

Howick, Que. Nov. 22nd, 1926.

To Sir Arthur Currie,

Principal Mc Gill University,
Montreal.

Dear Sir,

Your reply to my letter of the 11th. received a few days ago. Although in that letter I criticized the Church Property Commission for their decision regarding Howick, after hearing the inside story, told by our Minister, Mr. D. McLeod, I think I can say that our people are satisfied with your decision. It seems you laid ^{down} general principles upon which you based your decisions, and to give us a Church, would have meant a sacrifice of principle.

We ought to be broad minded enough, and big enough to look at it from your viewpoint, and never to forget the stupendous task laid upon you. I don't think you will hear any more complaints from Howick.

Yours respectfully,

D. C. Mac Donald.
