President Wilson on last Thursday made a notable speech in favor of women suffrage, giving it full indorsement as an issue in every state. He re-defined his position on this subject in a stronger manner than on other occasions, replying to the request of representatives of the New York State Woman Suffrage Party for support in the campaign there for an amendment of the constitution to give the ballot to women. He asserted that this war was forcing fundamental questions to the front for solution and classed woman suffrage as one of the fundamentals.

More than fifty officers and workers for suffrage in New York state journeyed to Washington in special cars and were received by the president in the White House at two o'clock. I know the difficulties which you have been laboring under in New York state, so clearly set forth by Mrs. Whitehouse, but in my judgment those difficulties cannot be used as an excuse by the leaders of any party for neglecting the question which you are pressing upon them. Because, after all, the whole world now is witnessing a struggle between two ideals of government. It is a struggle which goes deeper and touches more of which goes deeper and touches more of the foundations of the organized life of men than any struggle that has ever taken place before, and no settlement of the questions that lie on the surface can satisfy a situation which requires that the questions which lie underneath and at the foundation should also be settled and settled right. I am free to say that I think the question of woman suffrage is one of those questions which lie at the

Our foresight in placing British mills under contract and our tremendous purchasing power enable us to give the men of Canada the same great value at the same old price \$15 for a Suit or Overcoat.

We figured it out, and here's our conclusion: While clothiers and tailors all over Canada have raised their prices, we will continue at the same old price, \$15more men will come to us than ever before. So on a basis of a tremendously increased business, we maintain both our high values and our low price.

We have added two new links to our Great Chain of Tailor-Shops-St. Hyacinthe and Shawinigan Falls. We now own and operate 20 conveniently located tailor-shops-where the thinking men of the Dominion can pick out the fabric and style of their choice from over half a thousand fine woollens.
