Acute Rheumatism

Pains In the Foot and Limb-A Complete Cure Accomplished by Hood's Sarsaparilia.

"For a number of years I was afflicted with acute rheumatism in my left side and all the way down my limb into my foot. I live five blocks from my work and had to stop and rest several times in going and coming. I could get no relief from my trouble and was on the point of giving up my job when I happened to hear of Hood's Sarsaparilla. I purchased a bottle of this medicine and a vial of Hood's Pills and began taking them. Before I had half finished them I was relieved and it was not long before I was completely cured. I never lose an opportunity to praise Hood's Sarsaparilla, for my cure meant a great deal to me, as I have a family and must always be at my post." WILLIAM HASKETT, yardman, Grand Trunk Railroad depot, Brantford, Ontario.

Hood's Sarsaparilla Is the best-in fact the One True Blood Purifier. Sold by all druggists. \$1: six for \$5.

Hood's Pills are purely vegetable, carefully prepared. 25 cents.

WEEKLY REVIEW.

Wheat deliveries were moderately good this week; the demand and price were both steady. Oats declined considerably, closing at 75c to 80c for new, and 80c to 85c

for old. Feed barley sold at 80c; malting, 85c No peas, corn or any other kind of grain came in. Eggs advanced to 12c by the basket.

Butter was steady. Poultry shows no change in price. The supply was good. Meats were all quiet and unchanged, except dressed hogs; they declined to \$5 50 and \$6, closing weak.

Hides, etc., were steady. In fruits the receipts were moderately heavy, the quality varied. Peaches, plums, apples, melons and pears formed the bulk. Tomatoes were scarce and higher, closing at 60c to 75c a bushel. The range of prices given for fruits is regulated by size of baskets and quality of fruit. Prices for hay ranged from \$6 to \$7,

\$6 50 being the usual figure. The following list gives latest values for principal lines:

Dispatch Avers the M. C. R.'s Headquarters Are To Be Moved to Chicago.

Change on the M. C. R.-Appointments by the Huron and Erie Management.

Mr. O. F. Jordan, divisional superintendent of the M. C. R., at Jackson, has resigned his position. He was formerly stationed at St. Thomas, and has an enviable reputation as a thorough and conscientious railroad man. At a meeting of the board of direccors of the Erie and Huron Railway Company, held at Toronto on the 19th inst., E. Chandler Walker was elected president and managing director; S, A. King, vice-president; J. H. Walker, treasurer; John E. Foreman, sec-

retary. The following Erie and Huron Railway appointments have been made. with office at Walkerville, Ont .: Chandler Walker, managing director; Wm. Woollatt, general superintendent and traffic manager: A.Leslie, accountant and auditor; J. H. Coburn, solicitor; Owen McKay, engineer; S. Austin, mechanical superintendent; H.

Morris, roadmaster. In regard to the above, the Detroit Free Press says: President Ledyard could not be reached last night, but General Supt. Richard H. L'Homme-dieu, of the M. C. R., said: "There is

A Chicago telegram says: If the

plans of the executive officers of the consolidated Vanderbilt system of railroads are carried out, the headquarters of the three biggest eastern roads will be soon moved to Chicago. Immediately after the consolidation of the Vanderbilt lines-the New York West Shore, Lake Shore, Michigan Central and Nickel Plate—several months ago, the scheme of centralizing the general offices of the different lines, as well as the finances, was suggested, it is said by President Callaway, of the New York Central. The idea is now said to have been agreed to by all the interested parties. The contemplated change as outlined by one close to the head of one of the roads will bring the headquarters of the Lake Shore and Michigan Southern, the New York, Chiago and St. Louis (Nickel Plate), and the Michigan Central to Chicago, leavng the general offices of the New York Central and the West Shore in New York as at present. As an indication that the owners of these roads are rounding up things preparatory to an important change, it may be said that during the last few weeks, one of the lines, the Michigan Central, received orders to cut off the heads of a large number of traffic solicitors, and a sav ing of \$1,000 a month has been made in

one small department. Mr. Joseph Price, vice-president of the G. T. R., has returned, well pleased with his trip over the line. The actual record of the work of the new

management cannot be gainsaid, as the record shows that the Grand Trunk, since Mr. Hays assumed the management, has paid off not only the \$1,500,-000 deficit created to prevent the debenture stock from going by default, but the earnings of the last half-year have been sufficient to pay the half-year's dividends on the guarantee in

The following statement of the C. P. R. for the month of July, 1898, has been issued: Gross earnings, \$2.051,363; working expenses, \$1,320,674; net profits, \$730,689. In July, 1897, net profits were \$914,359, and for seven months ending July 31, 1898, figures are as following Jul lows: Gros searnings, \$13,647,382; work- have been placed in large number) in ing expenses, \$8,763,017: net profits, \$4,- a boat, singing, as they go, the Cana-884,365. Mr. George H. Daniels, general passenger agent of the N. Y. C. Railway, was in Buffalo yesterday. In an interview he declared that every road en-tering Buffalo, with the exception of those included in the Vanderbilt system, was cutting rates right and left, and had been doing so for a year. Asked as to whether passenger differentials would be abolished in joint resort tonight is expected to be the traffic territory. With the gathering shades of evenng in this the last day of August, Springbank will undergo a great transformation. Hung in all part of the woods and park, on the hills and along the river bank, over 3,000 large lights of various colors will gleam in fascinating profusion. On the little island in the river opposite the park, near the terminus of the railway, the Loncomposed of colored lights. This is something that the people of London have never before seen. And it cannot but prove pleasing. Gleaming through the trees, these 3,000 multicolored lights meet the eye at every turn, and it is a difficult task for even experts to estimate whether or not, there are 5,000 or 7,000 lights when the lamps are properly and artistically arranged.
