WOMAN MURDERED.

Mrs. Charlotte Saunders Found Dead in Her Back Yard—Two Negroes Under Arrest. Brooklyn, Oct. 29.—Mrs. Charlotte Saunders of West Meadows, near Coney Island, was found murdered in the yard back of her home at 9 o'clock last night. Beside her body was a dagger with blood on the blade. Her skull had been fractured and her jawbone broken. Mrs. Saunders was about 32 years old and in poor health. It is thought robbery could have been the motive for the deed.

THE CABOT CELEBRATION.

Encouraging Prospects of Co-operation From Various British Societies. A meeting of the Canadian Historical Exhibition Committee was held yesterday when the report of Mr. Gustaf Hopkins, who visited Great Britain for the purpose of securing co-operation for the Cabot celebration next year, was read. Mr. Hopkins reported that he had met the officers of Bristol, the port from which the Cabots sailed on their voyage of discovery, and the Earl of Jersey, Lord Fitzroy and other gentlemen, who have signified their readiness to assist the Royal Colonial Institute and their co-operation, as well as that of the British Empire League, as soon as the work of organization in Canada is complete and the necessary financial aid secured.

Something in This Nature. Said an old traveler recently to a representative of The National Hotel Reporter: "Whenever I travel between the east and the west it is with a very decided sense of relief and satisfaction that I reach the four-track system of the New York Central Railroad, either end of the route. The four parallel tracks of this great line gives one a feeling of security and safety quite unlike that which may be experienced on any other road. In addition to this feeling of safety, there is the added satisfaction of the knowledge that everything possible is being done for one's comfort as well as the convenience of the service. The locomotives are the finest and most up-to-date in the world, and the employees are invariably polite and attentive. The Great Railroad, which one often sees employed in its announcements, is no misnomer. The New York Central is just what it claims to be.—National Hotel Reporter.

Chartered Accountants. The Institute of Chartered Accountants held their first meeting of the fall series in the City Hotel last evening. Mr. G. E. Edwards, president, Mr. Charles E. Stone gave a very able address of half an hour's duration on the cost of taxation. He held that the present system of taxation was imposing a heavy burden on the people, and that a fairer system should be adopted.

McLaughlin Under Suspension. New York, Oct. 29.—Inspector Wm. McLaughlin, who was reinstated on the police force by the Court of Appeals, has been restored to his old position, but is now under suspension. The Court of Appeals granted him a new trial in the case which led to his suspension, and his case will not be called for trial again.

Third Day of the Parliament at Pembroke—Papers of Interest Read—The Election of Officers.

Pembroke, Oct. 29.—This was the third day of the Parliament. The meeting was called to order at 8.30 o'clock this morning by the President, Mrs. Thornley. Mrs. F. S. Spence of Toronto conducted the opening devotional exercises, and the minutes of yesterday afternoon's meeting having been read and approved, the recording secretary, Mrs. Cosford of London, read greetings from the Hamilton conference of the Women's Missionary Society and from the Council of the Dominion Alliance, in the latter of which the request was made that the usual annual appointment to the Alliance be made. The greetings were received with hearty applause by the delegates, and the corresponding secretary was directed to send them appropriate replies.

Mrs. Hunter of Pembroke then presented the report on "Lumbermen's Work," and after a short discussion it was adopted. The report having been disposed of, Mrs. Brownell gave notice of motion to be brought up at the next annual meeting, and the constitution to provide for the admission to county or district unions of life members, and the union election, on the condition that the applicants sign the pledge to contribute in the former case and in the latter case \$1 per annum.

Mrs. Thornley gave notice of motion to amend article 2 of the local constitution by striking out the words "Be regular fee" and substituting therefor, "A fee, the amount of which shall be determined by each union." In accordance with a notice of motion given at the last meeting, Mrs. Thornley moved: "If, at the expiration of three months, any officer elected by the union shall be found incompetent for any reason unable properly to perform the duties of her office or department, the office or department shall be considered vacant. Should the retiring officer be an officer of the union, then the elector her successor, and should she be a superintendent, the sub-Executive shall nominate and subject to a short discussion, but finally adopted.

