DANIEL DAVIES. The past history of the family of Louis Napoleon and the Sull han of Turkey is full of interesting and n sarvellous incidents, some of which are, pr obably, not generally known to our readers. Those two monarch s, now so cordially united in the struggle to maintain the in-tegrity of the Ottoms n empire, are both grandsoms of American 1 fadies. Those has SOOTHING SYRUP, For Children Teething. For the Nervess Affections, Coardinate, Forer, In-flammation of the Boards, det. that attend this period of children, aine recommends it as sure to produce the desired effect, giving East to the Moher, and Relief coad Health to the Infant. A child in Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrheas after being given over by the attending Physicias. Mr. Blackman, of Eddington ways, it has never failed to cure the Dysentery or Diarrheas in children whenever used in the village. Lots of it is rold. One parent informs medite child has enforced to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a speedy cure. During a late visitto fills "City of Spindles," we were presented by a professional friend, to the cel-obrated Chemist, Da. J. C. Arxa, whose name is now perhaps, more familiar than any other, at the bed-side of sickness, in this country. Knowing the un-precedent popularity of his medicines, and the im-mames sale of them, we had expected to find him a millionare, and rolling in wealth. But no, we found him in his laboratory, basy with his laborers, among his crucibles, alembics, and retorm-giving his thes personal care to the compounds, on the virtues of which, thousands hang for health. We learned, that totwithstanding his vast business, and its prompt re-turns in eash, the Doctor is not rich.
