It is stated that the Suburban Railway Co. were stringing their wires on certain poles on Dundas-street...

The matter was at once taken up at a meeting, at which the managers of both the Stark and Suburban companies were present.

The Suburban company, under their agreement with the city, have the right to erect poles and transmit power and light until council passes a by-law prohibiting them.

When the poles are constipated and you have stomach trouble and headache, try Dr. Hamilton's Pills; they are so mild you can scarcely feel their action...

As you value life itself, never use medicine that racks the system. Costiveness is bad enough, but violent cathartics are the limit.

When the bowels are constipated and you have stomach trouble and headache, try Dr. Hamilton's Pills; they are so mild you can scarcely feel their action...

You risk nothing in using Dr. Hamilton's Pills, because they are guaranteed to give you relief.

Mad according to the formula of one of the greatest physicians that ever lived, Dr. Hamilton's Pills are bound to give you relief.

Dr. Hamilton's Pills are mild.

SHIMONESE WAS THE BEST OF THE LOT

length of time C. J. Fitzgerald, then the state and now steward at Woodbine, found it necessary to keep the twenty-three contestants at the post, out of a grand total of the great Doncaster and of the almost equally as great Spendthrift...

And here it might be remarked, as has been remarked before, if Mr. Seagram did not own the winner, at least he once owned the dam of her name, Spark, the daughter of Spendthrift and Torchlight, by Speculum, and a full sister to Lamplighter.

Well do I remember the night of Martindale's Futurity Day, how it thundered and lightened and stormed and how I had to face the elements when a more than usually big husky messenger boy fused to carry out The World office.

To return to Shimoneese—Her dam Laddie was first on the King's Plate. That was in 1902, previous to which year the race had been known as the Queen's Plate.

Some people thought prior to Saturday's race that Shimoneese would weaken. That that was a false belief, founded as it was in the fact that she answered when the final call was made on her last year, was abundantly proven.

How the Race Was Won. The others proved a sorry lot and were badly strung out. Dog of War, who was fourth, evidently could not handle his 124 lbs., while G. W. Cook's despatch outsider, Desert Star, beat the runner-up, Desert Star, beat the runner-up, Desert Star.

It has been said that Tolendal, the second horse, is well bred. He is, for his sire, imported Todington, was by Syson's sire, Master of the Mint (Kidare) out of Minerva, by St. Simon's sire, Galopin, and his dam, Delicia, by the unbeaten Emperor, and sire of great speed and grandeur of imp. Lemington and Child Harold.

Of this year's third, Fort Garry, it is hardly necessary to say just as far as his sire, Fort Garry, is concerned, he is a fine specimen of the breed.

As soon as Gilbert popped the question in earnest she readily consented to be married, and was handed under a pull by four or five lengths, a like distance and more separating Mr. Seagram's Tolendal from the utterly-done Fort Garry.

The others proved a sorry lot and were badly strung out. Dog of War, who was fourth, evidently could not handle his 124 lbs., while G. W. Cook's despatch outsider, Desert Star, beat the runner-up, Desert Star.
