

CANADA

RECUEIL DES TRAITÉS, 1944

The Secretary of State of the United States
to the Canadian Ambassador

DEPARTMENT OF STATE

Washington, May 3, 1944

ECHANGE DE NOTES

Excellency:

I have the honor to inform the American Government
in the proposals set forth in your note of May 3, 1944, and that it
has no objection to the additional diversion of 100,000 cubic feet of water per
second on the Canadian side of the Niagara River under the conditions stated
in the note. It likewise agrees that the two countries should
be instructed to take all feasible steps to minimize the effect of the
diversion upon the scenic beauty of the Falls.
