

CHAPTER VI.

	PAGE
The Products of Inflammation: 1. Serum; 2. Liquor Sanguinis—Fibrin—Coagulation—Development—Hypertrophy, True and False—Atrophy—Induration,	52

CHAPTER VII.

Products of Inflammation—Degeneration of Lymph—Corpuscular and Fibrinous Elements—Cause of each—1. Pus: How formed; Different ways found—1. Abscess; 2. Diffused; 3. Upon the Surface—2d Form of Degeneration of Pus—Fatty; 3d. Calcareous; 4th. Pigmental—Blood as a Product—Changed Mucus,	57
--	----

CHAPTER VIII.

Treatment of Inflammation—In its First Steps—1. Nature as a Guide. 2. Prevention of Further Progress. 3. Sedatives. 4. Cold. 5. Heat. 6. Stimulants. 7. Astringents,	65
--	----

CHAPTER IX.

Treatment continued—Evacuants, including Derivatives, Emetics, Purgatives, Diuretics, Diaphoretics—General Bleeding—Direct Evacuation of Blood—Cupping—Leeching—Puncturing—Counter-irritants—Rubefacients—Pressure,	74
---	----

CHAPTER X.

Constitutional Treatment—Special Medicines—Antimony—Mercury—Opiates—Veratrum Viride—Aconite—Nitrate of Silver—Potash,	84
---	----

CHAPTER XI.

Treatment of the Products of Inflammation—Of Serum—Liquor Sanguinis—False Hypertrophy—Induration—Atrophy—Degenerated Lymph—Pus—Abscess—Pointing of Abscess—Diffused Pus—Mucus—Blood,	90
--	----
