Short Session Of Council.

Reports and Communications
Dealt with by the Alder-
men Last Evening.

Reduced Car Fare for Work-
men on the Esquimalt
Electric Service.

The council held a dull and uninter-
esting meeting last night, nothing com-
ing up for discussion but the usual weekly
reports of committees and a few com-
munications. Everything was over in
less than an hour.

Architect A. C. Ewart, who is making
plans for the new paint works to be
erected by W. J. Pendray, sent a letter
to the council requesting them to have
the box drain run through his client's
property from Humboldt street to the
mud flats changed, as the owners of
the property will soon commence the
erection of a large building on the
premises. The communication was re-
ferred to the city engineer.

E. H. Thomas, school superintendent,
informed the council and his Worship
the Mayor that the increased expendi-
tures of the school trustees was only
\$2,400, and not between \$7,000 and
\$8,000, as his Worship was reported to
one of the local papers to have said not
long ago. The reason for the addition
he said, was a large attendance in
former years. The communication was
filed.

Thomas and E. Spend, of Speed's
avenue, wanted the council to contract a
box drain through their property, and
stated if the request was not granted
they would take other steps to have it
done.

This request was made before, and
was refused on recommendation of the
city engineer, but the writers stated
that as the city engineer had only been
in the city a short time, he did not seem
to realize the necessity and importance
for the drain being built. Filed.

Medical Health Officer Fraser recom-
mended the purchase of a formaldehyde
disinfecting machine, at cost \$30, for
the use of the health department. Adopted.

John Teague asked that a concrete
sidewalk be laid down in front of Mr.
Neuberger's new building on Johnson
street. His request was filed.

H. M. Graham, agent for Peter
Steele, requested that the surface drain
on Bridge street be continued to David
street. Filed.

J. McCorkle desired the city to build
a new sidewalk from the corner of Clark
and North Pembroke streets to Skag-
way avenue. Filed.

The city solicitor sent a letter to the
council, informing them that the re-
spondents' costs in the appeal of the
cases of Lang and Patterson vs. the
Municipality of Victoria were \$380.15,
20, and \$355.68, 4d. Filed.

Thirty residents of North Chatham
street sent in a petition protesting
against the milk ranch owned and con-
ducted by Thomas Alexander in that
locality, and added that it was a nuisance
and a menace to the health of the
community. They wanted the city to tell Mr. Alexander
to take his cows and go to some other
part of the city. The petition was re-
ferred to the sanitary committee.

The city engineer submitted the fol-
lowing report:

(1) Re petition of W. Moore and others,
asking for a box drain on Milne street,
have examined same and would recommend
to be constructed at a cost of \$1,200.
They want the city to tell Mr. Alexander
to take his cows and go to some other
part of the city. The petition was re-
ferred to the sanitary committee.

The city engineer submitted the fol-
lowing report:

(2) Re petition of J. R. Fraser and others,
asking for a box drain on Milne street,
have examined same and would recommend
to be constructed at a cost of \$1,200.
They want the city to tell Mr. Alexander
to take his cows and go to some other
part of the city. The petition was re-
ferred to the sanitary committee.

(3) Re petition of J. R. Fraser and others,
asking for a box drain on Milne street,
have examined same and would recommend
to be constructed at a cost of \$1,200.
They want the city to tell Mr. Alexander
to take his cows and go to some other
part of the city. The petition was re-
ferred to the sanitary committee.

(4) The city engineer reports and re-
commends a box drain on Milne street,
one side of the street be six feet; estimated
cost, \$337.82.

(5) Re retaining wall on Burnside road,
I would recommend the council to con-
struct a retaining wall on Burnside road,
one side of the street be six feet; estimated
cost, \$337.82.

(6) J. P. Burgess, re drain at the inter-
section of Fourth street and Topaz avenue,
I have examined the same and would re-
commend a box drain on Milne street,
one side of the street be six feet; estimated
cost, \$337.82.

