates a specialty.

At the meeting of the County Council this week Coun. C. A. Campbell was elected as Deputy Warden.

A quantity of interesting matter in type has been unavoidably held over this week on account of lack of room.

Rev. L. D. Morris, the new pastor of the Baptist church, arrived with his family this week, and is now occupying the Parsonage. He will begin his ministry here next Sunday.

The Normal Class in Piano-forte will be organized and pupils assigned Saturday morning at 10 o'clock. Apply to the principal room and directed to Mr. Maxim's studio.

Please bear in mind the Organ Recital given by Mr. George Pratt Maxim this Friday evening in the Baptist church, at 8 o'clock. A most enjoyable musical evening is assured. Admission free.

The annual meeting of the Wolfville Board of Trade will be held in Temperance Hall on Tuesday evening of next week. Election of officers for the ensuing year, and other important business, will be transacted.

The County Council decided this week to hold a fruit and vegetable show at Wolfville next autumn. Couns. Campbell, Reid and Hamilton were appointed to act in conjunction for the town in carrying on the exhibition.

The Memorial Window to the late Mr. and Mrs. Fred Brown, of this town, which is being placed in St. John's church by Sir F. Borden, has arrived from England. It will be placed in position when the weather will admit, probably in March.

The Municipal Councillors gave a dinner to Warden Balcom at the American House on Wednesday evening, which is reported to have been a very enjoyable affair. We regret that owing to another engagement on that evening we were unable to be present.

BOARD.—A few pleasant rooms with board, on Main Street. Very central. Apply at office of ACADIAN.

N. S. apples ex 'Evangeline' were landed at London on Monday after a ten days voyage. Nothard & Lowe cashed Tuesday evening they had 100,000 lbs. at 12s. to 12s. 1/2; to Greenings; 165. to 178s., Baldwin; and 17s. to 21s. Golden Russets.

Scott Act Inspector, Ira W. Cox has been reported for another year, and his salary increased from \$150 to \$300. The County Council is to be commended for their wisdom in retaining the services of so good an officer and for providing for his better payment.

The card of Dr. Louis Saunders appears in another column. Dr. Saunders has leased rooms one door east of the residence of Dr. Bowles, and is having them renovated and fitted up for dental parlors. He expects to be in operation on Jan. 22nd, and will be in Wolfville in future on Friday and Saturday of each week.

We would call attention to the notices in our advertising columns of Mr. Sinclair, of the People's Shoe Store, who is going out of business and is selling off his entire stock at greatly reduced prices. This is a chance seldom offered to get great bargains in Footwear.

The D. A. R. has recently added to its rolling-stock two new first-class coaches, the 'Madeline' and the 'Josephine.' These cars are from the Amherst car works, and are worthy in every respect of the service for which they are intended, viz., the 'Flying Bluebonnet' trains. The cars are cherry colored outside and upholstered in old gold. They have all the modern improvements and are lighted with Pintsch gas.

FOR SALE OR TO LET.—Eight room cottage on Westwood avenue. All modern improvements. Apply to C. H. STARR.

As the suppetated arm of our unfortunate townsman, George Lynch, is now sufficiently healed over to admit of measurements being taken for attaching an artificial hand, all subscribers to the fund to help him are requested to pay the amount of their donations to Mr. George Munro, People's Bank. About \$50 will be required. So far \$10 have been collected. The whole \$50 will require to be collected before an order can be sent to the manufacturers. When the artificial hand is attached the unfortunate man will be enabled to earn a living.

Croup.—The peculiar cough which indicates croup is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. For sale by G. V. Sand.

BORN.—Taylor.—Hortonville Dec. 17, 1903, to Mr. and Mrs. Geo. Taylor a daughter. Gould.—Long Island Jan. 11, 1904, to Mr. and Mrs. Edward L. Gould a son.

as this is a genuine Cost Sale
and no fake.
C. B. BORDEN,
WOLFVILLE.

College Notes.

On Tuesday, the 12th inst., the Board of Governors of Acadia met in a special meeting, summoned at the request of the president of the college, to consider proposals looking to the fuller relief of the president from his duties of internal administration during the prosecution of the canvass for the Second Forward Movement. Dr. Trotter has been able to give but little time to the New Movement, owing to the responsibilities of administration within the college, and recently decided that it was imperatively necessary that he obtain some substantial relief.

