"Mary" Writes,

And Gives Some Valuable Hints on How to Build up a Town. Practice What You Preach.

Editor Evening Telegram.
Dear Sir, I had just finished a shirt for Tom which (shirt) I had on dock for repairs, and to which I had added a new body, sleeves and tail, when he (Tom) returned from the Public Meeting held in the Court House last night. Now, Mr. Editor, as a prelude to my remarks, (I guess the word is all right as heard the minister use it in his sermon), I might say that the Public Meeting of citizens was for the purpose of suggesting to the members and the Government some way of giving employment to the fishermen who made such a poor season's work. It was thought by many people about town that as the Government had so kindly promised us a \$50,000 public building, and as the one now in use could be made good for some years yet, the Government if approached might be induced to give the town some sewerage and other improvements in lieu of that expensive building, which was, so I am informed, to have spring doors, spring chairs and other comforts for the public servants. Well, as I was saying, I "got legs under Tom" to go, for I wanted to hear the news, so as to send them to your

WHAT'S THE USE

To Keep a "Coffee Complexion."
A lady says: "Postum has helped my complexion so much that my friends say I am growing again. My complexion used to be coffee colored, muddy and yellow but it is now clear and rosy as when I was a girl."

"I was induced to try Postum by a friend, who had suffered just as I had suffered from terrible indigestion, palpitation of the heart and sinking spells."

"After I had used Postum a week I was so much better that I was afraid it would not last. But now two years have passed and I am a well woman. I owe it all to leaving off coffee and drinking Postum in its place."

"I had drunk coffee all my life. I suspected that it was the cause of my trouble, but it was not until I actually quit coffee and started to try Postum, that I became certain; then all my troubles ceased and I am now well and strong again."

"There's a reason."

paper, and you know I could not go myself, as I would be spotted. As soon as he came home I put away my work and sat down in my four-barrel chair to hear the particulars of that wonderful meeting. Several gentlemen spoke, Tom said, and spoke well, and were loudly applauded by the large gathering—the Court House being filled to its utmost standing capacity. The people were in favour of work. Tom says one young man got up and expressed himself as not liking the idea of having it known that we were in need (of work), spoke a lot about building up the town, and what should be done. But my Tom, if he had the learning to express himself in a fluent way could have given some of them valuable wrinkles as to building up a town. Don't talk to me of cheap labour, says my man when you expect to build up a town. Give us men who are ready to pay good wages for the labour they give, no matter what it is, from sewerage work to the most skilled labour in the shoe factories. The money is sure to come back. Don't give a man or a boy small pay because his grand-mother is living with him and taking his wages, or doing some sewing for a family nearby, or give a young man small pay and feel justified in so doing by the fact that he is living with his dad and not wholly depending on himself for his board, etc. Is that the way to build up a town, asks my Tom, or say to one's self when seeking help, oh, there are a number of people looking for work, and glad to take even the smallest loaf, which is far better than no bread. For goodness sake let such men stop speaking of building up the town. Let them say on every such occasion building up myself. What we want in Harbor Grace is men who are anxious to see the town improved and built up, who will give good wages to all the men (and boys) they employ, then the labourers will be able to live better than before, build up their homes, educate and clothe their families and become happy and contented in their native town. Talk is no good, Mr. Editor, unless we practice what we preach, and if we are to assist in building up the town we must also do it with our money, by giving good wages, keeping our young people at home and inducing others to come here. This in my humble opinion would be building up the town and building up ourselves as well. I will return to this subject again soon, as it is now mid-nights. Good night.

Yours, etc.,
Mr. Grace, Oct. 19, 1910. MARY.

A RACE AGAINST ICE.

DAWSON, Oct. 19.

The steamer La France, the last river boat of the year to sail from Dawson for White Horse, got away last night crowded with hundreds of passengers. All way freight of far away points was refused as the boat has a race against ice. Pelly and Stewart rivers are thick with ice and large floes are running past Dawson.

Veritable Musical Feast

A very large and select audience attended the concert given by Organist King in the Methodist College Hall last night. His Excellency the Governor graced the concert with his presence, and was accompanied by Lady Williams and Miss Dean. It was anticipated that the concert would be one of the character of which would be highly pleasing to the tastes of the people of the city, and in this none were disappointed. Indeed, it is safe to say that it was one of the most brilliant concerts heard in St. John's for some time. Songs from the great composers were given with the expression and feeling which only a master in the "Art Divine" can impart, and often the audience were enthralled with the beautiful melody which filled the spacious building. Seven selections were given by Mr. King. These included four organ performances, viz. Sonata in C sharp minor by Basil Haywood; Intermezzo from "Cavalleria Rusticana" by Mascagni; Gavotte (Mignon) by Thomas, and an Overture by Mozart. All these were beautifully rendered. Three beautiful themes were heard from Mr. King on the piano. His manipulation of both instruments exhibited the skill of the true musician and each selection was received with well merited applause. Miss Johnson gave several beautiful selections on the violin and played with the finesse of a virtuoso. Her efforts brought her heavy applause and she conceded pleasure. Mr. King, wife of the talented organist, made her debut at this concert and at once became popular with the audience. She is the possessor of a very sweet voice, sings with ease and expression and is a vocalist who the music lovers of St. John's will always be glad to hear. The "Blackbird's Song," a pretty morceau was one of her best selections last night and demonstrated the excellence of her vocal powers. The concert in its every feature was successful and highly enjoyed by all who attended it.

