P R Taylor, for the Banks, objected to the power to be given the assessors to send a chartered accountant to examine the books and papers of any citizen or business firm.

**BANISH PIMPLES
AND ERUPTIONS**

In the Spring Most People Need
a Tonic Medicine.

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with the change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Red blood does not merely show itself by disfiguring eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia, poor appetite and a desire to avoid exertion. You cannot cure these troubles by use of purgative medicines—you need a tonic and a tonic only, and among all medicines there is none can equal Dr Williams' Pink Pills for their tonic, life-giving, nerve restoring powers. Every dose of this medicine makes new, rich blood which drives out impurities stimulates every organ and brings a feeling of new health and energy to weak, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new, health-giving blood.

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.

Solve The Fuel Problem**With a New Perfection Oil Cook Stove**

BOTH Summer and Winter The New Perfection Oil Cook Stove will do more work than a Coal or wood Stove of twice its size.

THE Long Blue Chimney New Perfection Burners are the latest type of oil cooking burners. They were adopted after years of experience.

The long chimney creates a draft, furnishes the flame with enough air for perfect, clean combustion and makes every drop of kerosene do all the work in its power. All the oil is turned into heat. No smoke—no odors. No soot to blacken pots and pans.