The finance committee submitted the
following report in regard to street rail-
way fares:

Your finance committee to whom was
referred the request of the Trades & Labor
Council for the same, and the same in
obtaining reduced rates at certain times
on the Esquimalt and Victoria electric
way, have pleasure in reporting that the
managers of that company have in con-
templation and will shortly give effect to
scheme for reduced fares on that line be-
tween the hours of 6 p.m. and 10 p.m., and
will also modify in the interests of the
travelling public some anomalies in the
present system of fares.

The finance committee also recom-
mended the payment of \$80.40 to
George Snider for extra work on the new
fire hall on Yates street; \$401.90 for
the completion of the concrete bottom
at the reservoir, and \$11,915.05 for cur-
rent expenses.

The amendment to the fire prevention
by-law was read a third time and
passed, after which the council ad-
journed.

REORGANIZING THE FIFTH.

Strength of the Local Battalion to Be
Cut Down, and Marine Engi-
neers to Be Added.

The authorities have under consid-
eration a scheme looking to the reorgani-
zing of the affairs of Military District
No. 11, more particularly the matter of
the Fifth regiment. The idea, as out-
lined by the "Colonist" Vancouver
correspondent in Sunday's issue, is to
change the Second battalion from artil-
lery to infantry, while the First will be
cut down to 200 rank and file, 50 of
whom shall be submarine engineers.

These latter 50 is assumed to replace
the present submarine detachment of the
R. M. A., who are shortly to return to
Europe. Some years ago a return was
asked for by an officer of the regiment
R. M. A. of all men then serving in the
First battalion who had a knowledge of
propulsion being of form a detachment

for instruction in submarine mining un-
der the instruction of the experts at-
tached to the regulars. This plan is now, evi-
dently, about to be carried out, and it
will have the effect of placing the local
militia closer in touch with those with
whom they would have to work in case
of mobilization; in fact it is stated that
intention is to have the volunteers
directly under the command of the senior
officer at the barracks.

The proposed change looks like a hard-
ship to the officers of the Second, who
only a few years ago spent months qual-
ifying themselves as artillerymen, and in
addition, have been to heavy outlay in the
purchase of uniforms. The cost of re-
sisting between \$200 and \$300 for each,
which now will be practically useless.
The number of officers in the First will
be reduced to eleven, all told.

THE GOVERNOR'S MOVEMENTS.

Very Encouraging News Is Received
From the Atlin Gold Fields.

Mr. N. P. Shaw, who arrived in the
city on Sunday, left Bennett on the 12th
instant, and brings out what is prob-
ably the latest news from that point.
Mr. J. T. Bennett, who left Bennett
just before leaving. Mr. Bennett ac-
companied the Lieutenant-Governor to
that did not remain there. He
said that he expected the Lieutenant-
Governor out immediately, and under-
stood that he had already started to
leave Bennett. Mr. Shaw says that the
Governor makes close connection he can reach
Skagway the same day he leaves Atlin.
Mr. Bennett said it was the Governor's
intention to leave Bennett on the 12th
instant, and he was very much encour-
aged by the news from the Atlin gold
fields. He might possibly take an earlier boat
when he learned of the doings in politi-
cal circles here.

Mr. Shaw was very much impressed
with the news from Atlin, which he said
was a very gratifying character. Mr.
W. M. Boyd, of the Merchants' Bank
of Halifax was the latest arrival from
that camp with whom he had talked.
He said that the news from the Atlin
gold fields was very encouraging, and
that he was very much impressed by the
news from the Atlin gold fields.

It is an open secret that Col. Peters
has for some time been ambitious to
have the control of the affairs of the
British Columbia Rifle Association, and
has gone so far as to initiate a move-
ment to do away with the sending of a
representative to represent this province at Ot-
tawa, all with the mistaken idea of en-
couraging rifle shooting in this province,
but if some little attention were paid
to the matter, it would be a great dis-
appointment to the members of the asso-
ciation, which they are armed, it is quite
possible that it would lead to more satis-
factory results.

While on this subject may I be per-
mitted to ask where the D. O. C. was
during the recent military reunion at
Vancouver? Many of the members of
the association were present, and the
members of the association were present,
and the members of the association were
present, and the members of the associa-
tion were present, and the members of the
association were present, and the members
of the association were present, and the
members of the association were present,
