RADICAL BODY WHOSE AIM IS SOVIET RULE IN CANADA DISCOVERED IN HAMILTON

Official Who Resigns From Organization Declares That Objects of Association Include Distribution of Foodstuffs for Unemployed, Share in Profits Made by Employers, and a Demand That Work Be Provided for All.

Hamilton, Jan. 21.—The disquieting information that a radical body, known as the International Soldiers' and Workers' Association, which aimed to establish a form of soviet rule in Canada, had been organized and operating here for more than two weeks, leaked out this morning. An official who resigned from the body's executive on Saturday, declared that in two weeks the association had obtained a membership of nearly 300. Its aims include a distribution of foodstuffs for the unemployed, a just share for the workers of all profits made by employers, a demand that employers be compelled to provide work for all, and in case they refused, that the factories be taken and operated by the workers.

GREECE PLANS TO FIGHT MOVE TO REVISE PACT

Premier Rallis Declares His Country Will Resist Attempt to Change Treaty.

LOOKS TO AMERICA

King Constantine Expected to Sign Credentials of Greek Delegates.

Athens, Jan. 31.—Greece will resist any attempt to revise the Allied-Turkish treaty at the conference to begin in London on February 21, Premier Rallis indicated yesterday. He asserted Greece was occupying Smyrna by virtue of a mandate from the Allies, and expressed conviction that the United States would say the final word as to the alterations in the terms of the treaty. While discussing the conference to be held in London, it was said by M. Rallis that King Constantine would probably sign the credentials of the Greek delegates.

QUEBEC GOVERNMENT NOT LIKELY TO PUT UP \$20,000,000 FUND

Proposal to Relieve Housing Problem Not Received With Much Enthusiasm.

Quebec, Jan. 31.—A campaign started by certain circles in Montreal towards having the Provincial Government float a loan of twenty million dollars for a housing scheme has been noted here in legislative circles with a very mild degree of interest. There is no prospect of the Government giving its countenance to any such proposition. The total debt of the province is \$38,000,000, and there would not be any support here towards a proposal to almost double it in a scheme that is speculative, out of the line of sound provincial enterprise, and at best described only as a remedy on a very small scale for a temporary condition. Twenty million dollars would build only five thousand houses at four thousand dollars each, and this would be but a drop in the bucket, and at the same time would not encourage private building enterprises. Government circles here hope that the housing situation of today will be relieved in a normal manner and within a relatively short space of time because of the lower cost of materials and wages due in the spring.

A New May Christie Story

The Advertiser announces the publication of another compelling, heart-grIPPING love story by May Christie, author of "The Marriage of Ann." May Christie is one of the most popular and highly-paid authors of newspaper serials in the world. Her stories overflow with vivacity and charm. "For Love of Betty" is a genuine love story, with as strong an appeal as the "Rosary." There is action, mystery, duplicity and treachery through which the hero and heroine win to peace and love. It is the sweetest and most humanly appealing of the May Christie serials. The first chapter will be in Tuesday's edition, and will run through all editions of The Advertiser daily.

OFFICIAL OPENING OF BIG MOTOR SHOW TAKES PLACE TONIGHT

Mayor Little, Ald. Bridge and W. Hodgins to Officiate.

MANAGER T. C. KIRBY And Other Officials Have Left Nothing Undone to Make Show Success.

Official opening of the biggest exhibit of motor-driven vehicles that has ever been gathered together in London will take place tonight at the Armories at 8:15 o'clock, the officiating gentlemen being Mayor E. S. Little and Ald. John Bridge, president of the London Chamber of Commerce.

The doors will be opened to the public at 7 p.m. T. C. Kirby, manager of the show, has announced in order that those who desire to participate in, or witness the official opening ceremony may be able to secure positions.

Every effort possible to make the show one that will mark the advancement of automobile growth not alone in London but in Western Ontario in a manner that will not be easily forgotten, and that shall usher in a new period of activity and growth is being made. Visitors will, it is stated, be present from Ottawa and Montreal, as well as from many distant western points. The efforts of the Automobile Association to promote the success of the show are attracting much attention in all parts of the province.

The show will be open for the whole week and special entertainments have been arranged for each day. A committee in charge of the show have been ordered for the show to be open to the public at 10 o'clock this morning. The building has been well heated and seats have been placed in the galleries, so that visitors may rest, and at the same time listen to the musical program which has been arranged.

