IN LABOR'S FIELD

Trouble in Quebec Shoe Factories To Be Settled by Arbitration—The Labor Gazette.

WILL SETTLE THE STRIKE.

Toronto, Nov. 29.—Mr. T. C. Van Norman, of the firm of Harvey & Van Norman Co., wholesale boot and shoe man, has received a telegram from Quebec to the effect that the dispute in progress there between the manufacturers and employees has been practically settled, both parties having decided to submit the matter to Arbitration.

THE LABOR GAZETTE.

That the Labor Gazette is not simply an election sheet, as claimed by the opposition press at its establishment, is shown by the large increase in its circulation since its last issue. The November issue dealt with subjects of intimate interest to laboring men throughout Canada, and gave among other subjects the cost of living in the different cities. The Ottawa Trades and Labor Council at its last meeting voted a sum for subscriptions, and this course has been followed by the other councils and unions, showing the interest of the working classes themselves in the publication. Manufacturers also are subscribing, not only for themselves, but for their employees, all of which goes to show the good work contained in the Gazette, and that it is coming to stay and benefit labor generally.

DECISION OF EMPLOYING PRINTERS.

Toronto, Nov. 29.—The master printers, after a long conference last night, decided unanimously not to deal with the pressmen's union as an organization for increase of wages but considered in conference with representatives of the Allied Printing Trades Council. The composers want an increase from \$12 to \$15, and the press feeders from \$7 to \$9. The Typographical Union, it is said, favors the settlement of all disputes by the method suggested, and a general wage agreement for a series of years.

Germs, Germs.

We hear a great deal about them these days, and rightly too; for they are the direct cause of whooping-cough, diphtheria, scarlet fever and other diseases of childhood. When any of these are in the neighborhood, you should use Vapo-Cresolene. Every evening purify their sleeping rooms with this perfectly safe remedy. It is so easy to prevent the disease in this way. For whooping cough and croup, the doctors say it is a perfect specific.

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, for 50c. Extra supplies of Cresolene 25c and 50c. Illustrated booklet containing important testimonials free upon request. Vapo-Cresolene Co., 100 Fulton St., New York, U.S.A.

It is said, and was struck by a train. He had been robbed of everything, including his watch and chain, but papers on him gave the needed clue to his identity. The Omaha W. M. C. A. forwarded him as far as Chicago. His condition made it necessary to remove him to his old home at Ridgetown, Ont., where he now is.

DREADFUL DYNAMITE EXPLOSIONS

Sixteen Miners Killed and Thirty or Forty Injured.

Boys Throw a Can of Nitro-Glycerine in a Bonfire and Four Deaths Result—Other Casualties.

MANY MINERS KILLED AND WOUNDED.

Paris, Nov. 28.—A dispatch from Aniche, near Douai, says a quantity of dynamite at the bottom of one of the coal mines there exploded today from an unknown cause. Twelve dead miners and eight injured have been taken out and eighteen are not accounted for.

Later reports show that sixteen were killed and between thirty and forty wounded, as many as five being very seriously injured. The disaster has rendered the village the scene of intense mourning. The condition of the rescued bodies is appalling. Most of them are rent and torn in such a way as to be scarcely recognizable.

FOUR CHILDREN PERISH.

Pittsburg, Pa., Nov. 29.—Tuesday evening three boys and one infant were killed and nearly a dozen ladies hurt by an explosion of nitro-glycerine at Lazearville, on the Ohio River, about 20 miles above Wheeling, W. Va. Small boys, while watching the flood, built a fire on the river bank. All lived in their effort to get fuel for the blaze. Most of it was drifted down from the river. One lad fished a tin can out of the stream and threw it into the fire. A few seconds later a fierce explosion scattered the crowd in all directions. The can evidently contained nitro-glycerine.

Herman Finley, 15 years old, son of a poor widow, and Willie Davis, 9 years old, were instantly killed. Robert Finley, 12 years old, was badly hurt by the explosion. The fourth child was an infant child of Mrs. Durg, living close by, which was thrown into convulsions by the report. Willie Blackburn and Wayne Nagle, 20 and 22 years old, were expected to die.

Others cut and torn are as follows: Harry and Herman Arbogast, Wesley Cusick, James Jones, Theodore and Alex. Gilchrist, Charles Thomas, Ralph Hahn, Thomas Kierney, John Bone and John Webb.

THREE VICTIMS.

Wilkes-Barre, Pa., Nov. 28.—A fire at Plymouth on midnight last night destroyed two double dwellings and killed three persons. One of the dwellings was occupied by a man named Michael Tadada. The family were asleep at the time. The fire spread so rapidly that all the inmates could not get out in time. The following were killed: Andrew Boshes, a boarder, aged 35 years; Mary and Andrew Tadada, children of Michael Tadada. The loss to the property will not exceed \$4,000.

KILLED BY CARS.

Manchester, Vt., Nov. 29.—Mrs. Mary Cullinan, 80 years old, was killed by a passenger train at Arlington yesterday. Mrs. Cullinan, who was slightly deaf, attempted to cross the track. Several bridges, Ont., Nov. 29.—While a south-bound freight was lifting Brakenham, a bridge of Abolition, fell in front of a moving box car, and the wheels of one truck passed over his legs causing injuries from which he died in great agony an hour later.

MAN AND WIFE BURNED.

JUMPED INTO THE CANAL.

