IMPORTANT MILITARY ORDERS ANNOUNCED

Instructions issued by Toronto headquarters on authority of Ottawa deal with the matter of members of the Canadian Expeditionary Force who wish to transfer to the Royal Air Force as flight-cadets or mechanics.

The non-commissioned officers and men who wish to transfer for the purpose of becoming flight-cadets will be listed as not available for overseas drafts.

Applications for transfer to the R.A.F. for service as air-mechanics will be considered from N.O.'s and men only if they are in lower medical category than A.

Any men who reverted to civil life at the time of the Royal Flying Corps changing to the Royal Air Force will be in Class I under the Military Service Act.

Applications for transfer to the R.A.F. for service as air-mechanics will be considered from N.O.'s and men only if they are in lower medical category than A.

Funeral from above address on Friday, Aug. 16, at 3 p.m. Interment in Mount Pleasant Cemetery.

CRERAR WANTS HANDS TO WORK ON FARMS

Ottawa, Aug. 14.—Hon. T. A. Crerar, minister of agriculture, make an urgent appeal to residents of towns and cities who have had experience in farm work to assist in harvesting operations.

In a statement to the press, Mr. Crerar said that the Government is anxious to have as many hands as possible to assist in harvesting operations.

Large areas in western Canada have suffered very severely. However, eastern Canada, on the whole, promises to reap a very excellent crop, and labor must be forthcoming to take this off.

"In the recent registration of the man and woman-power of Canada almost 200,000 men of various ages who registered in eastern Canada and who have been raised on farms or had worked on farms expressed their willingness to assist in doing farm work when necessary. To those I direct this appeal especially. With this number willing to help no difficulty should be experienced in saving every bit of crop."

The Canadian Pacific is advertising \$12.00 rate to Winnipeg for farm laborers.

SWEDEN THREATENED.

Germany's Control of Baltic Causes Alarm in Stockholm.

Washington, Aug. 14.—Germany is threatening the Swedish maritime and commerce situation in the Baltic to such a degree that, according to a special despatch from France today, the Swedes are greatly disturbed.

Formerly the great flood of traffic in goods and passengers between Finland and Central and Western Europe passed thru Sweden towards Denmark and Germany by the great railway and steamship lines. Now Germany has diverted this traffic and is making it pass thru Estonia and Livonia.

TORONTO LABOR MEN ISSUE MANIFESTO

Set Forth Their Views Regarding War and Like Problems.

The following manifesto has been issued by officials of the Toronto Labor party with a view to clearing up some alleged inaccurate statements: During the past four weeks a persistent campaign of misrepresentation and inaccurate statements has been directed against the Labor party of this city and, as those who are engaged in this campaign have not approached the Labor party to inquire what are its principles and aims, as the dictates of justice would demand, the executive of the party deems it a service to try to place before the public its attitude towards the war, its aims, and what methods it proposes to carry them into effect.

The Labor party has ardently and consistently supported the prosecution of the war to a successful conclusion, and believes that while Labor has interests peculiar to itself, it has greater interests which are human and all inclusive, and, recognizing the war as a struggle between militarism to triumph and the cause of Labor would be set back a century.

War's Leveling Effects. The party believes that nations, like individuals, are subject to the eternal principles of truth, morality and justice, and that a league of nations co-operating on these principles is sound and true internationalism.

The party believes that nations, like individuals, are subject to the eternal principles of truth, morality and justice, and that a league of nations co-operating on these principles is sound and true internationalism.

STEAMER KELLOGG SUNK BY GERMAN U-BOAT

New York, Aug. 14.—Torpedoed without warning at 6:10 o'clock last evening, the steamer Kellogg sank in three minutes, and members of her crew on coming ashore here today.

The force of the explosion was terrific, they declared, and the seven missing men who were in the engine room are believed to have been killed. No submarine was seen, according to Capt. White.

The survivors, in small boats, rowed for three hours toward shore, when a freighter took them aboard.

In Old Age

Health and comfort in old age depends largely on keeping the liver and kidneys in healthful action.

Pains and aches, stiffness of the joints, lumbago and rheumatism tell of poisons left in the blood by sluggishness of the liver and kidneys.

People in advanced years hold Dr. Chase's Kidney-Liver Pills in high esteem because of the promptness and certainty with which they awaken the action of kidneys, liver and bowels.

LEASIDE BOOMING THO HANDICAPPED

New Bus Line Helps, But Better Transportation Still Needed.

HAS PROMISING FUTURE Street Car Facilities Would Do Much for Import-ant Suburb.

