'The first intimation of the trial of Capt. Fryatt was called to the attention of the foreign office by press reover in a pitying sort of way and told for Nerviline and Ferrozone. The combination had cured him. I was vinced of his sincerity and followed his instructions. I rubbed on Nerviline three times every day—rubbed it right into my aching joints. The pain quickly lessened, and I became more lin and active. To draw the viras of the disease from my blood I took two Fer-

> Brussels Carried Belgian Refugees Going to England

When captured by German torpedoboats on June 24, Capt Fryatt was piloting the steam-ship Brussels from Rotterdam to Tilbury. Several German warships dashed out of the naval base at Zeehrugge and escorted the Brussels back to the Belgian harbor. On board the Brusse was an unusually large number of Belgian women and children refugees, and she carried an all-British crew of 44 men. cluded in the cargo were 400 tons of margerine and quantities of fish, butter and meat.

Dutch newspapers said it was generally believed that the capture of the Brussels was brought about by a passenger who said he was an American, but was believed to be a German. This man remained on deck throughout the voyage, and was said to have made signals with lights, with the results that the German warships steamed up and
