## BEAR US IN MIND

We are now placing our orders for Spring and Summer Goods and will have the finest selection ever imported by us. It's rather early to talk Spring stuffs, but from 1st to 10th March finds the bulk of our new Prints, Sateens and Wool Dress Materials in, so there are really only two months to look ahead.

Our sample system will be more complete than ever.

## NAMES AND CASH

are what we want, one is as important as the other. This is the greatest offer we have ever made. The books are handsomely bound in paper and you cannot get them from any book store for less than 25 or 30 cents each. We make the offer in order to get the names of people who would probably like to take Progress. We place faith in your judgment and rely upon you to choose the names with care, avoiding all those who get the paper now. We are also anxious to test the value of an advertisement in this journal.

EDWARD S. CARTER, Publisher

N. B. If you want the books sent by mail send 14 cents in stamps or make your post office order \$1.49. By the way, we still have that great bargain, Allen's reprint of Webster's Dictionary, for \$1.95 or rather with Progress for one year for \$3.95,—the paper must go with the book.

THE report of Dr. Inch, Chief Superintendent of Education for New Brunswick, for the year ending June 30th, 1891, is at hand. The whole number of pupils enrolled during the year was 68,992, an increase of 469 over the previous year. St. John County made the highest per centage of attendance, and among the incorporated towns St. Stephen made the highest average for the year, though surpassed by Woodstock during the second term. The total amount expended for education was \$419,546.75, or an average cost per pupil of \$6.08. There was an increase of \$24.11 on the average salary of first class male teachers; a small decrease on second and third male and first class female, and a slight increase on second and third class female teachers' salaries. There were forty-nine superior schools in operation the first term and forty-six the second term, and there were thirteen grammar schools in operation during the year. More advanced work was done in the superior schools than in a majority of the grammar schools. "These facts," the report states, "indicate unmistakably the neces-
