

HERE IS A DRINK WORTH TALKING ABOUT

LIME FREEZE

A drink that is absolutely pure. Made with fresh limes, fresh mint and other pure fruit juices, blended with the right proportion of properly carbonated water, it makes a combination that is **Just Right**.

As healthful as it is refreshing. The juice of the lime is now recognized as being an important factor in warding off many ills of the summer season.

LEFT HIS CRUTCHES AT SHRINE OF ST. ANNE

Quebec, Aug. 16.—Weeping for joy and walking quite freely on a leg that was diseased for sixteen months, Edmond Bouchard, 89, married, and living at 404 Allard street, Montreal, returned to Quebec yesterday evening from St. Anne De Beaupre, after having left his crutches at the foot of the statue of the Miraculous Saint.

Mr. Bouchard said he is a cement polisher at the Canada car works and sixteen months ago sustained a double fracture of the right leg when a thousand pound brace fell on him. He says he underwent operations both at the Western and at the Notre Dame Hospitals and was under the care of the best specialists in Montreal. He says that at the last operation he underwent his ankle bone was removed and that he was five months with his leg stretched on a chair.

Why Toil in an Overheated Kitchen

These Lovely Days?

Why, think of it. You're simply wearing yourself out standing over a hot coal range or wood stove, and working with kindling, coal ashes and dirt; and there's really no need of it, for you, like hundreds of other housewives, can avoid such drudgery by using

New Perfection Oil Cook Stove

which will give you a cool, pleasant kitchen free from dust, dirt and ashes, so you'll have much more time to enjoy glorious summer days, and yet the New Perfection will do all that a coal or wood stove will do—do it as well or better, and with a big saving of fuel and labor.

We show the New Perfection in various styles. Call and see them

THE POPE'S APPEAL TO BELLIGERENT NATIONS

(Continued from page 1.)

Restoration of Territory

"If, for certain causes, there exist particular reasons, they would be deliberated upon with justice and equity but these specific agreements with the impenetrable advantages to be derived from them are impossible without a reciprocal restoration of the present territory occupied."

"Consequently on the part of Germany the complete guarantee of her full political, military and economic independence towards it."

"The evacuation of French territory. On the part of other belligerent parties similar restitution of the German colonies."

"As regards the territorial questions, as for example those which have arisen between Italy and Austria and between Germany and France, there is reason to hope that, in consideration of the immense advantages of a durable peace, the parties in conflict would wish to examine them with a conciliatory disposition taking into consideration, as we have said formerly, the aspirations of the peoples and the special interests and of the general welfare of the great human society."

"The same spirit of equity and justice ought to be followed in the examination of other territorial and political questions, notably those relative to Armenia and the Balkan states and territories of Poland, whose noble and historical traditions and sufferings which it has endured, especially during the present war, ought to conciliate the sympathies of nations."

"Such are the principal bases whereon we believe the future reorganization of the peoples ought to be built. They are of a nature to render impossible the return of similar conflicts and to prepare a solution of the economic questions so important for the future and for the material well-being of all belligerent states."

"Therefore in presenting to you, who direct at this hour the destinies of the belligerent nations, we are animated to see them accepted and to see thus the conclusion at an early date of the terrible struggle which more and more appears a useless massacre."

Honor of Armistice Safe

"The whole world recognizes that the honor of the armies of both sides is safe. Incline your ears therefore to our prayers. Accept the fraternal invitation which we send you in the name of the Divine Redeemer, the Prince of Peace. Reflect on your very grave responsibility before God and before man."

"On your decision depend the repose of the life of thousands of families, and the joy of thousands of people for whom it is your absolute duty to obtain their welfare."

"May the Lord inspire your decision in conformity to His Very Holy will and His Most Excellent Majesty's acceptance of your contemporaries will also obtain in the future generation the splendid name of peacemakers."

"As for us, closely united in prayer and in penitence with all those faithful souls which sigh for peace, we implore for you the light and counsel of the Divine Spirit."

ARREST IN HALIFAX OF ST. JOHN BOY ON CHARGE OF THEFT

Following closely upon several juvenile breakings which have taken place in the city recently, three suspects were known by the police to have left the city. Through the activity of Chief Simpson, one of the three has been taken into custody at an hotel in Halifax, according to word which the chief received this morning. Word was immediately wired back to hold the young offender in the city and the chief of police will bring the youthful offender back to the city. His work is large but it is expected that their arrest will only be a matter of time. Just how many of the breaks in the city this delinquent can account for has yet to be seen but it is thought that a good start has been made in rounding up the guilty ones.

STRIKE THREATENS TO DELAY QUEBEC BRIDGE

Quebec, Aug. 16.—Some thirty men working to finish the centre span of the Quebec Bridge, struck Monday evening. The foreman having decided to retain the hour's pay for their having left the work in five minutes ahead of time. Attempts to settle the trouble are being made, for if the strike should continue, the completion of the centre span would be delayed and if the span is not ready by a certain time to enable the contractors to benefit by the highest tide, it may take months to make another attempt at joining the centre to the two cantilever arms. As it is, the placing of the centre span of the bridge has been set for the third of September next, date of the highest tide.

SCHOONER DAMAGED

On last Sunday night while the schooner J. Howell Leedes was riding at anchor in Vineyard Haven, she was run down by a tug which was badly damaged above the water line. She was in charge of Captain Ricker and was en route from New York to this port. The schooner will be towed to Boston where she will be repaired. J. Willard Smith is her local agent.

C.P.R. PROTESTS AGAINST SIZE OF TAX BILL

Solicitor Says Value of Company's Property is \$1,600,000, instead of \$6,500,000—Council Hears Explanation

At a meeting of the common council in committee this morning, Fred R. Taylor, acting for the Canadian Pacific Railway, submitted the railway's objection to being taxed on a valuation of \$6,500,000 worth of property in the city of St. John. The mayor and Commissioners Wigmore, Russell and Fisher were present.

Mr. Taylor said that the value of the property owned by the C. P. R. in the city amounted to about \$1,600,000. He based the valuation on the insurance, which he thought was a very fair way. The new elevator at West St. John, Mr. Taylor valued at \$75,000. The old elevators were valued at \$47,000 and \$26,000, and the contents of the two old buildings at \$75,000. The valuation of the new elevator at \$600,000 included the contents. Their city land the C.P.R. valued at \$10,000. They have 17.42 acres in the city on the east side. In West St. John they have 41 acres; also 38 acres under water; this they value at \$5,000 per acre. The main line tracking their value at \$10,000 per mile, while their siding they value at \$5,000 per mile.

Commissioner Russell recommended that copies of the valuation be given to the mayor and commissioners. His Worship explained that the council did not have the authority to reduce the assessment as this matter was entirely in the hands of the assessors, who were sworn to do their duty. However, he said, the council would hear the arguments of the C. P. R. and would then confer with the assessors. He impressed upon Mr. Taylor that the council would not have the authority to instruct the assessors to reduce or increase the C. P. R. assessment, but might suggest some exchange. His Worship went on to explain that the local government had fixed the sum which St. John was to give for patriotic purposes and that sum was \$150,000. This money, he explained, was to benefit the soldiers and sailors and he thought that the C. P. R. was entitled to pay their share.

Mr. Taylor said that they were willing to pay their share, but they considered that they had been over taxed.

Mr. Taylor mentioned that the Atlantic Sugar Refinery had been over-taxed and that the city taxed them this year for a sum between \$5,000 and \$6,000.

His worship, in reply to this, said that the sugar refinery paid up very promptly and he thought that they set a good example for some of the larger concerns.
