MR. WAGE EARNER, STOP! LOOK!! LISTEN!!!

The thing that makes better Overalls is quality. Have you considered what quality in Overalls means? It means: The strongest goods. The best threads. The greatest convenience of pockets, etc. Material enough to give freedom. The utmost of service. The lowest reasonable price. It means "Walker's Union-Made Overalls," because they have been examined in every particular, and passed with honors by laborer, trainman, and officials.

Attention!

What do you do with your worn-out overalls?

Send to the Walker Pant and Shirt Company factory six pockets taken from worn-out Walker Overalls and they will send you a new garment.
