

Coca-Cola

The Great Temperance Beverage

AMONG modern business men, and with the rising cult of younger men, the most marked tendency of the day is toward STRICT TEMPERANCE.

In this connection Coca-Cola admirably fills the universal American demand for a strictly temperance beverage, which is at once delicious, refreshing and absolutely harmless; AND WHICH STANDS FOR THOSE TRULY AMERICAN TRAITS—HEALTHY ACTIVITY OF MIND AND BODY!

It has been repeatedly analyzed by chemists of National reputation and declared to be as harmless as tea or coffee.

EVIDENCES OF PROGRESS.

Applications for Space Make Another Annex Necessary.

Applications for space at the forthcoming Canadian National Exhibition are numerically a long way ahead of any previous year, and they have been increasing by scores every year of late. So numerous are they this year that the executive have already determined to erect an annex to accommodate the overflow. Another gratifying evidence of the exhibition's development is the great increase of revenue received for concessions. This year it is already \$4000 in excess of last year, and that was a record. Yet a third gratifying testimony to progress is the fact that an exhibition of thoroughbreds from Kentucky and of Shires from the Lincolnshire fair is promised, while breeders in Illinois and Indiana have written announcing their intention to make exhibits of red polled cattle and Jerseys.

WILL FRAME TREATIES.

Boundary and Fishing Disputes to Be Settled by British Ambassador.

Washington, July 3.—Sir Henry Mortimer Durand, the British ambassador, expects to visit Canada this summer, and it is believed that when Secretary Root and the ambassador return to Washington in the fall they will be able to frame satisfactory treaties for the adjustment of the boundary and fishing disputes between the United States and Canada.

Kepler Old Boys' Reunion.

Hesper, July 3.—The old boys' reunion was continued to-day. The morning entertainment was a water polo match on the river, followed by water polo and other sports. Baseball matches at the park in the afternoon, and a display of fireworks in the evening closed the program. About 8000 persons took part in the celebration.

EVER HAVE CRAMPS?

Kind of nerve to be tied up in a knot at midnight with cramps. Keep Nerviline handy. Ten drops quiet cramps instantly. Used occasionally Nerviline prevents this trouble entirely. From Stratford, Ont., Wm. Deo writes: "Nothing I know of will give such quick relief to cramps, colic or pain in the stomach, as Nerviline. If you feel queasy or sick, just ten drops of Nerviline in water, and you're well again."

Summer Suits

We are making a specialty this season of two-piece suits, which for yachting, pleasure or even business are as much a necessity as the negligee shirt.

Overcrowded on the Metropolitan.

The World is in receipt of a letter of complaint concerning the holiday traffic on the Metropolitan, which is a part:

"We attempted to come home at 5 o'clock and we waited from 5 until 9 in a vain attempt to get on a car. I counted 22 people as near as I could count, waiting at the gates at Bond Lake and spread along the road from that to Curtis' half a mile up. We made no provision for refreshments, except for our lunch, and every farm house and restaurant was cleared out. I had my wife and servant, two little girls and a year-old baby with me for party, and you can imagine what a wasp against. At 9 o'clock we managed to get wedged on to an overcrowded car and stood all the way to Toronto with the infant in arms. The servant girl was wedged in amongst a lot of hoodlums on the rear platform and fainted at Glen Grove Park, in which condition she was obliged to stand in an upright position, wedged in amongst."

TO NATURALIZE JEWS.

Montreal Citizens Form Committee to Undertake Campaign.

Montreal, July 3.—(Special.)—The naturalization of ten thousand Hebrews in Montreal and district is to be immediately undertaken by a special committee appointed for that purpose with Dr. A. Campbell as chairman. Leading Jewish citizens have not been satisfied with the slow manner in which the Jews are adopting citizenship, not because the Jews are adverse to being naturalized, but there is no determined action taken to urge upon them the advisability of becoming actual British subjects.

"BABY-FARMERS" BLAMED.

For the Killing of Infants, Bodies of Which Are Desecrated.

The supposed murder at Chesley of a 4-weeks old infant is being investigated by the provincial department of justice. Preliminary poisoning by carbolic acid and subsequent precipitation from a church window are the features of the case at Port Credit recently, in which the tiny victim was about 3 weeks old, and one in the west end last week, has led to the suspicion that an apparent epidemic of infanticide is not the result of maternal heartlessness, but is due to the rapacity of baby farmers or similar criminals.

HON. DR. REAUME RETURNS.

PORT HOPE VOTES TO-DAY

ON PUBLIC LIGHT PLANT

But There's a Feeling of Uneasiness That Telephone Franchise May Go With It.

Port Hope, July 3.—(Special.)—Tomorrow the property owners of Port Hope will vote on a bylaw giving the town council authority to spend \$10,000 in installing a municipal electric light plant. There is a strong sentiment in favor of public ownership in Port Hope, and were the question not complicated by other considerations, the bylaw would undoubtedly be carried by a large majority. But as it is the fate of the bylaw is very doubtful.

