Cotton Belting.

BEST

MAIN DRIVER

Practically indestructible under ordinary usage—unaffected by atmospheric changes. Uninjured by water or steam, or heat that would ruin leather or rubber. Stronger than rubber or leather.

Its peculiar adhesive or gripping power on pulleys enables it to be run looser than any other Belt, actual tests proving it to be 40 to 50 per cent BETTER.

ENDLESS BELTS A SPECIALTY.

As Strong at Splice as elsewhere, and as even and smooth. A few of the large sizes lately supplied in Canada:—