The Town of Leaside, now rapidly developing owing to the big munition works, and the establishment of the C. N. R. yards and shops, and the location there of the Royal Air Force camp and other industries, is handicapped by lack of reasonable and regular transportation, altho there has been an improvement of late over the old jitney service by a fifteen-minute bus service in his opinion, would develop (Farnham ave.) and Leaside, with a ten-cent fare each way. But this is insufficient, it is estimated that the daily population of Leaside is between 5000 and 6000 people and therefore quick and regular transportation of the people is one of absorbing interest.

Between 60 and 70 work people are usually late each morning for the workmen's train, and arrive much behind time by the bus route, which according to the statements of many munition workers and soldiers is a Transportation Solution.

The only solution is the extension of the St. Clair avenue municipal car line across Yonge street, thru Moore Park or a civic line thru Rosedale, past the military hospital and thru Moore Park and direct to Leaside, is the opinion of George H. Wilkinson, councillor of the Town of Leaside, who added that a regular street car service in his opinion, would develop the town in a remarkable degree and attract a large residential population.

Much building activity is at present in progress in the town. The large new shop in connection with the Leaside Munition Works is well advanced and when completed will employ thousands of people.

The new C. N. R. ten-stall round house and turn table is nearing completion. The repair shops and office buildings are advanced and the Francesechini contracting firm is rapidly grading the ground in preparation for the lay-out of tracks for the new railroad yard.

Owing to the C.N.R. new tracks covering the main road to Thorncliffe Park, it is anticipated that a new head bridge may have to be provided. The residents affected thru the blocking of the road by the tracks are Robert Davies, the Thorncliffe Racing Association, and George H. Wilkinson.

On account of the lack of dwelling houses, the Leaside Munition Works have given instructions to complete their unfinished houses in the town, commenced before the war. According to an official of the company, it is expected that the 150 houses contracted for by the company some time ago, and of which about 40 were commenced and not finished, will be proceeded with as soon as possible.

Labor conditions are ideal in Leaside, according to the statement of William Doolan, a member of the Amalgamated Society of Engineers and executive committee, who is engaged at the Leaside Munition Works. "The plant is on the best of terms with organized labor," said Mr. Doolan to a reporter yesterday.

"Leaside is to become an important residential center and a large number of officials and workmen will require to reside in the locality," said a prominent C.N.R. man yesterday. "Many houses would be erected at the present time in Leaside by railway men and others, but for the prohibitive price of building material," he said.

THOUSANDS OF MEN REQUIRED FOR HARVESTING IN WESTERN CANADA.

Thousands of men are required to help in the work of harvesting the western crop. The C.P.R. has completed arrangements to transport to the west this great army of workers.

Part of those going from points in Ontario to Manitoba, Saskatchewan and Alberta extra trains will be operated out of Winnipeg (the distributing point) without charge.

Going trip west, \$12.00 to Winnipeg. Returning trip east, \$18.00 from Winnipeg.

Consult C.P.R. agents regarding transportation arrangements west of Winnipeg.

Going Dates. August 20—All stations in Ontario west of Smith's Falls, up to and including Toronto, on Lake Ontario Shore Line, and Havelock-Peterboro classed new stations Kingston, St. Lawrence Junction, Inclusive, and from Station Toronto to Parry Sound inclusive. From stations, Bethany Junction to Fort McNicoll and Burkston-Bobby-geon.

August 22—From stations west and north of Toronto, up to and including Hamilton and Windsor, Ont., on Owen Sound, Walkerton, Teeswater, Wingham, Glora, Listowel, Goderich, St. Mary's, Fort Burwell and St. Thomas branches, and stations Toronto and north to Bolton, inclusive.

Further particulars from any C.P.R. Ticket Agents, or W. B. Howard, District Passenger Agent, Toronto, Ont.

BRITISH MOVE ONWARD ON VIEUX-BERQUIN LINE

London, Aug. 14.—The hostile armies of the Allies are now on the battle-front. There was no infantry action.

At mid-day yesterday local hostile attacks in the Diebouch sector were repulsed. During the night the enemy artillery has shown considerable activity in this neighborhood and also against our positions northwest of Kommel.

The British secured prisoners last night in a successful raid in the neighborhood of Ayelette.

In the Vieux-Berquin sector British prisoners were taken by the French and have succeeded in establishing a line north of the village. A number of prisoners and machine guns were captured in the course of this operation. The British line has been advanced slightly east of Metzereu.

ACTIVITY BY ARTILLERY FROM AVRE TO OISE

Paris, Aug. 14.—The French official statement of today says: Between the Avre and the Oise there was activity by our own and the enemy artillery, notably in the sectors of Sappey-sur-Mats and Conchy-Les-Pots.

On the front of the Vesle German raids were without result. Prisoners were taken by the French during an incursion into the German lines in the region of Meall-Les-Buis. The night was calm everywhere.
