

whom purchased or ceded: "Distribution of Population by States"—a map similarly vari-colored, showing at a glance the comparative density of the population of each State and territory; Increase and Decrease of Population, 1890-1900"—illustrating the per centage of increase of each national subdivision; similar maps of Cuba and Porto Rico respectively. Of medical and climatological interest are maps and diagrams illustrative of the comparative mortality of the various infectious diseases in the twelve principle cities of the United States; Diphtheria mortality of New York, Massachusetts, Philadelphia, England, London, Chicago, Berlin, Paris, and etc., showing graphically the pre- and post-antitoxine death rate; mortality from anesthetics; ratio of deaths to inhalations; maps showing variations of altitude, sunshine, rainfall, etc., of different sections of the United States; schematic design showing comparative elevation above sea-level of the principle health resorts, with climatological and meteorological data relating to each. Other attractive charts represent the division of the population of each State and territory as regards city and country dwellers; color, race, etc., etc.

If we kept on, this notice would resolve itself into a table of contents of one of the most interesting, useful and instructive books of reference and general information ever published, either forgratuitous or paid circulation. The manufacturers of LIQUID PEPTONIDS, HEMABOLOIDS and LACTOPEPTINE, who intend to present this handsome, artistic, instructive and unusually expensive souvenir to their friends in the medical and dental professions will be pleased to receive and file requests for same.

PARIS EXPOSITION, A. D. 1900.

Awarded highest prize to William R. Warner & Co. in their class for the recognized superiority based upon the following claims:

The Exhibit consists of Soluble Sugar and Gelatin Coated Pills, Parvules, Dosimetric Granules, Elegant Granular Effervescent Salts, Compressed Tablets, including a series of Effervescent Tablets, comprising Lithia Water, Kissingen Water and Vichy Water Tablets; standard Medicinal Fluid Extracts, Medicinal Elixirs, Syrups and Wines, and a line of Superior Pharmaceutical preparations made in accordance with the recipes indicated by the United States Pharmacopeia, the formula of famous medical men and specialties of original invention.

MESSRS. WARNER & Co. claim for Soluble Coated Pills, and Granules, quick solubility, accurate subdivision of the drug, the use of selected excipients in making the mass, avoiding incompatibility and insuring quick disintegration and a thorough assimilation of the medicament. The inner mass is thoroughly protected from atmospheric influences by the soluble coating as applied, presenting at once a form of medicine which is reliable and permanent and not affected or impaired by age. They possess decided advantages over the ordinary pill of the pharmacy, extemporaneously prepared, in that the minute division of powerful chemicals is more readily reached by accurate processes and facilities invented and used specially for the purpose.
