

All Past Presidents are also ex-officio members.

Judging from our last Meeting in Canada (Winnipeg) it will not be possible for many of our business men to spare the time to attend, so that we shall be mainly Professors of Engineering.

I expect to be able to come to Canada and look forward with much pleasure to seeing you then.

I was extremely sorry to see in this morning's paper that Prof. Harkness died yesterday. I had hoped very much to see him again next year.

With kindest regards,

Yours sincerely,

(Sgd.) C. G. COKER.