The Credentials Committee handed in their report, showing that 38 delegates had handed in their credentials, and a large number were in attendance at the convention. Bowmanville having sent no delegate, Mrs. Higginbotham was appointed to call the roll of the delegates, and then came the election of officers, two sets of tallies to count the ballots having been distributed by Mrs. Thornley, Mrs. Samby, Miss Gordon, Miss Grant, Second set—Mrs. Britton, Miss Miller, Mrs. Haddon, Mrs. Haddon, Mrs. Haddon.

Mrs. Asa Gordon of Ottawa led in earnest prayer for guidance in the request of the president, the vice-president, Mrs. Cavers, took the chair. The ballot president being being counted when Miss Scott presented her report in reference to the election of officers, she announced the re-election of Mrs. Thornley, and the convention rose and sang "Praise God, From Whom All Blessings Flow."

On resuming the chair, Mrs. Thornley addressed the convention, thanking them for their kind renewal of confidence, and expressing the hope that the year to come would in general progress surpass the one just drawing to a close. The discussion on the "Women's Journal" report was then resumed, the financial matters being the first to be taken up. The difficulties under which the paper was laboring, the discussion was held by Mrs. Gordon to call attention to the financial difficulties of the W. C. T. U. throughout the Dominion, and to the financial difficulties of the W. C. T. U. throughout the Dominion, and to the financial difficulties of the W. C. T. U. throughout the Dominion.

The report on "Hereditry and Hygiene" was then read, and the corresponding secretary reported in Mrs. Wiley obtaining 31 votes in the election, and the information in the report was read and approved. The meeting then adjourned for noon, and on re-assembling the day was spent in the usual manner, having been gone through, the tellers announced the re-election of Mrs. Thornley, and the officers for the coming year were elected.

The remainder of the day till 6 o'clock was taken up in answering questions from the question box. To-night Miss Slack of London, Eng., secretary of the International Women's Temperance Union, addressed the public on W. C. T. U. and temperance work, from the pulpit of Calvin Church.

Morston Frewen Believes That Bryan Will Be Elected—A Paris Paper Wants to Make a Deal With Germany in Regard to Egypt—English and French Papers Will Not Let the Bismarck Revelations Drop Out of Sight.

Stima, Oct. 29.—A Sepoy belonging to the British-Indian troops stationed at Fort Sandeman ran amuck yesterday evening and killed Lieut. Yeates of the Royal Engineers, Lieut. Downes of the Bombay Lighters, and two private soldiers, besides wounding Lieut. MacLeachlan. The murderer was captured.

THE SULTAN YIELDS. A Better State of Affairs is Noticeable at Constantinople Regarding Armenia.

Constantinople, Oct. 29.—Since the conference of the Russian Ambassador, M. de Neldoff, and the Sultan, it is noticeable that there has been another change for the better in the attitude of the Armenians in particular and the reform policy in general. It is known that M. de Neldoff used very plain language, and it is apparent that the Sultan was convinced that the Russian Ambassador and his advisers towards the Armenians in particular and the reform policy in general.

ABOUT OUR SOLDIERS.

Ottawa Military Officers Ridicule Toronto Officers, REGULARS AND VOLUNTEERS.

The Permanent Corps Was Formed for Schools of Instruction.

General Gascoigne Will Go to the Pacific Coast—The Slaughter Continues at the Public Works Department—Ottawa Members Have a Hard Road to Travel With the Office-Hunters—Major Mason of Hamilton Talked of for the Command of the Militia Team—General News from the Capital.

Ottawa, Oct. 29.—(Special.)—The attempt of a little coterie of officers in Toronto to create ill-feeling in the Militia in the permanent corps is ridiculed by officers of the force here, who recognize the important services which our "regulars" are conferring upon the militia at large. So far as your correspondent is able to ascertain, the object of the permanent corps is to do away with the anomaly of junior officers instructing their seniors, as has been the case sometimes when senior officers of the force have gone to the different schools to qualify for step in rank.

AS TO IMMIGRATION. Rev. Dr. Robertson, Superintendent of Presbyterian Missions in the Northwest Territories, visited the Department of the Interior to-day. He will spend the next six months in Scotland and Ireland, and will do his utmost to send out a desirable class of settlers to this country.

