FULL DEPOSIT WITH THE DOMINION GOVERNMENT.
"Commercial Plan of Life Insurance."
 This plan of Life Insurance omits two out of the three elements employed in making up the premium charged on the ordinary all life Plan, viz.: the Reserve or Investment feature and the loading for expenses, and is simply confined to collecting the COST OF INSURANCE with a level yearly fee for expenses. It is founded upon the same scientific basis as the ordinary plans tested for generations. Mortuary Premiums for this cost are payable quarterly, on the 5th day of March, June, September, and December in each year, and increase gradually with the age. This gradual increase enables the Company to omit collecting from the insured the Reserve part of the Ordinary premium.
 As paid, 50 per cent. of all Mortuary Payments will be credited to the Mortuary Fund to be used solely in the payment of losses, and 20 per cent. to a Special Contingent Fund to equalize the cost of Insurance, and divide among those whose policies are kept up for fifteen years, and thereafter every five years. At such division the policy-holder may withdraw his share of that Fund, or let it remain to reduce his future payments.
 Under the Company's Policy the holder incurs no liability whatever, as he may close his contract at any time by ceasing to make any payment falling due.
 Agents wanted in every unrepresented Town and Village in Canada. Address -
WM. McCABE, Manager, Director.