Large crowds are anticipated according to reports by members of the executive committee, who all declare that greater interest has been shown by manufacturers and the general public in the arrangements for this show than any previous occasion. For this reason a large number of automobiles have been ordered to be exhibited in comfort attend as early in the daytime as possible.

LIQUOR LEGISLATION EFFECTIVE IN THREE PROVINCES TONIGHT

Inter-Provincial Trading in Intoxicants Is Nearing End.

SOME HEAVY SHIPMENTS

Doctors Will Be Restricted to One Hundred Prescriptions Monthly.

Winnipeg, Jan. 31.—Inter-provincial trading in intoxicating liquors ceases at midnight tonight in Manitoba, Saskatchewan and Alberta, and shipments which have not crossed the provincial borders by that hour will not be delivered to the addresses. Trading in liquor has been heavy in the past few weeks. In Manitoba the forty-one prescription bottle passes into history today. Henceforth doctors are limited in their prescriptions to one hundred 12-ounce bottles monthly.

INVESTIGATION BEING MADE IN HOTEL FIRE

Death of Miss Kahler Today Makes Thirteenth Victim.

Hoboken, N. J., Jan. 31.—The death resulting from the fire which destroyed the Hotel Colonial here, today totaled 13, seven women and six men. The thirteenth victim, Miss Blanche Kahler, 38, of Jersey City, died today in a hospital here. Two men, badly burned, are in the institution, where it was said their condition is serious. Two investigations were under way today as a result of the fire. Fire department officials started an inquiry to determine the cause of the fire, while the police department investigated the manner in which the hotel was conducted. Charges of Fire Chief Gladys of Hoboken that whiskey bottles were found in some of the rooms caused the second investigation.

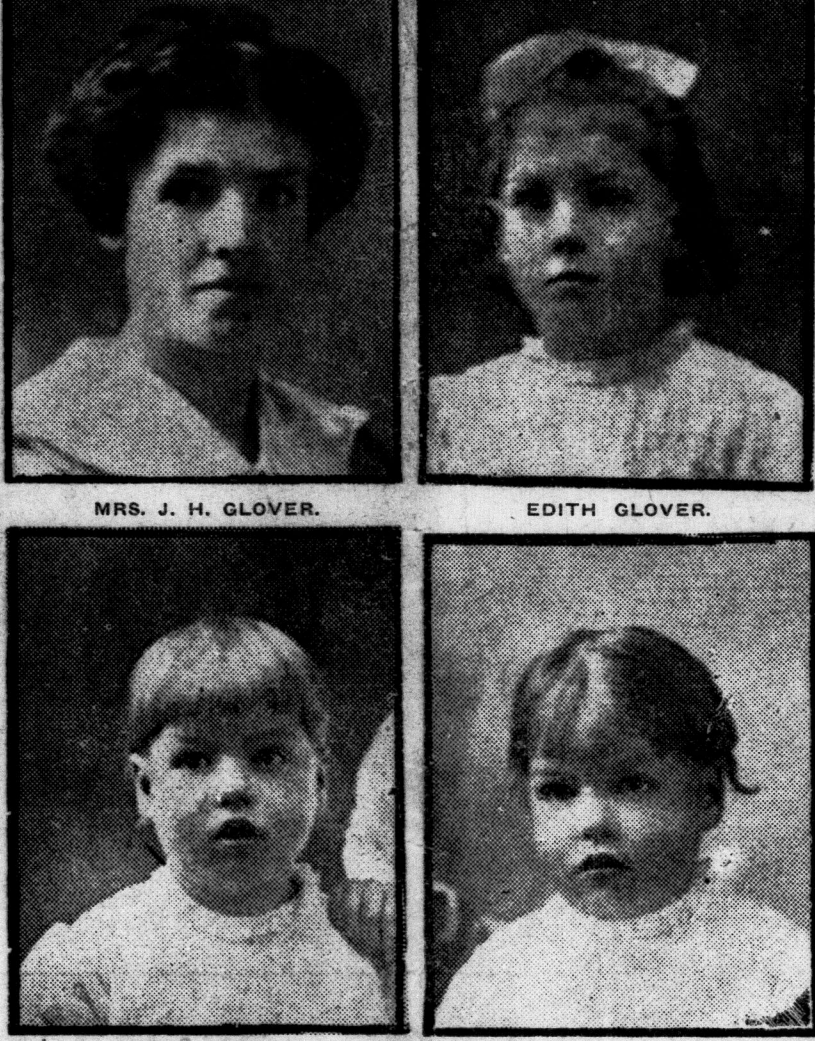

The bodies of five of the victims, three women and two men, remained unidentified this morning.

