The Minister of Finance pointed out to his hearers that it was only on this merely incidental question that Mr. Laurier and his party had the slightest hope of success. The hope of that success was based solely on a longed for disagreement among the Conservatives, on this incidental tirely independent, in matters of question, concerning which Mr. Lauthis kind, of our neighbors to the rier himself, after five years, had utterly failed to take any definite and honest stand before the country. "Is it," said Mr. Foster, " fair or

> who believe in the general policy of The Manitoba School Question

the government, who think that it is by all odds the best for the country. to upset that government and policy, and put in its place a policy of inaction and indefiniteness, to the ruin of the great interests and stable institu. patches, with scare headings, re-porting the "dissentions," and there may be some difference of opin-duced that portion of Hon. Mr. Foster's describing the ministers during ion between you and the government as to the way in which that incidental

and constitutional question has to be settled or ought to be settled? That have done. Allusion has been made is the question I want you to think and most briefly made, to one question edge of what takes place at a of, that is the question you will think which is to-day agitating the public of very carefully, and you will con mind to a certain extent, but in my priclude very discreetly and very wisely, before you decide that you are going would have us believe. Allusion has like to see them restor d in Manitoba. to forward Mr. Laurier's ends and put him into power, not because you on the political horizon, the vexed Manibelieve in his policy, but because of toba school question, as it is called, and What then does he want a commissio some disagreement between your- many people would lead you to believe, their own, and they never con- selves and the leaders of the conser-

Foster and Mr. Haggart, ridiculing the statements that the cabinet was disunited. When the time came they would show their op- form of the country, and laid down in time came they would show their op-ponents that far from this being the case, they were united as ever they were, and they would win, not only in constituencies where they had been formerly successful, but in con-stituencies where victory had not

previously been with them." There vatives, and declares that the policy was is not much evidence of dissensions in the Cabinet in these straightforward, definite and consistent statements of the Ministers. They all agree, they are united on the policy what he would consider right. (Apto be pursued regarding the Manitoba plause.) If there ever was a man School question, just as they are in who rigorously and vigorously condealing with other important questions that come before them. What a contrast between the policy of the past month has been going through the Government, and the shuffling, shift- province of Ontario pleading with the ing, vague and indefinite manner of

procedure pursued by Mr. Laurier ! right for you, liberal-conservatives,

On Friday, the 8th inst., a grand Con servative demonstration took, place at London, Ont., on the occasion of the opening of the new Conservative Club rooms. Several Cabinet Ministers were present and made speeches, among them speech which bears upon the Manitoba school question, and we commend it to the careful perusal of everyone of our readers: "One single word and then ] vate opinion publicly expressed not at all to the extent to which some people been made to a question which appears and lead the country to believe, that so far as the country is concerned, there

mind ycu, when the franchise bill was introduced, when the gerrymander act, as they call it, was introduced, Mr. Laurier, or whoever was leader of the opposition, arose in his place in the bouse and took his place upon the plat-form of the country, and laid down in TWN
