SPEAKING of the lessons to be learned SPEAKING of the lessons to be learned from the Empress of Ireland eatastrophe London Advertiser tritely says:—'Most of all, perhaps, the teaching is driven home that voyagers should know how to swim, and keep afloat it only for a short time. It is astonishing how little attention is given to this useful accomplishment in the schools. Most hows learn ment in the schools. Most boys learn the art in spite of discouragement from parents and teachers, but the dreadful loss of women in the St. Lawrence tells' its own story. Swimming must be part of the children's education.

NEXT WEEK the Departmental exam-NEXT WEEK the Departmental examinations begin, viz:—the lower school and Faculties of Education at which there will be in all 53 candidates from the Watford High School. Now boys and girls, go right in and win. It is hard work that counts. You must not expect something for nothing. The Entrance to Normal and Junior Matriculation exams, will commence in a little more than two weeks time.

The wireless call "S. O. S." used THE wireless call "S. O. S." used when a disaster happens at sea, does not stand for any particular words as supposed by many. It is merely a signal that means the same in all languages, "Our ship is in distress and requires immediate assistance." It is in the continental code, and when a wireless operator, no matter whether he be British, Spanish, German, Japanese or Russian, and utterly unacquainted with any language but his own, hears the faint "dot, dot, dot—dash, dash, dash—dot, dot, dot." ticking its cry for help into the telephone receiver he wears on his head, he knows imer he wears on his head, he knows im-mediately that there is a ship in distress, flashes back for location, and in a trice is on the way to assist.

HALLIE POTTER, son of Principal Potter, of the W.H.S., on Sept. 1st, 1913, swallowed a tie pin nearly three inches in length, which caused at the time considerable hemorrhage. In three weeks he awoke at midnight with the pin, minus the head, crosswise in his mouth from which he extracted it with difficulty. Since that time he there has been
