

One of the Beautiful and Handsomest of the
Strictly First Class Illustrated Magazines
published in the United States is

THE MANHATTAN.

Liberal in Spirit and Critical in Taste.

It has already published some of the Choicest Magazine Literature of the day. The Manhattan numbers among its contributors all the leading writers of the English language, while its Illustrations are prepared by the best exponents of Modern Art in drawing and Engraving.

SOON TO APPEAR:

Among other important and entertaining matter, coming numbers will contain:
"The Future of Egypt," an important paper by Gen. Leving Pasha, who has just returned after holding for ten years high command in the army of the Khedive; of especial interest is the present unsettled condition of affairs in Egypt and the Sudan; "Creation or Evolution," a series of papers by George Jackson Curtis; a philosophical inquiry, both theories judicially considered, "A Great Paper on Edwin Booth," by Henry C. Pedler; beautifully illustrated with engravings of the actor in his principal characters, "A Riverside Park New York City"; a descriptive and beautifully illustrated, "Literature and Science," an important paper by Matthew Arnold; "Palazzo's Cave," popular scientific article by Cope Whitehouse, whose researches at Lake Moeris, in Egypt, gave him such high reputation among European savants; "Friedrich a brilliant and remarkable novel, the author of which, for reasons that will be apparent to the reader, desires to remain unknown; "Our Forest and Tree Lore," an interesting paper by Miss Laur C. Holloway. The Yellowstone Park here, fully illustrated, "A Harmonious College" illustrated with portraits and numerous views of the college and its neighborhood; "Tinkling Cymbals," Edgar Kawest's charming serial of Society in Newport and New York; will run through several numbers.

\$3.00 a year, postage paid; 25 cents a number.
Subscriptions received at the principal Bookstores or at the Publication Office of THE MANHATTAN MAGAZINE CO., TEMPLE COURT, NEW YORK CITY.

The Kansas City Review of Science and Industry is a strictly popular magazine, better adapted to family reading than any other scientific journal in the country. It comprises original articles by the best writers, and selections from the best periodicals in this country and Europe upon Geology, Mining, Archeology, Medicine and Hygiene, Meteorology, Emigration and Travels, Mechanic Arts, History and Biography, Book Reviews, etc. It has played its full part among periodicals of the West in calling attention to the natural resources and advantages of this region, and is deserving of the patronage of all intelligent and enterprising citizens.

Monthly, 64 pages octavo, \$2.50 per annum. N. B.—CLUBS OF FOUR or MORE ARE ALLOWED A DISCOUNT OF 25 PER CENT.
