

# CHICAGO MARKET.

# CHICAGO MARKET—January 29, 1900.

From the Bartlett Frazier Co., Chicago. H. J. Coou, Manager, 298 1/2, Sacramento St.

**OPENING STRONG — MAY WHEAT ADVANCED TO 69 1/2 THEN REACTED 1/2 CENT — PROVISIONS LOWER — UNCHANGED.**

Chicago, January 29.

Liverpool openings were 1/4d higher for March wheat, 3/4d for May at 5-10 1/4 for the one and 5-10 1/2 for the other.

Paris wheat however was 25 lower and flour 85 lower.

Corn at Liverpool was 1/4 higher. Shipments there 4,400,000 bushels. Advance arises from speculation. Market very unsettled with foreign advices having great influence, but with holders confident. Later wheat was cabled as 1/2 lower with corn unchanged.

New York openings at 76 3/8, 75Y, 75 1/2 for March, May and July wheat were 5/8, 5/8 and 3/4 higher.

Chicago openings were also 5/8 higher for May wheat and 1/2 higher for July wheat. Advance was further made to 69 1/2 for May and 69 3/4 for July. Reaction of 1/2 cent took place during the first hour and the price fluctuated 1/8 around 68 1/2.

Corn and oats without experiencing any advance moved around 38 and were moderately active, country acceptances of corn reported large.

Provisions though opening strong acted rather weakly later. This agrees with what wheat traders were expecting. The strength having been so long continued causes some reaction to be anticipated. Provision receipts were hogs 80,000, cattle 15,000, sheep 17,000.

Grain receipts :  
Wheat, car lots, 40, shipments 1472 winter, 75,802 spring.

Corn, car lots 471, shipments 109,391.  
Oats 228, shipments none.

There is very little corn going into cribs at stations and country buyers are not accumulating supplies of milled corn in their warehouses as usual at this time. Stocks at primary points are not increasing as rapidly as last year when at Chicago, Duluth, Minneapolis and Milwaukee there were 14,200,000 bushels against 5,000,000 bushels to-day.

The confidence in higher provisions which has been noticeable the past two months seems less pronounced and some of the leading operators show a disposition to take the short side, especially on Pork. Cash demand is good.

To-day's market was very strong. May advancing fully 1/2c to 69 1/2 and July neat securing 70 1/2; 70 cent wheat has not been for a long time before to-day.

(See page 5.)
