The oldy things found near the body were a heavy blass sack cost, a razor and what looks to be small club or a broken druggist's pestle.

The body was dentified at noon by Charles Mitchell, a gardener of Flushing, as that of Mrs. Hamilton, wife of a colored preacher who formerly had charge of the church in Flushing. Mrs. Hamilton was well known among the colored population of Flushing and vicinity. She left Flushing last night in company with a colored may how over a light overceast. They boarded the \$1.7 train, which stops at Winiteld.

At about 6 o'clock this morning a pediar, who was driving along the road, was seen to find the wagon and looked into the pond off the wagon and looked into the pond off the wagon and looked into the pond off the wagon and looked into the pond think much of it. The gashes are such that the person that committed the murder must have stood behind the woman and pulled her head back before drawing the knife, or whatever the murder was committed with, across it. The woman could not have been dead more than three or four hours. We thought that the woman was about 30 years old. She looked as if she was well off."

Michael Quis, when asked what he knew about the case, said: "I had just got up when I saw the pedlar stop his wagon at tho pool and look into it. I thought his adtions were strange, but did not think anything more of it until Mr Loselinski ran up and told me that a woman was lying there. It seems that the pedlar had met a man on the road who works for T. B. Hyatt and he had told the Loselinskis. I immediately rushed down to the pond, and as soon as I saw the woman I knew it was a mursal I saw in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure." G. G. THE REAL ESTATE MARKET AT present leaves too wide a gap between sellers and buyers, and so long as they keep so wide apart there will be great difficulty in closing large transactions. MR. H. M. LOCKWOOD. Mr. Lockwood writes as follows:

"I was terribly afflicted with boils, having no less than 53 in eight months, during that time I tried many remedies without relief, Doctors' medicine did not relieve me, in fact I could not get rid of them at all until I began using B.B.B. It completely cured me, and I have not had a boil since taking the first bottle. I write this to induce those afflicted with boils to try B.B.B. and get cured, for I am confident that but for Burdock Blood Bitters I would still have had those terrible boils, which shows plainly the complete blood cleansing properties of this medicine, because everything else that I tried failed.

As a perfect blood purifier, cleanser and tonic, Burdock Blood Bitters excels all others. In addition to this it has properties not possessed by any other remedy; it regulates the bowels, thus curing constipation; it tones the liver and removes biliousness; it strengthens the stomach and cures dyspepsia. In a word it regulates, tones and strengthens every organ of the body in a natural and effective manner and thus restores perfect health.