A carefully prepared series of recommendations was submitted to the Board, and substantially adopted. It has been arranged that during the canvass for the new movement, the president may, as he finds it necessary, transfer his duties and responsibilities with respect to internal administration to Dr. Keirstead. Under this deputy headship of the Faculty, all things pertaining to the internal administration of the college will be attended to without suspension or delay. In this way the president's mind will be relieved from care when away, and from an accumulation of administrative duties whenever he returns home. The college will also be protected by the unbroken administration of its internal affairs.

As Dr. Trotter expects to be away on and off, during the greater part of 1904, Dr. Keirstead has been appointed to relieve him during the year, and in view of the special duties imposed upon Dr. Keirstead a suitable increase of salary has been voted by the Board. Dr. Trotter expects to leave town within the next ten days. Minard's Liniment Lumberman's friend.

1904
New Year's Day.
TO OUR FRIENDS AND PATRONS:
WE THANK YOU for the business with which you have favored us and wish you all a **HAPPY AND PROSPEROUS NEW YEAR.** We trust by fair dealings and attention to your requirements to merit your continued confidence.

Trimmed Millinery
WILL BE SOLD AT A GREAT REDUCTION for the NEXT TWO WEEKS at
Miss B. K. Saxton's,
MAIN STREET.
Our Agricultural College.
The Nova Scotia Agricultural College, at Truro, is nearing completion and will be opened for two short courses during the winter. The architect of this superb structure, which is costing about \$30,000, is Mr. Herbert E. Gates, of Halifax. The College as it stands is a solid looking square, two stories above the basement, and built of brick and freestone, with a roofing of dark green slate. It is well lighted throughout with electricity, and heated by hot water. In the basement are the blacksmith shop, carpenter shop, store rooms and furnace rooms. From this floor three stairways lead to the first floor, the hall of which is splendidly finished in Myscencian marble. Opening to the hall is a class room, a Principal's room, cloak room, toilet room, horticulture work room and a large laboratory. From the horticulture room a stairway leads to the plant room, which is situated at the back of the building and exposed to the sun throughout the day. From the main hall an imposing stair-case leads to the second story, in which is located the commodious assembly rooms and rooms for teachers and students. The course of study to be given will include Agriculture, Live Stock Raising, Horticulture, Chemistry, Physics, English and Mathematics, Illustration and Research Work and Farming. These courses will be well suited to the needs of our young men, many of whom, though unable to leave the farm for more than a few weeks of the year, may receive almost as much benefit, as the regular student. It is expected that the college will be well under way by next summer. There will be a competent staff of instructors, and tuition is free to all.

PERSONAL MENTION.

(Contributions to this department will be gladly received.)
Miss Alvira Archibald is visiting friends in Yarmouth.
Mrs. J. Elliott Smith is spending a few weeks in Montreal.
Mr. and Mrs. W. T. Stephens spent Sunday last in Windsor.
Mr. Dwight Sherwood will probably visit England next month.
Mrs. Brown has returned from a visit to her old home in Antigonish.
Mrs. S. J. Estrieiro has gone on a visit to her old home at Mount Unlace.

CARD.

To W. H. Chase, C. R. Burgess, George Thompson, Thomas Trotter, and others, including a large and representative number of ladies and gentlemen of Wolfville who have presented me with a requisition asking my consent to be nominated for the Mayoralty for another year:
LADIES AND GENTLEMEN,—From the experience of the past year, if I consulted my personal interests and comfort I would retire rather than consent to a nomination for the office again, but realizing and recognizing in some measure the honor you have conferred upon me by your largely signed petition, I cheerfully accede to your request, and shall, if elected, endeavor to protect and further the interests of the town.
G. E. DWITE.

Dentistry.

Louis Saunders, D. D. S.,
GRADUATE AND LATE DEMONSTRATOR OF UNIVERSITY OF MARYLAND.
Crown and Bridge work a Specialty. Anæsthesia administered for Painless Extraction.
