MEETING OF TOWN COUNCIL

Lot Leased for Dairy Building
Usual Departmental
Accounts Were
Passed.

A meeting of the Town Council was held last Friday evening. His Worship Mayor McKay presiding. Councillors Armstrong, Cool McDonald, Ramsay and Caldwell were present. The Food Inspector submitted a report of his August work, which stated that conditions were improving. A deed of the old C. N. R. right of way from Roseberry street to western boundary of town was received from the C. N. R.

N. Bernatchey asked for a lease of lot at old I. N. R. crossing for the purpose of erecting a dairy. Lease granted at \$25.00 per year.

The lease of that section of Lansdown street to Minto from A. H. Ingram for \$550.00 was submitted and accepted.

Chief of Police Adams submitted several suggestions with respect to traffic by-laws and Legislation committee.

The estimates of cost of extension of water and sewerage systems on Church street were placed at \$12,500, and as there is no money available this work was ordered not to be proceeded with.

The usual departmental accounts were passed and ordered paid.

On motion M. D. A. Stewart was instructed to distribute earth dumped on I. N. R. right away, so it would not interfere with the drainage.

The council then adjourned.

W. N. SNOWBALL DIES SUDDENLY

Was M. P. For Northumberland and a Candidate for Re-Election

Chatham, N. B. Sept. 27—William Bunting Snowball, member for Northumberland in the last parliament, died tonight at 8:30 o'clock after an illness of less than 24 hours. Mr. Snowball had been at his office yesterday afternoon and had attended to business as usual. About midnight he was suddenly stricken with a heart attack and in spite of expert medical aid he became worse and passed away this evening.

NEWSPAPER MEN MET AT SACKVILLE

Annual Meeting of Maritime
Division of the C. W. N. A.
Held Friday Afternoon.

Sackville, N. B. Sept. 28—The annual meeting of the Maritime Division of the Canadian Weekly Newspaper Association was held here on Friday afternoon, when an interesting round table talk on newspaper problems took place. The following officers were elected for the ensuing year: President, D. F. Fraser, New Glasgow; Vice President for Nova Scotia, H. G. Harris, Kentville N. S.; For New Brunswick, C. C. Avari, Sackville; for P. E. Island A. R. Brennan, Summerside, P. E. I.; Secretary-Treasurer, H. B. Anslow, Campbellton. Executive, Donald Lawson, Yarmouth, N. S.; Miss Marion Stevens, Hartlar, P. H. Beattie, Bridgetown, N. S.; Geo. McWilliam, Newcastle, Louis Taylor, Summerside, P. E. I.

Among others in attendance were: L. S. Gove, of Toronto, manager of Maritime Selected weeklies, J. A. Fisher, Pictou, N. S., H. P. Davidson, Wolfville, N. S., H. R. Arenburg, Lunenburg, N. S., Dr. H. E. Thomas, Sackville. Appropriate references were made to the passing of two members of the Association during the past year, S. I. Lynott, of the Woodstock Sentinel, and Murray Lawson, of the Yarmouth Herald.

TARIFF AND TAXES

Let us call a spade a spade. Clear speaking leads to clear thinking. "Tariff" "Customs", "Duty". These things can be called by a much more familiar name. They are Taxation. When one goes into a store and buys an article from a merchant for \$5.00 that sells for \$3.00 in Boston and should sell for near that figure here, we shrug our shoulders and complain that "the price is high." Suppose you went in to purchase that article and were told that the price was \$3.50. You complete the purchase and make payment; but you are told by the merchant that there is a government tax of \$1.50 which he is required to collect from you. Then you understand what tariff is. Tariff is taxation. It the most covetous tax we have to pay. Mr. Meighen realizes that we are suffering from high cost of living and from restriction of trade in the Maritimes, so he intends to remedy all that by increasing our taxes! Ex.

GOOD BOXING AT SKATING RINK

Twelve Hundred Excited Fans
Witnessed a Five-Fout
Program.

The skating rink last Friday night was crowded to the rafters when about 1200 excited fans witnessed a five-fout boxing program. The main bout of the evening, which was scheduled for ten rounds between Ralph McNaughton of Campbellton, N. B. and Tommy Dixon of Sydney, N. S. finished in the sixth with McNaughton winning by a knockout with a left hook to the solar plexus. The fight throughout was carried by McNaughton, Dixon taking the defensive from the start. McNaughton's rushing style soon told on Dixon and in the fourth McNaughton sent Dixon to the canvas for short count, and in the sixth when he went down he tried hard to rise but was unable.

The semi-final was staged between Kid Gardner of Three Rivers and Joe Villeneuve of Quebec, the latter holding the Quebec flyweight championship and a strong, aggressive and hard hitting boy. This bout was scheduled to go eight rounds, Villeneuve winning on points over the heavier opponent. The former weighed 120 pounds and latter tipping the scales at 108, which showed that he had to go out of his class for this bout.

The first preliminary was with the Munroe brothers, and these two boys went three fast rounds to a draw. The next bout was between Heck Dobson and Young Durette for three rounds which finished in the second when Dobson scored a technical knockout over his opponent.

The third preliminary was between Tony Thomas of Montreal and Leo Wagner of Campbellton, this bout was also fast and exciting, the men being well matched, both weighing 130. The first round was Wagner's and it was thought that he would have his opponent out before the finish of the round, but in the second, Thomas showed that he could take punishment and also give it by sending some very heavy body punches to Wagner and winning the second round. At the sound of the gong for the third and last round, both men sprung from their corners looking for a knockout, but neither being able to lay his man low and at the end of the round both were on their feet and the bout was declared a draw.

McNaughton is a former Campbellton champion and a former Campbells of Quebec. He won and held the flyweight championship of Canada until he outgrew it, and is now a contender for the featherweight title which is now held by Leo Kid Roy of Montreal. He is considered one of the cleverest and heaviest hitting boys in the game today and has a string of knockouts to his credit.

The officials of the show were: J. W. Howard, ring announcer; J. L. Annett, referee, and E. W. Henry, time keeper.

TO UTILIZE DEPOSITS IN DEAD SEA

The latest industrial scheme under contemplation, if not actually on the way, has for its objective the utilization of the chemical resources of the Dead Sea. These resources include potassium chloride, magnesium bromide, magnesium chloride, calcium chloride and sodium chloride, the amount of each available running from 980 to twenty-two million tons. For practical purposes, the supply of potash may be considered inexhaustible, and that is the product which makes the Dead Sea most valuable from a commercial standpoint. Among the items required in the way of equipment for development purposes are salt pans, pumps and pumping stations, water channels, laundries, pipe lines, a chemical laboratory, carpenters' shops, machine shops and local road. It is roughly estimated that the initial cost in this connection will be about £145,000. Jaffa or Haifa are the possible ports of shipment. Temperatures about the Dead Sea vary from 92 to over 100. At the hottest part of the year the temperature is daily modified by cooling breezes.

SILK HOSE TAX MAY RESULT IN LONGER SKIRTS

Leeds, England, Sept. 28—The tax on silk stockings may have a tendency to bring about a lengthening of skirts. The Yorkshire manufacturers have been deliberating on proposals to make longer hile thread tops to silk stockings and so reduce the quantity of silk per pair. Glimpses of the cotton top would be un-
members of the trade, and so on that account skirts would have to be longer.

He—"Is there a word in the English language that contains all the vowels?"
She—"Unquestionably"
He—"What is it?"
She—"I have just told you."