PORPOISE FISHERY. The Marine and Fisheries Department has received a number of applications from parties in the Gulf of St. Lawrence to participate in the white porpoise fishery, which is said to be growing in importance.

PERSONAL AND GENERAL. Sir Richard Cartwright left for Toronto to-night. Controller Peterson, returned from Montreal to-day.

Father Paradis, the head of the French-Canadian colony in Northern Ontario, was in town to-day, and had an interview with Hon. Mr. Scott. Mr. Cosgrove, Inspector of Weights and Measures for the County of Lambton, who was charged by the local member, Mr. Henri Bouchard, with the duty of inspecting public places, has been dismissed.

Petitions for the exclusion of Chinese from Canada are still in circulation in British Columbia. Sir Charles Tupper leaves for England in a few days.

To-day Hon. R. W. Scott, Acting Minister of the Interior, presented to the House of Commons a report of the Geological Survey Staff, on behalf of the Royal Geological Society, each with a gold watch, as a token of appreciation of their services to geographical science.

Dairy Commissioner Robertson has been informed that a shipment of filled cheese has gone to England from the Western States via Montreal. The shipments will be taken to prevent further shipments of this kind.

Most of the members of the Supreme Council of Scottish Rite Masons left for home to-night.

WAS STONE THE VICTIM? Speculation as to who the Man Was Who Jumped Over Niagara Falls.

Niagara Falls, N.Y., Oct. 29.—The latest report is that the man who went over the falls by jumping off Prospect Point several weeks ago is neither A. H. Barton of Ontario, nor John P. not J. Ferrieh of Buffalo, but John Stone of this city, a man aged between 35 and 40. Stone has been identified by the day of the suicide, and had threatened to jump off the cantilever bridge.

At McMaster Hall. The Fifteenth Society of McMaster University appropriates one day each month to the study of religious, historical, foreign, and to spiritual work in general. On this day all lectures are suspended and the students hold their own sessions of the green spots of their college life.

As to the statement that the permanent corps are claiming a higher status than the militia force, it may be conceded that the permanent corps men only devote twelve days in two years to the force. As to the statement that the permanent corps are to be regarded as an insult to the force generally, one officer of the local corps, who has been in the militia force for some time, has expressed his interest, said the only observation which need be made about it was "truth."

GENERAL GASCOIGNE. Major-General Gascoigne has now been in command of the Canadian forces about a year. The General finds that his duties in the Militia Department have kept him so tied down that he has not been enabled to visit the different parts of the country and make the acquaintance of the local corps, which he would have liked to do. However, he has been enabled to form a pretty general knowledge of matters concerning the militia force, and with the posting which he has thus gained, he purposes to do more outside work next season. He will make a point to get out west to the Pacific coast.

THE DECAPITATIONS. These are stirring times among outside employees of the Public Works Department. Sixty is the total number laid off in the last batch, and it is said there are now only two men of the old staff who have not received their pay. It was reported to-day that 25 new workmen had been engaged, but this could not be verified. It is said, however, that within the next few days a big batch will be put on.

THE WEEKLY SEANCE. Messrs. Hutchison and Belcourt, the two local members, this afternoon held the first of their weekly seances since the season. The crowd of hungry office-seekers who gathered that they overflooded from the Reform Club rooms down the stairway and out into the middle of the street. It was a tiresome job for the members. Mr. Belcourt did the reception act with his usual courtesy grace, then our friend William put the applicants through a course of sprouts, while Napoleon jotted down the answer. When William told the applicant to "git," which he did. It took some of the first arrivals fifteen minutes to get clear of the crowd after they had interviewed their representatives.

THE NEW D. R. A. RANGES. Several of the officers who have been in town attending the meeting of the council of the D. R. A. to-day went over the sites of the proposed new Dominion rifle ranges at Rockcliffe and Hintonburg. The general impression is that the proposed site at Rockcliffe is the preferable one, as there is less likelihood of restriction being placed on the site, and the increase of dwellings in the vicinity.

THAT REORGANIZATION. Sir Richard Cartwright had a conference to-day with the two controllers, Sir Henri Joly and Hon. Wm. Patterson, and their deputies, Mr. Miall and Mr. McDougald, in reference to the proposed reorganization of the Militia.
