REFUSED TO SHOVEL COAL.

Trouble Among the N. & N.-W. Brakemen

—An Octogenarian Drowned.

HAMILTON, July 7.—Saturday a crew of brakemen on the N. & N.-W. Railway were laid off because they refused to shovel coal at Georgetown. The crew which went up today say they will refuse to do any shoveling if ordered to do so. If they refuse they will be laid off; if they obey it is likely that the first crew will be discharged. The brakemen say that if the railway authorities persist in so until shout of six before the second year, the best argument that can be advanced for the importance of a mode irritable by them. A German physician reports disastrous results to a baby by the father rubbing a rheu-state joint with sabine oil while near the clothes in the nursery is a pernicious one, and should not be tolerated for a moment. They should not be used a more general knowledge of the care of young children. For the following facts I am indebted to Dr F. J. Bowles:

During the early weeks of existence the conditions essential to growth are food, digestion, nutrition, respiration and sleep. It is not until about the sixth month that the muacles and ligaments have acquired sufficient strength to conditions essential to growth are food, digestion, nutrition, respiration and sleep. It is not until about the sixth month that the muacles and ligaments have acquired sufficient strength to enable the child to support its head of the physician reports disastrous results to a baby by the father rubbing a rheu-ties pour by the father rubbing a part of the care of the car say that if the railway authorities persist in requiring them to shovel coal they will make a union matter of it and appeal to the International Brakemen's Union for support.

C. N. Axworthy, Cleveland's ex-City upon the internal organs or curvature of You just bring a couple of little quarrens. Acting should be permitted that takes from the purity of the air that takes f

21 divisions. It is stated that Sir Edward Bradford, the new Chief of Police, has adopted an unusual mode of procedure.

Ordinarily reports of offences against dis-cipline are submitted to the Scotland Yard authorities and the men implicated appear when their cases are to be settled. But now Alfred John Brennen, fourth son of M.

Scotland Yard people are making vigorous efforts to meet the emergency, but it looks as if nothing but an immediate reply from the But This "Straight Wind" Killed a Lot of

St. Paul, July 7.-The Wahpeton (N.D.) correspondent of The Pioneer-Press tele-graphs: A straight wind from the northwest course pursued by the dock strikers. The leaders will go to their respective stations at 9½ p.m. When three-quarters of the night force have arrived roofed, dozens of small houses were raised and almost every plate glass window in Front-street and Broadway was broken.

e various contingents will hold meeting in Bow-street. There is taining a party of Chicago & Northwestern to the nursery, the swaying motion being agreeable and the sides admitting of the Russian was asked to repeat it and ch uneasiness among merchants in the re guarding their shops and in the banks erks will remain all night to protect the roperty of their employers.

A baby that is held in the arms of the lights had been put out, so that there was no fire or steam. Nearly 20 passengers sustained slight injuries.
