

## HOME FOR INCURABLES HOLDS ANNUAL MEETING

Large Audience Receives Various Reports With Exceptional Interest.

### DEATH RATE HIGHER

Three Hundred and Twenty-Nine Patients Treated—Deficit to Be Met.

The forty-second annual meeting of the Hospital for Incurables which was held at the institution yesterday afternoon attracted a fairly large audience who listened to the various reports with exceptional interest. Sir Mortimer Clark was in the chair and Sir John Hendrie had a seat on the platform. Lady Hendrie was also present.

The meeting was opened with devotional exercises by Rev. Dr. W. F. Wilson. The medical report was read by Dr. Edmund E. King. There are 222 patients in the home and 222 were treated during the year. Of these 73 died, the death rate being slightly higher than in other years, a fact accounted for by the statement that some of the patients now dead had been in the hospital for a great number of years, one having been an inmate thirty years, another seventeen and similar periods.

Miss Groat read the secretary-treasurer's report showing that the expenses for the year were \$46,542.15 and that there was a small deficit still to be met. The daily expense per head is \$3 1-2 cents and Dr. King stated that this was only fifty per cent of the cost of the lowest rate of any similar institution in the city. There are fifty-one physicians giving their services gratis to the house. In moving the adoption of the reports, John Firstbrook and J. O. McCarthy, both testified to the kindness and attention shown the patients and to the efficiency of the work done. Incidentally, Mr. McCarthy stated that from experience he knew that no city on the continent did more charitable service than Toronto, and quoted John R. Mott as saying that investigation had shown that not only had Toronto given more than any other city in the empire since the war began but also that it surpassed any other city at any time.

Rev. J. W. Atkins followed in tributes to the institution. In his address as president Mr. Ambrose Kent referred to the founding of the hospital by Sir Mortimer Clark and James Michie when they found a man afflicted with paralysis and no institution in the city which would receive him. Mr. Kent also pointed out the need for a new cancer wing which would cost \$30,000 and accommodate thirty patients. The present accommodation is filled. He hoped some friend might come to the rescue in the situation.

The following were elected to the board of management: Mrs. Grant Macdonald, Miss Morimer Clark, Mrs. G. R. Baker, Mrs. J. P. Balfour, Mrs.

A. Cowan, Mrs. William Davidson, Mrs. A. Roy, Mrs. Forsyth Grant, Mrs. Ambrose Kent, Mrs. Ralph King, Mrs. Saunders, Mrs. Little, Miss Effie Michie, Mrs. Hugh MacMath, Miss McGee, Miss Agnes Nairn, Mrs. S. H. Thompson, Mrs. H. M. ### CATTLE FREELY DUMPED

ON WINNIPEG MARKET  
Poor Crops in Some Districts Force Farmers to Sell Live Stock.

Winnipeg, Oct. 26.—Live stock has been pouring into Winnipeg at an unprecedented rate for the past week, due partly to a fear of a strike on one road, but more particularly to heavy liquidation from districts where returns from rusted crops are small, and farmers are selling cattle for ready money. Today there are 4,000 head of cattle in the union yards, and some 40 cars have been run over the old C. P. R. yards.

The Public Markets Limited, have thought it wise, therefore, to put an embargo on receipts until Sunday night, in order to get a chance to clean up and have a fresh start.

## "FEEL LIKE A NEW BEING"

"Fruit-a-tives" Brought the Joy of Health After Two Years Suffering.

MADAM LAPLANTE

35 St. Rose St. Montreal, April 4th. "For over two years I was sick and miserable. I suffered from constant headaches and had palpitation of the heart so badly that I feared I would die. There seemed to be a lump in my stomach and the constipation was dreadful. I suffered from pain in the back and kidney disease. I was treated by a physician for a year and a half and he did me no good at all. I tried 'Fruit-a-tives' as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no headaches, no palpitation, no heart trouble, no constipation, no pain or kidney trouble and I feel like a new being—and it was 'Fruit-a-tives' that gave me back my health."

### SETTLERS FLOWING IN

Steady Influx From United States Since Beginning of War.

Montreal, Oct. 27.—According to J. S. Dennis, assistant to the president of the C. P. R., was head of that railway's department of natural resources, the flow of American settlers into Western Canada points since the beginning of the war has been constant and is increasing. He made this statement this morning in answer to questions submitted to him by the Dominion's Royal Commission, sitting in Montreal to inquire into trade conditions of the empire.

Commissioner Sinclair, of New Zealand, inquired if the American settlers in Western Canada became Canadians in the technical sense of the term, and Mr. Dennis replied that a large number of them became naturalized Canadians and took an interest in provincial and municipal politics, but they were not concerned as other Canadians were in the great struggle the empire was making today.

Mr. Dennis said the total land grants to the company were 27,777,921 acres, all situated in Manitoba, Saskatchewan and British Columbia. There have been sold 2,576,827 acres. The sale of the 21,000,000 acres approximately realized \$100,896,817. Some of the land sold had come back to the company thru the failure of purchasers to pay their instalments, about 7,000,000 acres.

### POLICE COLLECT TAX.

Guelph, Oct. 27.—The plan of having the police collect the poll tax and paying them 15 per cent, of all they collect is working well. The largest amount previously collected in any one year was a little over \$700.

### A MATTER OF UNITY.

Who is willing to admit that any countryman is more patriotic or responsive to high appeals than a Canadian? No one who has this position couldn't be rounded off with the same sterling interpretation of patriotism in the matter of product purchases. Take, for instance, the great array of foreign tires used in Canada. Then consider that Dunlop tires are at your bidding and that "Tractor" and "Special" on their record admit of no superior.

### This Ointment Possesses

### Power to Heal the Skin

Two Cases Which Prove the Extraordinary Healing Power of Dr. Chase's Ointment.

The use of Dr. Chase's Ointment is wonderfully satisfactory because you can actually see the results accomplished. It is surprising what change can be brought about in a single night by this great healing ointment.

Mr. George Beavis, 119 James street, Peterboro, Ont., writes: "As a healing ointment, I consider Dr. Chase's the best obtainable. I had a large running sore on my leg, and although I had tried all the prescriptions of two doctors I was unable to get any relief from the pain or to get the sore healed. One day my druggist handed me a sample box of Dr. Chase's Ointment, and I used it with such good results that I decided to give the ointment a fair trial. Altogether I used four boxes, and am glad to be able to say that the sore on my leg is entirely healed up. Since this experience with Dr. Chase's Ointment I have recommended it to many people."

Mrs. W. W. Oliver, Port George, Annapolis Co., N. S., writes: "I am going to tell you my experience with Dr. Chase's Ointment. There was a spot came on my face something like a mole, but it kept getting worse, and I had to be out or burned out. I intended having this done, but changed my mind when my brother recommended Dr. Chase's Ointment. Before I had finished one box of the ointment this skin trouble had gone, and has not bothered me since. I cannot praise Dr. Chase's Ointment too much, and you are at liberty to publish this letter."

If you have never used Dr. Chase's Ointment send a two-cent stamp for a sample box, and mention this paper. Price sixty cents a box, all dealers, or Edmundson, Bates & Co., Limited, Toronto.
