GENERAL SPORTING NEWS.

The Toronto Lacrosse Club Figure in a One-Sided Match With the Shamrocks.

MONTREAL, Aug. 13.—A championship match was played here to-day between the Shamrocks and Torontos. The day was cloudy, and owing to the wet weather of the past few days the ground was in a wretched condition. The match was started at 3.30 sharp.

The Shamrock team were in splendid condition and they had the advantage from the start. In fact the match throughout was rather a one-sided affair, The Shamrock team playing was splendid, while the Torontos were very deficient in this respect. The first three games were served up in quick succession. The Torontos took the first game in 2 minutes, and the Shamrocks followed suit by scoring the second in 1 minute. The match was at once continued and the Shamrocks scored the third in 3 minutes, much to the surprise of the spectators. The fourth game was no longer, but the Shamrocks practically had it all their own way, and it was only owing to Toronto's good defence that the game was protracted to 20 minutes. The fifth and last game made up for the shortness of the others, lasting over an hour, and was scored by the Shamrocks, who thus won the match by 4 goals to 1. The following were the teams:

Shamrocks (4): McKenna, goal; Murray, Rark, Duggan, Dwyer, Moore, Kelly, Neville, Hurton, McKay, O'Meara and Tucker. Captain, M. J. Polan.

Toronto (1): Davis, goal; McConaghy, Rundle, Hartley, Knowles, Burns, Livingstone, Burns, Keith, J. A. Garvin, Mason and Warbrick. Captain, J. S. Garvin.

How the Capitals Defeated Cornwall.

OTTAWA, Aug. 13.—One of the most exciting matches played this season was that between the Capitals and Cornwalls on the Metropolitan grounds. The game was one of the closest kind, resulting in the last few minutes in a win for the Capitals by five goals to four. The ground was in a very wet condition, and apparently the Capitals suffered most from this cause, both teams put up a gentlemanly and well-played game and the decisions of the officials were most satisfactory.

The games were scored thusly: First, Capitals, Ketchum, 6 minutes; second, Cornwall, Black, 2½ minutes; third, Cornwall, Moss, 7½ minutes; fourth, Capitals, G. Carson, ¾ minute; fifth, Capitals, Ketchum, 7½ minutes; sixth, Cornwall, Black, ¾ minute; seventh, Capitals, Murphy, 3 minutes; eighth, Cornwall, Black, 3 minutes; ninth, Capitals, Kent, ¾ minute.

The Capital home are superior to the Cornwall defence, but to-day speed was no use to them. The Capital defence was the weak spot, as they left their covers and gave dangerous openings.

The teams lined up as follows:

Capitals (5): Goal, Crown; point, Patterson; cover, Taylor; defence, Devine, H. Carson, James; centre, Biscionette; home, E. Carson, Carleton, Kent; outside, Murphy; inside, Ketchum.

Cornwals (4): Goal, Carpenter; point, H. Adams; cover, T. Danaher; defence, Hughes, J. Adams, Tobin; centre, Riviere; home, McCutcheon, Leacy, Danaher; outside, Black; inside, Moss.

Referee—D. Patterson.

THE CRICKET CREASE.

Why Toronto Junction Cricketers Failed to Visit Bellamy.

Sporting Editor World: The paragraph in your paper of Thursday referring to the treatment Scarboro Cricket Club received from Toronto Junction Cricket Club reflects very badly on the Junction, and I should be glad if you would allow me a little space to show our view of the matter. Up till the Tuesday evening our committee counted on being able to send eight men and these should have gone as the team, although three short. On the Wednesday morning word was received that five of them were unable to play, four of them through unforeseen pressure of business. Steps were then taken to let Scarboro know of our inability to bring down a team, but on enquiry at the telegraph offices in town we found that we could reach neither Highland Creek, where their secretary resides near Bellamy where the match was to be played. Thus, telegraphic connection failing, we had reluctantly to let the matter rest until we could write in the evening. I trust that this explanation may remove in great part the bad opinion cricketers probably have formed of us through that paragraph in your paper.

T. S. GARRETT,
Secretary T.J.C.C.

ALL READY.

Officers for the Great New Orleans Prize Fight.

NEW YORK, Aug. 13.—Advices from the Crescent City are to the effect that the Olympic Club's arrangements for the three fights are almost completed and that the accommodations will be better than ever before. The club has appointed Prof. John Duffy official referee and Otto Frank timekeeper. Both are capable of fulfilling the duties assigned them, and with Duffy as referee fair play is assured each and all of the contestants.

Duffy does not allow as much in-fighting as do the referees of battles in the north, but he is impartial in his decisions and makes men fight a "fair stand up fight." As all the men engaged for the September contests are clever long-range fighters, and have no desire to indulge in short-arm work to any great extent, the rulings of the professor as to in-fighting will not affect them materially. He will give them fair play, and that is all they want.

AT THE TRAPS.

The whole of the entry money in each shoot will, therefore, be divided into prizes, with several specials added to the more important matches. A team match on the second day, consisting of five men belonging to the same club, will be one of the chief features of the meet, as will also be the 50 birds match and the continuous merchandise shoot. The Yankee Silver Nuisance.

On Saturday morning a citizen was buying a ticket at the Union Station for his wife, who was going to Muskoka. He put down a $10 bill in payment therefor. The ticket clerk gave in the change 60 cents of American silver, and when objection was made, said, "Well, then, give me the ticket back." As the journey had to be made the American money had to be accepted, but this is hardly the way for the Grand Trunk to treat its customers, and The World imagines that the company could be hauled over the coals for the action of its ticket clerk. It seems that the Grand Trunk and other business people have to take American silver, and in fact are glad to get it in order to do business, but they take a sharp way of getting rid of it by passing it out again as change on Canadians who do business with them.

Cost of Stops.

It costs just 70 cents to stop a train, says a conductor. And for that reason the average commuter train does not pay running expenses. Take our line out as far as Sharon, for instance. It is just about 16 miles from the city a nd is the 16th stop for a commuter train. That makes the cost of stopping trains 70 cents a mile. The average commuter rate is two-thirds of a cent a mile. So you see to pay the cost of stopping trains alone we must carry about 100 passengers over every mile. Then there are the other regular running expenses. The engine consumes an extra half ton of coal every time we stop at Gano or the grade above Sharon. I tell you, when I figure up the running expenses of one of these trains I congratulate myself that I am on a salary and do not own a railroad.—Cincinnati Times-Star.

Victoria Park To-day.

Victoria Park is the place for you to spend the day. The splendid steamer Greyhound will run in connection with the Chicoutimi and Merritt, making the best steamboat service to any of the parks. Lots of fun for the family, and home early if you like.

Shortly after 3 o'clock yesterday afternoon a fire started in the old Rathbun planing mill at Queen and Northcote-streets. The firemen extinguished the blaze before much damage was done. The cause of the fire is unknown.

Mr. Everett was able to come to an arrangement with the Bell Telephone Company Saturday by which the trolley wires may be suspended from the telephone poles. As all the telegraph and electric light companies have already conceded this privilege the street railway company can use any pole at present erected in the city and very few new poles will have to be put up.
