## MacDonald Faces Cabinet Crisis

BUDGET PROPOSALS PRESENTING VERY GRAVE DIFFICULTIES

### 300 Casualties In Franco-Turkish Clash

#### Large Numbers of Canadians Emigrate to United States

OTTAWA, April 28.—Nearly one third of the overseas strength of the Canadian Expeditionary Force has migrated to the United States in search of its bread and butter, declared G. Grant MacNeill, Dominion Secretary of the Great War Veterans' Association in discussing the immigration situation in Canada before the members of Flanders Lodge, L. O. L., on the anniversary of the formation of that Lodge at St. Elmo, France among Canadian forces.

#### Leonard Reid Married in Montreal

MONTREAL, April 28.—The marriage of Miss Kathleen Maude Parsons, daughter of Mr. and Mrs. Allan Parsons, to Leonard Gillespie Reid, son of the late Sir William Reid, and of Lady Reid, St. John's, took place quietly this afternoon at the home of the bride's parents, 4251 Dorchester St. West, Mr. and Mrs. Reid will leave for a motor trip to New York and points South. They will spend a few weeks in Montreal, on their return prior to leaving to take up residence in Newfoundland.

#### Discussing the Walker Report

LONDON, April 28.—Discussing the Newfoundland revelations, the Glasgow Herald says that the report of T. Hollis Walker, K.C., Recorder of Derby, England, the Royal Commissioner who found Sir Richard Squires guilty of corruption, revealed the existence, on the part, both of politicians and a considerable section of the public, of a state of morality in connection with public funds, that resembles an American state in its worst days of boss rule, rather than what one is accustomed to associate with a British Colony. The only immediate steps that could have been taken by the Government of W. R. Warren after the presentation of the Walker report, The Herald says, was to announce its intention of pushing an inquiry quietly into a number of other dark places in Newfoundland Government not yet to yield to the arrest of Sir Richard Squires at the particular moment when it was made, though natural enough in the light of Commissioner Walker's findings, it is not quite clear, The Herald says, saying that, presumably, Premier Warren would resign. The Herald expresses the hope that whoever may succeed to the head of the Newfoundland Government will not yield to the temptation of trying to shelve the Walker report and ignore its findings. To do so after the attention of the English speaking world has had it drawn to the contents of the report and the low level of Newfoundland political life, in the Herald's point of view, would be to deal the reputation of Newfoundland a blow from which it would not readily recover.

#### LATEST

PARIS, April 28.—Lieut. Pelletier Doisy whose air flight in the Far East is being watched with great interest particularly because of other long distance flights which are in progress reached Bandar Abbas on the Persian Gulf about noon yesterday.

WASHINGTON, April 28.—Honduran revolutionists fought their way into Tegucigalpa, the capital, yesterday, just as the State Department had been advised that the last of the Central American Republics had accepted an invitation to participate in the five-power mediation conference at Amapala for the restoration of order and constitutional government. Officials here expect no new danger to foreigners or foreign interests as a result of the revolutionary victory at Tegucigalpa.

NEW YORK, April 28.—Mrs. E. A. Ingram, formerly Mrs. Enrico Caruso, through her attorney, has confirmed reports that she and her husband, Captain Ingram, an Englishman, has separated. She declared, however, that she would bring neither divorce or separation suit against her husband. Her attorney explained the domestic rift was caused by "little irritations," one of which was Captain Ingram's dislike of United States.

BUFFALO, April 28.—Stanley P. Kenmore died today in the Emergency Hospital bringing to four the death toll in the automobile and street car collision at Seneca and Remington St. shortly after midnight, when the trolley ploughed through the automobile, carrying it 25 feet.

Pekin, April 28.—The steamer Robert Dollar, owned by the Robert Dollar Company of San Francisco in the Yangtze River service, was wrecked on April 23, near Chung Ching, according to delayed dispatches received to-day by the United States Legation. All passengers, crew and officers were saved and the foreign passengers were taken to Shihou. The steamer is believed to be a total loss. It is expected the cargo will be saved.

#### 300 Killed or Wounded in Syria

LONDON, April 28.—Sanguinary fighting between French troops and irregular Turkish bandits is reported to have taken place in Northern Syria by the Jerusalem correspondent of The Daily Express. Three hundred men were killed or wounded during the fighting, he says, and the Turks captured a great quantity of arms. There have been recurrent reports recently of unrest in Syria of which country France is the mandatory power. French aviators are reported to have bombed Syrian villages.

#### Rapid Spread of Epidemic Alarming

LONDON, April 28.—The rapid spread of sleeping sickness in Great Britain is causing considerable alarm. In January last there were 75 cases; in February 217; in March 468; and in the first three weeks of the present month, 649 cases were reported. The proportion of deaths has not been large, but the after-effects of the disease, very often are serious.

#### Budget May Precipitate Crisis

LONDON, April 28.—This week will be an important one in the Labor Government's career, for immediately upon the re-assembly of Parliament on Tuesday, it presents its first budget under circumstances involving uncertainty as to its reception. Some political commentators go so far as to say that the position is a critical one for the administration, and that its life depends upon how it handles the financial problems on this occasion.
