What Happened to Smith.

Mrs. A. F. Wright keeps a small store at Niagara and Portland streets, and supports her husband who is an invalid. About two weeks ago she gave her husband some money to pay a bill when the collector called. In the meanime John Smith, a driver for a cigar dealer, brought some supplies and presented a bill for 70 cents. While putting his hand into his pocket to get the change, Mr. Wright accidentally pulled out a \$20 bill and it dropped on the floor. Smith picked it up and hurried away. In the Police Court yesterday Smith was sent to the Central Prison for four months.

A Respected Resident Gone.

Thomas Lilley died at 4 o'clock yesterday morning at his late home, 325 Dundasstreet. Mr. Lilley has been suffering for a month, but was not considered dangerously ill until h day or two ago. Deceased was 63 years of age, having come from Northampton 23 years ago. He was an active worker in Wesley Methodist Church, holding the office oftrustee. As a florist and gardener there were few better known in the city, and as a neighbor none more respected. A widow and three daughters remain. The funeral will take place tomorrow afternoon to Humbervale Cemetery. To-Day's Millinery Show. Twice a year ladies grow interested in the styles of headgear to be worn for the summer and fall seasons. The firm of McKendry & Co. have come to be looked upon as leaders in all that pertains to nillinery art, and to-day the ladies are invited to inspect what this energetic firm have gathered together, from the markets of Europe and America, as well as the product of their own excellent staff of A Trio Rounded Up.

John Dowie, 182 Harbord-street, is in custody on a charge of housebreaking registered against him. It is alleged that Dowie, in company with John Woodhouse. 61 Agnes-street, and George Taylor, 189 Adelaide-street west, went to the home of Matilda Burch, 24 William-street, and stole of teapot, in which they got a quart of beer, Mrs, Burch notified the police, and the trio were arrested by P.C. Wallace (225). Woodhouse and Taylor are held for trespass. of Europe and America, as well as the product of their own excellent staff of artists. No doubt their lovely showrooms will be crowded with the fashlonable people of the attraction. 

### ANTI-COCAINE

We want to emphatically state that in our new ancsthetic for the painless extraction of teeth we have an innovation that is a boon to all patients.

Cocaine, which is the most generally used local anesthetic, will render the patient senseless of pain, but the after effects of its use are nearly always more painful than the operation itself. Our new method employs no cocaine, and we positively agree to refund the money where any soreness or swelling of the gums is produced.

Ald. Sheppard said if the East End were satisfied with land built up upon rotten dogs, rotten cats and rotten eggs, they were welcome. He did not think it was light to sort their garbage and sand all factory returns. International Commissioners, who re-as-semble to-day, Mrs. Hardy and Mr. S. F. were welcome. He did not think it was right to sort their garbage and send all the rot through the heart of the city to the West End.

There was much contention along this line, but the recommendation carried and the crematory will be closed.