GOVERNOR PANKHURST OF MAINE SUCCEUMBS

Was Victim of Diphtheritic Infection Under Tongue.

Augusta, Maine, Jan. 31.—Frederick H. Pankhurst, governor of Maine, died today. He failed to recover from the effects of a diphtheritic infection under the tongue with which he was attacked three weeks ago. Apparently he was improving until late last night when he took chills and became unconscious. Death followed at 9:15 today.

Mrs. J. H. Glover and 3 Children Victims of Early Morning Fire

BATHURST ST. WOMAN AND THREE CHILDREN DEAD AS RESULT OF SUFFOCATION IN EARLY MORNING FIRE

Mrs. James H. Glover and Small Family Discovered Dead in Bed by Firemen at 6:20 a. m.—Father Notified While at Work—Inquest Ordered for 8 O'clock Tonight.

Mrs. James H. Glover, 519 Bathurst street, and her three children, Edith, Grace and Margaret, aged 8 years, 3 years and 18 months respectively, were suffocated in bed when fire broke out in their home at 6:20 o'clock this morning. Two other children, Louis, aged 12, and Mary, aged 10, are wards of the Children's Aid Society, and are on a farm near London. An inquest was held at 8 o'clock this morning, and the coroner's jury returned a verdict of death by suffocation. The fire broke out at 6:20 o'clock, and the firemen arrived at the house at 6:30 o'clock. The fire was caused by a gas stove which had been left burning. The firemen found the family in bed, and the fire had spread to the ceiling. The fire was extinguished at 7:30 o'clock.

No Insurance.

Mrs. Glover was an English widow. The four oldest children were Mrs. Glover's only children. The family was insured for \$200. Prior to several years in the war, Glover served several years in the imperial army.

When the firemen arrived on the scene they found the door between the kitchen and the dining-room closed. The fire was for the most part confined to the kitchen, but the heat and smoke which had escaped under the door was intense in other parts of the house.

Had the door been open the family would probably have received sufficient notice to escape, it was said. As the heat was confined to the kitchen at first, it and the smoke would have escaped through the open door. The firemen found the family in bed, and the fire had spread to the ceiling. The fire was extinguished at 7:30 o'clock.

LARGE CROWDS PAY LAST RESPECTS TO LATE REV. V. V. NOX

Public Funeral One of Largest Witnessed in City in Years.

SERVICE IN CHURCH

Boys of Sunday School Attend Funeral in a Body.

One of the largest public funerals held in London for some years marked the burial of Rev. V. V. Nox, pastor of the First Presbyterian Church in Mount Pleasant Cemetery this afternoon. At 2 o'clock a private service was held at the home of Mr. Nox, 344 Hyman street, and theasket was afterwards removed to the First Presbyterian Church where a large attendance of public service was held.

Rev. J. W. M. Crawford of Westminster, moderator of the Presbyterian Board of Christian Education, presided at the public service and Rev. D. C. MacGregor read the funeral service. Rev. W. H. McIntosh in a brief address drew attention to the great strength of character of Rev. Mr. Nox and outlined his activities along the lines of religious education for every boy and girl in the community.

Rev. J. M. Duncan, representing the Board of Presbyterian Publications, Rev. Dr. J. C. Robertson, general secretary of the assembly and Professor T. Black of Boston University were also present.

When the cortege left the church a large number of the boys of the First Presbyterian Sunday School walked in a body from the church to Dundas street bridge. The pastors acting at the house and to the church were: Kenneth Graham, John Stuart, John Anderson, C. F. W. MacKay, J. Murray, Strathroy and T. Hapty. Those acting from the church to the cemetery were: C. G. W. MacKay, J. Murray, Strathroy, C. G. Scott of Strathroy, G. H. Gillespie, William Turnbull and E. E. Reid.

A profusion of flowers from the various church organizations, clubs, relatives and businessmen of the city adorned the casket.

ROWEY LIKELY TO LEAVE PUBLIC LIFE IN EARLY DATE

Expected to Resign His Seat in Durham Riding.