Relief trains are being sent into Fimar Del Rio which bore the brunt of the recent storm. Reports show that the property losses through that Province were enormous. The greater portion of the Province which forms western extremity of Cuba was inundated and nearly all of its towns suffered severely. Hardly a house has been left standing in the country districts, and tobacco farms everywhere were ruined. It is impossible to estimate with a certainty the monetary loss but it will total millions of dollars. The loss of life was apparently much less than at first feared, and occurred chiefly in the town of Consolacion where 12 persons were drowned. It is expected that other cases of drowning will be discovered when the relief trains penetrate the devastated regions.

In a bloody battle between a company of Rurales, picturesque mounted national police of Mexico, and a strong band of robbers near Functunian, on Santa Cruz, on Monday night, according to a telegram received to-day at the War Department, a sergeant and a corporal of the Rurales, and 3 of the robbers were killed. Among the dead outlaws was the notorious Santanon, whose daring raid of isolated haciendas have caused a reign of terror through portions of Vera Crusa "correct." During the last ten months five Rurales were seriously wounded. The bandits had been hotly pursued for several days and were surrounded in the bush. They made a desperate resistance and surrendered only after the death of their leader and half of the band.

The prosecution continued its case against Dr. Hawley H. Crippen charged with the murder of his wife the actress Belle Elmore to-day, by introducing the testimony of Inspector Dew of Scotland Yard who pursued the Dr. and his companion, Ethel Clare Le Neve across the Atlantic from New York to London, and under arrest. The Inspector's evidence was a repetition of the now famous O.K. which he had recited previously in the lower court. While Alfred Aspinall Tobin, chief counsel for Crippen was cross-examining Dew with the object of showing that the defendant exhibited no trace of anxiety or nervousness during the police investigation, the witness, who is a cent home, one of the jurors faints, and the court was adjourned for 2 hours.

With Walter Wellman and the crew of his airship America all accounted for, and the airship last seen adrift in the air far to the south, some wireless telegraph messages are apparently announcing himself by sending messages in Wellman's name. The following was received early to-day from the Belle Isle Wireless Station via Cape Race, Nfld: "At 12:15 o'clock the Belle Isle Station received communication from an unidentified source apparently not far away and supposed to be from the Wellman airship. The message said: 'We are unable to get on board, have been unable as yet to obtain exact position.'"

Walter Wellman and the members of his ill-fated expedition in the dirigible America, who were rescued from almost certain death at sea 360 miles east of Cape Hatteras yesterday, believe that a voyage across the Atlantic yet may be accomplished. The Wellman party are aboard the steamship Trent. When rescued, their position was desperate. A heavy fog held back the Trent this morning. At 9 o'clock she was about 20 miles east of Sandy Hook proceeding slowly. The Trent will dock this afternoon, although the object of Wellman's venturesome trip was not accomplished he succeeded in creating a new world's record for dirigible being between 70 and 72 hours in the air and covering, according to Wellman, a thousand miles over rough seas.

One Dose Makes Indigestion Go.

Hearburn, Gas, Headache and other stomach misery vanishes.

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which poisons your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Biliousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat, does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store, the moment you decide to begin its use.

Pape's Diapepsin will regulate any out-of-order Stomach within five minutes, and digest promptly, without any fuss or discomfort, of all any kind of food you eat.

ARE KNOWN AS THE FARMER'S FRIEND

DODD'S KIDNEY PILLS DOING GREAT WORK IN THE PRAIRIES.

Michael Anderson joins the throng who are shouting their praises—They cured his Gravel and Rheumatism.

Pine Valley, Man., Oct. 19.—(Special)—Michael Anderson a well-known farmer living near here is added to the number of those who have sent the cry echoing over the Prairies. "Dodd's Kidney Pills are the farmer's friend." And truly Mr. Anderson has reason to praise the great Canadian Kidney remedy. Listen to his experience:

"A strain and a bad cold started my troubles," says Mr. Anderson, "and for twelve long years I was a victim of Kidney trouble, Rheumatism and Gravel. Doctors attended me and I tried many medicines, but they did not cure me. Dodd's Kidney Pills cured me in less than one month."

It is easy to do anything when you know how. Mr. Anderson went right to the root of his trouble. He cured his kidneys by using Dodd's Kidney Pills and with the root gone the other diseases disappeared. Dodd's Kidney Pills always make healthy kidneys and with healthy kidneys, you can't have Rheumatism or Gravel.
