

country where Patents are granted, and are first class reliable men. We have no connection with men who are not thoroughly trustworthy and skilful. Inventors may consequently safely trust their interests in our hands, and should give orders for their Foreign Patents as soon after making application in New Brunswick or Canada as possible. In Great Britain and in other European countries, Patents are granted for foreign inventions, to those who first introduce them into these countries, irrespective of the original inventor. For this reason many important and valuable inventions have been lost to the discoverer, from the delay in making his application; and frequently from placing the business in the hands of irresponsible or dishonest parties styling themselves "Patent agents," many of whom may be styled "Patent sharks," seeking what they may seize and appropriate. Avoid all such, and employ none but responsible, well known, skilful solicitors, thoroughly posted up in the business, and who have a name to uphold.

Our foreign business is yearly increasing, and we recommend inventors to give us a trial, promising, if they do so, to give every satisfaction. We also, if so instructed, undertake the sale of foreign patents, on a reasonable commission.

Models are not required, as a rule, in any of the European countries, but the drawings and specifications require to be made with the utmost care in order to comply with their legal requirements, which are very strict. Many valuable patents have been lost to the inventors by minor errors having been made in some of the documents. Our papers are revised by first-class legal men of each foreign country before being deposited in the respective Patent offices; and we have peculiar pleasure in stating that, up to the present time, not a single error has been detected in any of the numerous applications we have filed.

The average cost of obtaining letters patent in some of the leading European countries is given, provided no opposition is made, by parties claiming to be the inventors, to the granting of the same. When such cases occur, we contest the point, and have succeeded, in many instances, in carrying our clients successfully through. Where such instances occur our charges are very moderate, and these occur principally in Great Britain, where each application has to be advertised in the *London Gazette*, for the purpose of giving
