

Definitions of Life Insurance.

"Insurance, well done, is the greatest comfort of modern times. Realize the full meaning of the word; the certainty of something hoped for and a danger, half feared, averted, a combination by which losses are turned backward and dark clouds are made to show their silver lining."

"Angels visit us on every sunbeam. Fairies wait on us with every flower. Miracles are commonplace compared with the works of nature. Life insurance is simply an intelligent advantage over natural laws."

"For good insurance you should have three important points: First, correct principles; second, the same maintained; third, honest and conservative administration."

The best insurance can be obtained from that successful and progressive home company, the North American Life, whose ratio of net surplus and assets to liabilities exceeds that of any other Canadian company.

The compound investment plan of the North American Life is admirably adapted to all classes of intending insurers. For full information address Wm. McCabe, Managing Director, Toronto.

You'll enjoy the Winter

through all its varying moods if you have your clothing interlined with Fibre Chamols. This wonderful fabric is so light that you never notice its presence in a garment till you get out into the wind and cold, then you realize that you are cosily warm even tho' lightly clad. Fibre Chamols is a complete non-conductor of heat and cold, not the strongest wintry blast can penetrate it, nor can the natural warmth of the body escape through it—This explanation and the fact that it

sells for 25c a yard gives the whole story, and easily proves that for health and comfort's sake you can't do without it.

YOUR LAST CHANCE! POSITIVELY LIMITED TO DEC. 24.

Never will there be another special offer made on this great Standard Dictionary and Encyclopaedia of all the world's knowledge. This is positively the last chance you will ever have to secure the work on such extremely liberal terms. We fully intended to advance the price to regular rates on Nov. 30, but thousands of people in all walks of life have requested an extension of time until Christmas. After careful consideration we have decided to continue our Special Offer until the above date. This is done simply and only as a further means of advertising this wonderful storehouse of information. We do not expect to make money by this offer, as the very low price on such liberal terms barely pays for paper, printing and binding, saying nothing of the enormous investment of over \$750,000 required in the production of the work. The tremendous amount of talk created will help to advertise this most modern and entirely up-to-date home reference library. No advertisement can do it justice—it is its own most eloquent advocate.

FOR A CHRISTMAS GIFT NOTHING COULD BE BETTER.

Your pastor, teacher, friend, parents, or your children will appreciate this great work beyond expression. It will last a life-time, and always give satisfaction. No business or professional man, teacher, student, mechanic, housewife, or any other person who wishes to keep abreast of the times, or who is interested in the laudable enterprise of self-education, can allow this rare opportunity to pass without careful investigation. The new, entirely up-to-the-times

SUPERB NEW EDITION

Revised to June 1, 1896, contains thousands of the newer words not found in any other reference book on earth, including the very latest coinages of the day, such as "Roentgen rays," "aseptolin," "vitascopes," "aklagraph," "fluoroscope," etc. It is the only up-to-date dictionary, the most practical encyclopaedia, and also a genuine

TRIUMPH OF ART

with its magnificent array of chromatic plates in 17 colors, dozens of single and double page engravings in delicate monochrome, and 3,000 text illustrations.

ONE HUNDRED EDITORS

and thousands of special contributors from all over the globe have devoted their best talents to the preparation of this marvellous condensation of all the world's knowledge. Look at the list! The great Prof. Huxley on zoology and physiology, Prof. Richard A. Proctor, astronomy; Sir John Lubbock, music; Hunter, Morris, Katscher, Herrtage, Williams—the most brilliant educators of the nineteenth century.

COST OVER \$750,000 TO MAKE IT.

IT IS THE ONLY REFERENCE WORK ON EARTH that contains satisfactory and up-to-date encyclopaedic treatment of such important topics of to-day, as the following: Bacteriology, Bimetallism, Money, Wages, Germ Theory, Arctic Explorations, Tariff, Christian Endeavor, Appendicitis, Shadow Photography, Electrostatics, Steam Navigation, and hundreds of others.

IT IS THE LATEST AND BEST DICTIONARY of our language. Each legitimate English word is exhaustively treated as to its origin, history, development, spelling, pronunciation, and various meanings.

IT IS A CONCISE ENCYCLOPEDIA of anatomy, botany, chemistry, zoology, geology, art, music, philosophy, mathematics, mechanics, theology, biblical research, etc. 50,000 separate encyclopaedic subjects, including the latest inventions and discoveries, tersely treated by educators of vast renown.

IT IS A SUPERB LIBRARY BOOK, printed on high grade white paper, from plates never before on press, durably bound, and containing the most superb illustrations, in 17 colors and in monochrome, ever made for any reference work.

IT IS BETTER THAN ALL OTHER DICTIONARIES, because it is the latest and most complete, containing nearly twice as many words as any in the largest standard, and treating 25,000 more encyclopaedic subjects than are covered by other encyclopaedias costing from \$50 to \$200.

TWO EXPERT OPINIONS—THOUSANDS SIMILAR.

Rev. Dr. Chas. H. Parkhurst. The Encyclopaedic Dictionary is a "Scientific American," New York.—"It forms in itself a library for the busy man of affairs, the mechanic ambitious to advance himself in his profession, and as concise in detail as it is comprehensive in contents."
