EDMONTON CITY MARKET.

Edmonton, Nov. 28.—With a steady demand for farm products, prices are holding their own in Edmonton, although there has been little change in market conditions for the last week. While everybody wants to stock up on potatoes, the supply thus far is more than equal to the demand, and quotations are about the same. Good tubers are bringing from 40 to 45c per bushel, with every prospect of stiffer prices in the next few days. A few are complaining of having purchased potatoes which were frost-bitten, indicating that probably some failed to take the necessary precaution during the recent cold snap. Other vegetables are selling at the prices that have prevailed for nearly a month.

Grain prices are still weak, if anything weaker, than a few days ago. Oats have shaded off from 34 to 37c to 35. Wheat is beginning to show a decline and the elevators are doing a fairly good business with the farmers.

FOR TELEPHONES AND ROADS AND BRIDGES

Government Will Ask Legislature's Approval of Resolution Authorizing Government to Borrow up to \$5,000,000 for Road and Telephone Extensions.

On Wednesday, Premier Sifton, in accordance with notice given Monday day, will move that the house resolve itself into committee of the whole to consider a resolution regarding the raising of funds upon the credit of the general revenue fund of the province.

A copy of the motion to be made in committee on Wednesday is as follows: That it is expedient to provide that it shall be lawful for the Lieutenant Governor in Council from time to time to authorize the provincial treasurer to raise, by way of loan upon the credit of the province, such sum or sums of money, not to exceed in the whole five million dollars, for all or any of the purposes following, to-wit:

For the extension of the provincial telephone system, and
For the establishment and construction of trunk roads, with the necessary bridges thereon, and
That the said sum of money may be borrowed for any term of years not exceeding fifty years, at a rate not exceeding four per cent. per annum, and shall be raised upon the credit of the general revenue fund of the province, and shall be chargeable thereon.

The report of the board of governors of the University of Alberta for the year ending June 30th, 1911, was presented to the House Monday afternoon by the Hon. C. R. Mitchell. The report consists of two parts, part one the report of the president on the academic work of the University and part two the financial statement.

The financial statement for the year ending June 30th, 1911, shows a cash receipt to have been \$41,380.31, disbursements total \$41,380.31. The current revenue account for the year shows the income of the University to have been \$25,909.28 and expenditures \$24,082.43 from the provincial government, and the principal item in expenditures was \$27,829.72 in salaries.

A summary shows the surplus or revenue account 1909-10 to be \$15,763.97, and the deficit for 1910-11 to be \$1,163.25, leaving a net surplus of \$14,600.72.

Winnipeg Grain Market.
Winnipeg, Dec. 6.—The local market was quiet and inactive up to the close. Although cables from British and Continental exchanges were all weaker, on more favorable reports from the Argentine. Prices were comparative-ly steady. There was a continuation today of the poor cash demand which has been prevalent for the last day or two.

While there were fair inquiries for low grade stuff for export purposes to complete old contracts, the trade in contract grades was very slow. In futures, the Winnipeg market was very narrow. December closed at 94.3-8 or 1-8c lower than yesterday and one cent higher for May. The Duluth market was also stronger, closing at 94.3-8 or 1-8c lower, and May (new) at 94.3-8 or 1-8c lower, while Minneapolis closed 1-8c split to 3-4c lower at the close. There was a further fall in oat prices, Winnipeg December closing at 27.1-8 or 1-8c lower, and May at 40.3-8 or 1-8c lower also.

Chicago oats were 1-4 to 3-8c lower at the close. There was a slight reaction in the fax market, Winnipeg closing 1-2c higher for December, and one cent higher for May. The Duluth market was also stronger, closing at 94.3-8 or 1-8c lower, and May (new) at 94.3-8 or 1-8c lower, while Minneapolis closed 1-8c split to 3-4c lower at the close. There was a further fall in oat prices, Winnipeg December closing at 27.1-8 or 1-8c lower, and May at 40.3-8 or 1-8c lower also.