MAY RE-ENTER FIELD Believed He Might Aspire to Provincial Legislature Seat.

[Special to The Advertiser.]

Ottawa, Jan. 31.—"It is time to give out," said Hon. W. R. Rowley, M. P. for Durham, and former president of the Privy Council, just as he went in to see Premier Meighen this morning.

Mr. Rowley attended the funeral of the late Rt. Hon. A. L. Sifton last week, but this is his first official visit since the resignation from the Government, many months ago.

It has been rumored that Mr. Rowley might completely retire from public life by resigning his seat in Durham, and Mr. Rowley has declined either to confirm or deny the rumor. He has, however, considerable credence is given to it. Mr. Rowley retired with Sir Robert Borden from the Government in 1911, and then set about to reorganize his business interests.

Reasons for retirement were not made public in extensive, but it was generally believed that he considered his connection with the Government ceased when the new National Liberal Conservative party took the place of the Union Government. Since his retirement he has been more or less of a free lance, though he has been an active one of Canada's delegates to Geneva. He is now handling the Ontario Government's case against the Shell, Clark and other lumber companies.

Mr. Rowley, it is believed, would not take any more at home as a member of the House under the changed circumstances than would Hon. R. MacLeod, who has decided to rejoin the Liberals. Already, however, the Liberals have nominated W. T. R. Preston against Mr. Rowley in Durham, a fact which would indicate that it is not welcome to the left of the speaker.

There is a general impression that Mr. Rowley will retire for a time to private practice, and there are rumors that he may again enter the provincial field.

PADEREWSKI WILL RETIRE TO ESTATE IN SOUTHERN CALIFORNIA

Warsaw, Jan. 31.—Notwithstanding the announcement of the resignation of Ignace Jan Paderewski as Poland's delegate to the League of Nations, his friends here contend that the report published in Warsaw newspapers was given out intentionally by his political enemies.

Paderewski, they say, will continue to hold his post.

Paderewski has been resting on his estate in Switzerland since the Geneva conference has been postponed. He is in February for the United States. He will go to his estate in Southern California, there to remain indefinitely.

GIRL IS FOUND AS PRISONER IN HOUSE

Los Angeles, Cal., Jan. 31.—Mrs. Gladys Withrill, who disappeared from here last Tuesday, was found early today, a prisoner in a small house on a sheep ranch eight miles east of Corona, in Riverside County, about 70 miles southeast of Los Angeles, according to telephone messages to The Associated Press.

Where Norman Garfield and Kitty Garfield, upon whose cases so much interest has been bestowed lately, the principals in a little romance? The contents of the notebook which the farmer had in his possession when arrested, seem to indicate that they were in a love affair with the girl. Anyone who knows life at any time has come a love affair will remember the age-old practice of sweethearts writing their names side by side and then striking out the letters in each name. Then the remaining letters are counted and the words "friendship, love, courtship, marriage" substituted. The result was that for "Norman" spelled love and for "Kitty" courtship. However, that is probably as far as the affair progressed, for Kitty claims to be the wife of Denton Garfield, Norman's brother.

The only other entries in the book were "C 2 12777" and "C 1 86766" on the page dated Thursday, April 16.

RELIEF WILL BE GIVEN TO THOSE ACTUALLY IN NEED; DEPUTATION IS INFORMED

Mayor E. S. Little States City Will Not Invoke Provincial or Federal Aid Until Absolutely Necessary—Does Not Favor Any Lax System.

Positive assurance that relief will be given by the city to every person who is actually in need of it, was given by Mayor Little today, following a conference on unemployment with representatives of the labor organizations. The city will do this without invoking the aid of either the Provincial or the Dominion governments unless the burden exceeds the ability of the city to bear it.

The delegation, which was composed of President Arthur Mould of the Trades and Labor Council, A. V. H. J. McGuire, P. D. Burke and Ald. John Ash-ton, said its chief object was to learn whether adequate measures were being taken to provide relief. They suggested that the same plan be adopted here as in Toronto and Hamilton, where relief is given out by the city, two-thirds of the cost being borne by the Provincial and Dominion government.

Mayor Little pointed out that this would not be any improvement on the methods now being followed here, except that it would lessen the expense to the city. So far there had been no question of the ability and willingness of the city to grant relief funds, he said, and as long as possible the council wished to avoid asking Government assistance. Some members of the delegation argued that the Government funds would enable the city to widen the scope of its relief work.

