Champion Cash and Parcel Carriers

 Market

The **CHAMPION CASH CARRIER** is a model of beauty, simplicity and compactness. It is unequalled in the simplicity of all its parts. We have systems which have been in use for two years without repairs being required.

There are no unsightly iron supports from the ceiling the wire is fastened firmly at either end and held at the proper height by a light brass chain suspended from the ceiling. It does not interfere in any way with the display of goods, but adds greatly to the attractiveness of any establishment in which it is placed.

The cheapness with which it can be constructed and put up enables us to place this system upon the market at a reasonable price.

Call and see them or send for Catalogue giving full particulars.
