NEW STEAMER "ADMIRAL."—This splendid
new American steamer commenced her trips be-
tween Boston and Eastport, on Thursday last, mak-
ing the passage in nineteen hours, against a head
tide nearly all the distance. This is one hour less
than the "Penobscot" made her quickest run on the
same line; and it is supposed, that the Admiral
will, under favorable circumstances make the run
in seventeen hours. She is advertised to make a
pleasure trip to St. John on Friday next—leaving
Eastport at a quarter past 8 o'clock in the morning
and returning from St. John on Saturday at Noon.
Fare for the excursion—\$2.50.

DAUERRIAN MINIATURES.—We beg leave
to call attention to Mr. H. Seelye's card, in
our advertising columns. He has several mini-
atures of residents of this County which are
fully equal to the best taken by the celebrated
Dauerrian artist, Plumb. Mr. Seelye's mini-
atures are "true to life"—finished in the best
style—and are not liable to fade. His terms
are low—encourage native talent, then.

The Quebec papers state that several ves-
sels from Liverpool Limerick have arrived at
Grosbe Isle with passengers, several of whom
died on the passage, and a number were land-
ed of all fever.

The farmers in the Western States
have sent pressing orders to New York, for
hiring all the European immigrants who land
there. Agents are in New York, who are
busy in placing every immigrant who ar-
rives in health and is willing to work, on
board conveyance for Ohio, Indiana, Illinois,
Missouri, Wisconsin, and Iowa—the farmers
of which great States say they should be glad
to see a million of immigrants this year in-
stead of an hundred thousand.

Another destructive fire took place at
Toronto, Canada, on the 31st ult. Several
brick and wooden houses were destroyed be-
tween Richmond and Queen streets, and also
the Presbyterian Church in Richmond streets.

Specs.—The Hibernia brought out \$159,
000—says \$50,000 dollars.

LARGE CIRCUS.—Messrs. Sands, Lent &
Co's, magnificent Circus, we are informed
will visit this town in the early part of July,
and make the tour of the Provinces. This
establishment is said to be one of the "big-
gest concerns" in the United States. See
look out boys.

Deaths among the Emigrants.—The Que-
bec Gazette of Monday last says: "The latest
reports from the Quarantine station at Grosbe
Isle are unfavorable. There are thirteen
hundred sick, and about thirteen thousand in
forty vessels at the stations. According to all
accounts, death and starvation are nearly as
bad at Grosbe Isle as in Ireland. The number
of orphans is now about a hundred."

At Kingston, Canada, on the afternoon
of the 1st, the extensive warehouse of John
H. Grear, containing in the store and on the
dock 2700 bbls of flour, was destroyed—the
flour much damaged. Loss estimated at
\$10,000.

One great cause of the depression and
degradation of the Mexican people, and which
brings blight and decay upon that country, is
said to be a system of peonage, whereby the
great mass of the population in the agricul-
tural districts are held in abject slavery. The
basis of this system is not difference of color,
or inferiority of race but is simple debt! For
inability to pay the most inconsiderable sum,
a man is made the slave of his creditor, who
lives upon the fruits of his labor, allowing
him to take up a bare subsistence; and accu-
mulating the original debt by interest and
other charges to an extent that makes the
bondage one for life, and entails it upon his
descendants.

The Nantucket Inquirer of Friday, says
"a large steamship anchored south of low
beach off the 'Old Man' late Wednesday af-
ternoon, and fired several guns as if for a pi-
lor. Yesterday morning she was still there,
and after daylight commenced firing again,
and continued to do so until about 8 o'clock,
when the fog lighted, she got underway
and stood to the Eastward. At the time she
took her anchor, she bore about S. E. from
the town and was some 3 miles distant from
the beach. She is supposed to have been
the new steamship Washington which left
New York for Southampton and Bremen on
Tuesday afternoon, at 5 o'clock."