The mayor replied that he did not favor putting in force too lax a system as this might do much harm to the people. It was intended to benefit the poor, he believed that it was better to spend

Krassin Receives Frigid Welcome In Red's Capital

Copenhagen, Jan. 31.—Leonid Krassin, the Soviet representative who carried on the negotiations in London for the resumption of a commercial agreement, received only a lukewarm welcome in Moscow when he returned recently with a Russian proposal for a treaty, the national tide runs has learned. Both Premier Lenin and Maxim Litvinov, the Soviet foreign minister, consider the terms of the treaty unacceptable, the newspaper declared.

BANDITS SHOOT DETECTIVES, ROB DETROIT OFFICE

Downtown Section of City Is Scene of \$10,000 Holdup.

Detroit, Jan. 31.—Three detectives were shot and seriously wounded by three bandits, who this morning held up and robbed the Morton Bond Company's office in the public square downtown. At the hospital it was said two of the detectives probably will die. The bandits escaped with \$10,000 in Liberty bonds, according to the police report.

VIRGINIA BANK IS ROBBED OF \$119,000

Washington, Jan. 31.—The Commonwealth National Bank at Redville, Va., a village 100 miles from here, was robbed of cash and securities totalling \$119,000, and then set afire, according to reports received today by the Washington police department.

STREET CAR EMPLOYEES HAVE THEIR WAGES OUT

Albany, N. Y., Jan. 31.—Notices of a reduction in wages for street car employees, 45 cents an hour, effective at once, have been served on street car employees of the United Traction Company. The present order restores the wage rate in effect June 30, 1920.

PLAN 80,000 MEXICAN ARMY.

Mexico City, Jan. 31.—Organization of the Mexican army, totalling 80,000 men, would be provided under plans drafted by Enrique Estrada, minister of war, and members of the general staff of the army. Compulsory military service would be authorized, being planned that youths between the years of 18 and 20 would be enrolled.

WILL CREATE COMMISSION TO DISTRIBUTE GRANTS IN QUEBEC

Quebec, Jan. 31.—The Provincial Government will shortly bring in a bill providing for the creation of a commission to supervise the distribution of provincial grants to charitable and other institutions. The commission will take over the amusement taxes all over the province, and give each municipality one-half of the amount collected in its boundaries, with the proviso that this half shall go to the institutions. The other half of the commission will distribute as it sees fit in all parts of the province. For an institution to be entitled to assistance from the fund of the commission it will be necessary that the municipalities in which such institutions are located shall contribute to their support, with the exception, however, that this shall not apply to municipalities where there is no revenue from amusements. In such cases the commission will aid the institutions whether the municipalities do so or not. This really means that the test of whether a municipality can aid a hospital or other institution is determined by whether it can get anything from amusements.

SEVENTY-FOUR COUNTRIES

Thirty-Four Less Than Record for January, 1920.

116 BOUNCING BABIES

Born to Fond and Doting Parents—Marriage Bells Ring for 55 Couples.

Like many old adages, the one which declared that a green winter was a fat churchyard must now go in the discard, if London's vital statistics for the first month of the year are anything by which to judge. Few winters could be greener than the present one, yet the grim reaper claimed only 71 citizens during the 31 days of January. Forty-five of these were males. This is exactly 28 less than in January last year, when there were 112 deaths. Last winter was one of the coldest in the history of modern times, and many inches of snow hid all indications of green grass and herbs from sight. The influenza epidemic at that time added greatly to the toll, but the epidemic may have been greatly increased by the cold weather. Sixty-eight males died that month and 44 females.

Not only is the outlook for the year a promising one from this standpoint, but the birth rate also is higher. There were 156 births during the month, 64 of which were boys and 92 girls. This compares favorably with January, 1920, when there were 109 births, 56 boys and 53 girls.

January was not as popular as a marriage month as it was in 1920. There were only 53 marriages this year, compared to 60 in 1920.

WOULD COMMUTE DEBS' SENTENCE

Washington, D. C., Jan. 31.—President Wilson refused today to commute the ten-year sentence imposed upon Eugene Debs for violation of the espionage act.

Washington, Jan. 31.—Commutation of the sentence of Eugene Debs, effective next February 12, has been recommended to President Wilson by the department of justice. It was learned today at the White House.