One occasion for this is that if the bylaw is passed and a municipal plant started, it will involve giving an exclusive telephone franchise to the Bell Telephone Co., and the refusal of the Hope-Clarke Telephone Co. to petition the council for an exclusive franchise is a serious matter in Port Hope.

The Hope-Clarke Telephone Co. is a rural organization composed of farmers living in the townships near Port Hope. It has already a large list of subscribers and its lines connect Orono, Newcastle and many other villages.

This independent company is anxious to be allowed to establish a switch board in Port Hope. It has for several years met with the strenuous opposition of the Bell Telephone Co., and if the electric light bylaw is passed the Bell Telephone Co. will score a great victory over the independent company, which will probably eventually force it to sell its lines to the Bell.

If the bylaw is carried and the municipal lighting plant started it is understood that the council intends to make use of the Bell Telephone Co.'s poles for lighting purposes. In return for the privilege of using its poles the Bell company asks for an exclusive franchise in Port Hope for five years. This, if granted, effectively kills the opposition of the rural telephone company, so far as Port Hope is concerned.

It will damage the business of the rural company in the neighborhood of Port Hope, because the farmers will naturally desire connection with Port Hope, and it will be of great disadvantage to Port Hope. It will prevent the business men of the town from obtaining connection with the farmers who are subscribers to the rural company, and it will tend to divert trade from Port Hope to other towns and villages. For this reason there is strong opposition to the bylaw in Port Hope.

There are also other arguments being used by the friends of the Port Hope Light Company, with some effect, against the bylaw. The friends of the company, which is a local enterprise, owned by Dr. Corbett, say that the bylaw has been promoted by Dr. Corbett's personal enemies in the town council, that the company's rates are reasonable and the service good. They also declare that the assessment of the company has been made much higher than is reasonable compared with other assessments, owing to the enmity of the council. They say, too, that the council's proposal is an unbusiness-like one and impracticable as well.

It is also urged that the proposal to put lighting wires on telephone poles is dangerous.

On the other hand, the council's friends say that the local company's rates are so high, and that this is the only way to obtain lower rates. It is, however, a fact that the council has made a public statement of the details of its proposal, and it is not known at present whether the proposed municipal plant is to be run by steam or electricity, or where it is to be located, or what the cost of erection of plant will be. The lack of information given by the council is another reason that will tell against the bylaw.

"UNDER TWO FLAGS."

Benefit Performance at Majestic Theatre an Artistic Success.

"Under Two Flags" received a splendid presentation by a company of local amateurs under the direction of Miss Rachel Lewis at the Majestic Theatre last night. The event, which was in aid of Park Synagogue, was under the patronage of the various Hebrew organizations, which also contributed to the cause, a remarkably strong one, all things considered, rendering support to Miss Lewis, which the late offering and the excellence of the presentation, but the audience went away in well satisfied mood.

As "Cigarette," Miss Lewis gave a character as high as developed a capacity for clever and finished acting. She gave an admirable portrayal of the character of the wilful, dashing, volatile little heroine, K. Rosenbloom, as Louis Victor, the Englishman, who is seeking forgetfulness in the clash of arms was convincing and effective. Joseph Harris, playing the part of Berkeley Cecil, Joseph Danson of London, Rockingham, and Ben Levi of Cal. Chateaufort, gave excellent character sketches. H. S. Taube was funny as Raki, the Irishman, and Kendal Moore was the conventional Jewish money lender of the stage. Samuel Gurofsky, Joseph Levinsky and Ernest Rudd

York Township Council.

At the York Township Council meeting yesterday, John McDonald wished to have a bridge on Bathurst-street, north of St. Clair-avenue, raised. He was told to get every property owner concerned to sign an agreement waiving land damage claims.

A petition for a sewer on Don Mills-avenue was referred to the solicitor and engineer.

A large deputation from Reed-avenue asked permission to assume the avenue as a township road. They were told to consider if they want a sidewalk on both sides of the street, or only on one, and to come back in two weeks. Council will grade the street.

J. S. Robertson asked permission to erect a sign on Weston-road, leading to the consumptive hospital, and to build a shelter. There is, however, a legal objection to this.

The Ontario Vegetable Growers' Association received a grant of \$25 for the exhibition at Massey Hall in November.

Robert Bell, market gardener, of Todmorden Plains, complained about cattle and pigs running at large. It was explained that he should seek redress from the county council. Both Mr. Bell and Poundkeeper Haxton said that the whole complaint simmered down to one man, who for years had been a nuisance to the neighborhood, and that the Humane Society should look after his pigs. The trouble was referred to the solicitor.

Mr. Lacey was granted \$15 in full of damages sustained by his horse breaking thru a culvert.

Jas. R. Montgomery offered \$350 for lots Nos. 42 and 44, plan No. 24, south side of Davenport-road, for land to be expropriated to open up the street. Mr. Gray will accept nothing less than \$350.