Syracuse, N. Y., Nov. 29.—Where is the canal asked a well-dressed man of the bartender of a local saloon last night. Being informed, he remarked: "All right; I will go and take a look at it." He walked out of the place, and, crossing the street to the canal bank, jumped in. A bystander plunged into the freezing water and dragged the stranger to the shore, but he was dead. From papers found on the body the police think he was George Anne, jun., of Jamestown.

WOMEN IN A DUEL.

Tampa, Fla., Nov. 29.—Mr. and Mrs. W. J. Bailey and Mr. and Mrs. Paul Huet fought a double duel yesterday. The men used guns and the women pistols. Bailey killed Huet. The women falling to hit each other, clabbed their pistols and closed. Mrs. Bailey was severely beaten over the head.

THE LATE SENATOR DAVIS.

St. Paul, Minn., Nov. 29.—Messages of sympathy came to the family of the late Senator, C. K. Davis from all parts of the world. President McKinley wired: "You will receive the heartfelt sympathy of Mrs. McKinley and myself in your great sorrow. In the death of Senator Davis the nation loses one of its wisest statesmen, a devoted student of public affairs, whose discussion of great questions was characterized by habitual fairness and profound learning. SONG OF CASERIO

Anarchist Ballad Which is Making the Government of Italy Tremble.

Rome, Nov. 29.—The poorer classes in Italy are being thrilled by a new anarchist ring, which seems to excite them as the "Marseillaise" did the French.

The song is an outburst against tyrants and a panegyric of regicides. It contains eleven verses, and its full title is "The Last Hours and the Execution of Caserio." Whether the words or music have ever been printed is doubtful. Certain it is that no one who is not known to be in sympathy with the working people can obtain either a manuscript copy of the song in Italy. The first verse is as follows:

"Early in the morning of August sixteen
The headman erected the dreadful guillotine,
While Caserio still slumbered and dreamed not of his coming doom."

In a similar strain are the following verses, the one dominant note being pity for the condemned man. The French, who applauded when the victim's head fell, are anathematized in the song as a "tyrannical, heartless people," and in the last three verses Caserio's mother is represented as praying for the soul of her beloved son.

The music of the song is slow, melancholy and strangely impressive. It awes, but does not excite; it brings tears to the peasants' eyes, but they are tears of anger, not of regret. Altogether it is a weird and uncanny melody, and one which makes a never-to-be-forgotten impression on the ears of peasants singing it in the evening as they rest after their labors.

The government is alarmed at the wide spread of this inciting ballad, and an investigation has been made, and having received full proof that the mysterious melody was one in praise of the anarchist, Caserio, the government promptly issued an edict prohibiting from singing it, the severest penalties from singing it.

When the villagers heard of the edict they shrugged their shoulders and then went out to their work and hummed "The Song of Caserio" as usual.

There is a rumor that since King Humbert's death another song with music has been composed, of which Breda is the hero, and that this is now slowly but surely winning its way into the hearts of many peasants of Tuscany.

HURT BY THE LODGE GOAT

An Iowa Woodman Sues His Initiators for \$10,700 Damages.

Clinton, Ia., Nov. 29.—Members of the Modern Woodmen of America are awaiting with interest the outcome of a suit begun in this country, in which Joseph Burke, of this city, sues Michael Hines, Martin Doland and Charles W. Beeby for \$10,700 for alleged personal injuries. Although Burke makes no mention of the Modern Woodmen lodge, it is known that he was injured while being initiated into the camp at Charlotte, this state, in December, 1898. The defendants were members of the degree staff of the lodge, and it is said they put the plaintiff through the "royal bumping" with a vengeance. The plaintiff alleges that he was injured by "being struck, bruised and thrown on the floor," and that the injuries received are permanent. It is said that the Woodmen have side degrees for the pleasure of the members, and that it was during the working of one of these degrees that the plaintiff was injured.

Sneeze and Blow.

That is what you must do when you have catarrh in the head. The way to cure this disease is to purify the blood with Hood's Sarsaparilla. Be sure to get Hood's.

GOOD DIGESTION SHOULD WAIT ON APPETITE.—To have the stomach well is to have the nervous system well. Very delicate are the digestive organs in some so sensitive are they that atmospheric changes affect them. When they become disarranged no better regulator is procurable than Parmelee's Vegetable Pills. They will assist the digestion so that the hearty vigor will suffer no inconvenience and will derive all the benefits of his food. Switzerland cultivates 35,000,000 fruit trees.

Mother Graves' Worm Exterminator does not require the help of any purgative medicine to complete the cure. Give it a trial and be convinced.

DR. RADWAY & CO., NEW YORK.

Dear Sirs,—I have been sick for nearly two years, and have been doctoring with some of the most expert doctors in the United States. I have been bathing in and drinking hot water at the Hot Springs, Ark., but it seemed everything failed to do me good. After I saw your advertisement I thought I would try your pills, and have nearly used two boxes; been taking two at bedtime and one after breakfast, and they have done me more good than anything else I have used. My trouble has been with the liver. My skin and eyes were all yellow; I had sleepless, drowsy feelings, felt like a drunken man; pain right above the navel, like as if it was bile on top of stomach. My bowels were very constipated. My mouth and tongue sore most of the time. Appetite fair, but food would not digest but settled heavy on my stomach, and gave me few mouthfuls of food came up again. I could only eat light food that digests easily. Please send "Book of Advice." Respectfully,
BEN ZAUGG,
Hot Springs, Ark.
