

usually saves time, handling costs increase. Shipment via the East Coast is often done by direct loading, thereby reducing handling costs.

All major Canadian ports on east and west coasts, as well as on the Great Lakes, are serviced by numerous Japanese and other foreign steamship lines. Detailed information on schedules and ports of discharge can be obtained from the Department of Regional Industrial Expansion (DRIE), Service Industries Branch, Tel: (613) 995-8107.
